PUBLIC INVITED TO ELKS' MEETING

Patriotic Program Prepared to Do Honor to the Country's Flag.

Anaconda, June 14.—A general invitation is extended to the public to attend the flag day exercises of the Anaconda lodge No. 239 of the B. P. O. E. tonight at 8:30 o'clock at the Margaret theater, while a special invitation has been extended to all the patriotic organizations and all such societies having uniforms are requested to wear them to the meeting.

J. Bruce Kremer of Butte will deliver the principal address, so the audience may be assured of a most patriotic and scholarly talk. Music will be furnished by the Elks' orchestra, with J. C. Ludders as leader. The vocalists are Mrs. Paul B. Bailor, Walter Quilliam and the Anaconda Glee club. The audience is requested to join in the singing of "America" and "The Star Spangled Banner." The ritual work of the order will be given and in addition the two following special Elk numbers: "The Flag Record," by Ed C. Johnson, and "The Elks' Tribute to the Flag," by C. I. Emerson. Souvenir programs will be distributed.

BOWMAN HEADS THE CAMPAIGN COMMITTEE

Anaconda, June 14.—E. J. Bowman was last night elected campaign manager of the campaign to raise \$15,000 in this county for Y. M. C. A. work in the army and navy during the week, June 18 to 25. The following committees will assist:

Mrs. W. C. Capron, chairman; Mrs. W. A. Bower, secretary, and L. R. Funk, treasurer.

IN BUTTE SEARCHING FOR BODY OF COUSIN

Professor Jukanovich Fears the Body Has Been Buried.

Anaconda, June 14.—Prof. E. V. Jukanovich of the School of Penmanship of Anaconda is in Butte today searching the various undertaking establishments and the public morgue for the body of his cousin, Mike Jukanovich, who is believed to have perished in the North Butte mine disaster.

The name of Mike Jukanovich appears on the list of missing sent out by the North Butte company, but the missing miner has not been identified as any of the bodies that have been brought up from the mine and it is highly probable that it has been buried with the many unidentified bodies.

Besides Professor Jukanovich, the closest relative to the missing man in this country is Bosko Padovich, another cousin, who lives in Butte.

Mike Jukanovich was a single man and lived at 427 North Wyoming street, Butte. He had only been working at the Speculator mine one month when the terrible catastrophe occurred. It is believed that he was working on the 300-foot level at the time.

ARRESTED FOR HANDING OUT CIRCULARS JUNE 4

Paul Kriskovich Fails to Show Card—Investigation is Being Made.

Anaconda, June 14.—Paul Kriskovich was arrested yesterday afternoon by Chief O'Brien. He is alleged to have been the peddler of the anti-conscription circulars which were distributed in Anaconda on the night of June 4. Chief O'Brien has been looking for Kriskovich for several days, but it is said that he was in Butte until yesterday. He claims that he registered in Anaconda in the Sixth ward and an investigation is in progress to learn if that is true. He had no certificate, but according to his story, that is because the agents were short on cards at the time.

He objected very strongly to arrest. He was taken to the county jail this morning to await further investigation.

MOOSE DONATE \$1,000 TO BUY LIBERTY BONDS

Anaconda, June 14.—Anaconda lodge of the Loyal Order of Moose subscribed \$1,000 to the Liberty loan bonds last evening and decided that all members serving with the government will be carried in good standing during service. John Rees and C. M. Stafford were named as delegates of the Anaconda Moose to the national convention at Pittsburg next month.

TO SEE SUSPECTS.

Anaconda, June 14.—Sheriff Hartzell left for Lewistown last evening to look over two men who were arrested there on suspicion of having been implicated in the holdup at the Three Mile house four weeks ago when Kuzma Padovich and Miss Agnes Keough were wounded by bullets fired by the bandits.

MILLER FUNERAL.

Deer Lodge, June 14.—The funeral of George S. Miller, who died Tuesday morning, will be held from the family residence on Milwaukee avenue at 2 o'clock Friday afternoon.

ATTENTION, ELKS!

You are requested to meet at Elks' hall at 8 o'clock this evening to participate in the flag day exercises to be held at the Margaret theater at 8:30 o'clock. H. N. BLAKE, E. R. F. H. CLINTON, Secretary.

CITY TREBLES BOND PORTION

Patriotic Anaconda Subscribes \$1,500,000—Only Asked for \$500,000.

Anaconda, June 14.—Anaconda has over-subscribed its quota of the Liberty Loan fund. At noon today the amount secured was \$1,365,000, while the allotted portion for this city was \$900,000. It was expected that late subscriptions this afternoon would swell the sum to \$1,500,000, \$1,000,000 more than was asked.

The amount was raised at the smelters, the works and among citizens. The Daily bank subscribed \$100,000 while personal contributions were made at that bank also aggregating \$292,000. The Anaconda National bank, at which the personal contributions totaled \$75,000, took \$50,000 worth of bonds in its own name. Daily, Marcus Daly and others also subscribed for large amounts.

V. E. ("BLACKIE") SMALL FALLS THREE STORIES

Anaconda, June 14.—V. E. ("Blackie") Small fell from the third story of the Leland hotel shortly after midnight. He was taken to the hospital for treatment. No bones were broken but there are internal injuries. Apparently Small was getting ready for bed for he was partially undressed. He was a man frugal and saving in his habits and has borne a first class reputation and the supposition is that he went to the window for a breath of fresh air and was overtaken by a fainting spell.

MOTHER OF HERO IN AUTOMOBILE ACCIDENT

Anaconda, June 14.—Mrs. Mary Duggan, mother of Manus Duggan, the hero of the Speculator mine accident, was severely shaken up in an automobile accident while she was coming from the home of her nephew near Phillipsburg to Butte on receipt of the news that her son was among the missing. She is an elderly lady and was so unnerved by the accident that the full extent of the story of her son's death has not been told her yet. Mrs. Duggan came to Butte a month ago from her home in Philadelphia to visit her son in Butte. A week ago she went to her nephew near Phillipsburg. Mrs. Duggan is at St. Ann's hospital.

ITALIANS SUBSCRIBE TO LIBERTY BOND FUND

Anaconda, June 14.—Seventy Italian carmen at the B. A. & P. shops generously contributed \$4,500 yesterday to the Liberty loan fund. In all \$70,000 was pledged at the railway shops. George Nichols in charge of the warehouse, bought \$1,500 worth of bonds, and Class West, blacksmith foreman, a member of the local camp of the Grand Army of the Republic, invested \$500.

ANACONDA BRIEFS.

Harry Loomis has gone to Lewistown to attend to business affairs. Mr. and Mrs. Richard Hyerman have gone to Los Angeles to spend the summer.

Miss Dorothy Mayland of the public schools has gone to Seward, Neb., to spend the summer.

Miss Eva Huffman of the high school staff left last evening for Charleston, Ill., to visit her parents and relatives.

Ed Krogh will leave this evening for Seattle to attend the meeting of the Scandinavian Brotherhood. He anticipates a pleasant reunion at that time with his brother, a seaman of the United States navy, who is due to arrive in that port within a few days, whom he has not seen for 20 years.

Mrs. J. J. Reid and daughter, Miss Sophie Thomas, leave today for a visit at Tacoma and other coast cities. While in Tacoma they will visit with Wesley Thomas, who is in the U. S. navy.

R. B. Abbott returned last evening from a business trip to Dillon.

Mrs. Mary Montrose was called to Butte last evening by news of the death of her sister, Mrs. Mary Lynch, who formerly resided in Anaconda, where she has many friends.

H. C. Dames, a teacher at the Anaconda high school, left today, accompanied by his wife, for Wisconsin.

Mrs. R. C. Copper, Mrs. J. M. Boardman and J. R. McDonald started today for Chicago.

Mrs. E. R. Capps, who has been making her home in Anaconda for some time, returned today to Seattle.

Henry Reese of Leavenworth, Kas., spent the day in the city visiting with friends.

MOVEMENT FOR SUFFRAGE MONUMENT IS INITIATED

Cheyenne, Wyo., June 13.—Gen. J. C. Thompson of this city has initiated a movement for the erection of a monument to commemorate the granting of the franchise to women in Wyoming.

Wyoming granted suffrage to women Dec. 10, 1869, in an act which does not total 200 words from title to "Approved." The essential words of 21: "Every woman of the age of 21 years residing in this territory may cast her vote."

EARLY GAINS LOST IN LATE TRADING

U. S. Steel Reaches New High, But Sells Off at Close of Market.

From a strong opening this morning, the stock market was disposed to sell off towards the close, but losses throughout the list were for the greater part marginal. United States Steel's rise to a new high of 13 1/2% was the feature of the early trading. Its early strength, however, was lost in later dealings and irregularity. Strength was noted in specialties.

The following Red Cross dividends were declared today: Utah Copper, 50 cents; Nevada Consolidated, 15 cents; China, 40 cents; Ray Consolidated, 20 cents; Butte & Superior, 40 cents. These dividends are payable July 25 to stock of record July 15.

Anaconda opened today at 85 1/2, was low at 85, high at 86 1/2 and closed at 85 1/2. Butte & Superior opened at 46 1/2, was high at 46 1/2 and low at the close, 46. North Butte was quoted at 19, East Butte at 13 1/2, Davis-Daly at 6 1/2, and Tootlumne at 1 1/2.

Stock advices received over wires of the Heilbronner company say in part: Hutton—"The motor stocks are very Nevada, and there seems to be a market for them whenever they sell down a point or two from present prices."

Clark, Childs & Co.—"Union Pacific seems to have taken its place as the premier American stock. The new stock issue and if the rate increase is approved we should see a good market in the shares in the next few months."

Logan & Bryan say in advices received over the wires of the Lauzier-Wolcott company: "The overnight news, especially that touching on the submarine situation, may alter aggressive bullish operations at least temporarily. Of late, a better feeling towards the carriers has been engendered by the prospects of a favorable rate decision."

MANY ARE CALLED FEW ARE CHOSEN

However, There Will Be Opportunity Later for Men to Join Aviation Corps.

The Post's Washington Bureau, Washington, D. C., June 14.—The federal government, through the committee on public information, serves notice that "only a small percentage of the men who apply for enrollment in cadet aviation schools at the Universities of Ohio, California, Texas, Illinois, Massachusetts Institute of Technology and Cornell can be accepted."

This announcement, which will be of particular interest to the students of these institutions, continues interestingly as follows: "The requirements are stricter than in any other branch of the service. The impression that only college graduates are admitted is incorrect, but a substantial foundation for intensive technical training is necessary. It has often been found that three years at college, or its equivalent, gives a man the knowledge which makes the training come with reasonable rapidity."

"Not only are the educational standards high, but the medical test for aviators is extremely severe. The examination lays particular stress on eyes, ears, heart, lungs, sense of touch and sense of equilibrium. It is possible to ascertain whether an applicant is highly endowed with this last sense by directing him to shut his eyes, stand on one foot and hop backwards 25 steps. If he cannot hop in a straight line it is probable that his sense of equilibrium is not sufficiently acute for aviation."

Contrary to the popular opinion, the air service of the army, although perhaps the most thrilling branch, is not the most dangerous. Capt. Aubrey Lippincott, in charge of the personnel of the signal corps of the army, says that the records of our allies put air service fourth in the percentage of losses. The heaviest losses have been in the medical corps, next in infantry and third in artillery. Although applications have been very numerous for enrollment in the six cadet schools for aviators recently opened, Captain Lippincott says many more men will be called before the end of the year. Enough men have been accepted to keep the schools supplied with recruits for more than two months, but several thousand will be required later on, as the supply of men must be constantly augmented."

MEXICAN PRICES JUMP TO NEW RECORD BY WAR

Chihuahua City, Mexico, June 14.—Because of the war and the inability of many farmers in northern Mexico to cultivate their ranches because of bandit activities and lack of farm stock, prices are unusually high here. Potatoes sell for 50 cents, American money, a kilo, which is 2 1/2 pounds. Flour sells for 19 cents. American money, a pound and is scarce at any price. Frijole beans are cheaper than any other commodity and sell here for 10 cents a pound. Other staples like coffee, sugar and bacon are almost prohibitive in price for the poor people.

LIBRARY OF PHONOGRAPH RECORDS TO BE OPENED

Eugene, June 14.—A library of musical phonograph records is to be established at the University of Oregon School of Music and circulated free of clubs and public bodies of various kinds throughout the state, according to arrangements recently made by Dr. J. J. Lansbury, dean elect of the school, and the State Music Teachers' association.

GRASSHOPPER MIGRATION IN CALIFORNIA HALTED

San Francisco, Cal., June 13.—The grasshopper survey being carried on by the agricultural department of the University of California has progressed far enough to permit the announcement to be made that in the greater part of the state there will be no grasshopper migrations. The only large infested area is the northern half of the Sacramento valley, and the entomological forces, both state and national, have been mobilized to handle that situation.

The survey has yet to investigate some of the southern parts of the San Joaquin valley and the central and southern coast region.

Elsewhere the only menace from grasshoppers relates to those developing along roadsides, ditch banks and in alfalfa or other uncultivated fields. There are three methods available for hopper control under these conditions: the use of poison of hopper-doctors and of the torch. The torch for grasshoppers may be made by using a six-foot rod between the tank and the burner in an ordinary plumber's torch or by using a small spray pump with a long extension rod, setting fire to the spray. In the latter case distillate can be used instead of gasoline. The flame will enable one to kill the hoppers along the ditches and roads while the weeds are still green and if one moves slowly enough with the fire it will destroy the weeds also.

OH, JOY!

At your expenses do not rant, cheer up, cheer up! The coal man and the ice man can't both laugh at once.

STANDARD SHARES ARE LIQUIDATED

Specialties and Minor Issues Hold Attention in Stock Market.

New York, June 13.—Specialties and other issues of minor importance were prominent in today's speculative operations. Standard stocks forfeited most of their gains in the later dealings. Sales were estimated at 1,900,000 shares. Gains predominated at the opening of today's market, but the undertone soon became irregular by reason of the heaviness of special issues. Lackawanna Steel, Inspiration Copper, Union Pacific, Pacific Reading, Studebaker and National Conduit made gains running from large fractions to two points. These were balanced by declines of one to two points in Bethlehem Steel new stock, Pressed Steel Car and International Paper, while American Sugar yielded almost three points. United States Steel fell fractionally under yesterday's quotations and marines and oils were lower.

Bulls assumed a commanding position in the course of the morning under leadership of Reading and Union Pacific with gains of 1 to 1 1/2 points. Pittsburg and West Virginia common and preferred and Wheeling and Lake Erie common and preferred featured the minor issues at advances of 1 1/2 to 2 1/2 points, and Delaware & Hudson more than made up its reversal of the previous day. Equipments were again led by Bethlehem Steel, the new stock gaining 2 points and the old 3 1/2. Steel Foundries, American Can, Colorado Fuel and Tobacco Products were included among the active and strong industrials and specialties. United States Steel hung back and alcohol and oils were reactionary. Bonds were irregular.

United States Steel's rise to the new record of 13 1/2% was the feature of the early afternoon. Motors and tobaccos were active at overnight gains of 2 to 4 points and rails were in renewed demand with coppers.

Steel's new maximum was followed by increased trading, some recessions of 1 to 3 points being general in the final hour. The closing was irregular.

ERRATIC COURSE IN GRAIN MARKET

Prices Decline Today on Reports of Improved Crop Conditions.

Chicago, June 14.—Reports of large world shipments of breadstuffs gave the wheat market today a downward impulse. Opening prices, which ranged from 1/2 to 3/4 cents lower, with July at \$2.30 and September at \$2.05, were followed by a slight rally and then a descent.

Crop conditions were generally favorable. The yield, it was said, will be more than 23,000,000 bushels in excess of the amount suggested by the government's June figures. The market closed heavy, @ 7 1/2¢ net lower, with July at \$2.25 and September at \$2.00.

Predictions of fair weather sent corn values down grade. After opening 3/4¢ off to 1/2¢ up, the market underwent a sharp general setback and then scored a moderate rally.

The market met with considerable support on breaks, but the demand came chiefly from shorts. Quotations closed 2 1/2¢ net lower, with July at \$1.54 1/2 and September at \$1.45 1/2 @ 1 1/4¢.

Oats eased down in sympathy with corn. Saying that was ascribed to packers tended to uphold pork and ribs. Lard showed weakness.

Cash—Wheat—No. 2 red, \$2.90 1/2; No. 3 red and No. 2 and 3 hard, nominal. No. 2 white, \$2.75 1/2 @ 1 1/4; No. 3 yellow, \$1.72 @ 1 1/4; No. 4 yellow, \$1.72. Oats—No. 3 white, 67 1/2 @ 89 1/2; standard, 68 1/2 @ 89 1/2.

Barley—No. 2, nominal. Rye, \$1.14 @ 1.45. Timothy, \$5.50 @ 8.00. Clover, \$15.00 @ 17.00.

MINNEAPOLIS WHEAT.

Minneapolis, June 14.—Wheat—July, \$2.52 1/2; September, \$1.94. Cash—No. 1 hard, \$1.17 1/2 @ 1.22; No. 1 northern, \$3.97 1/2 @ 3.12 1/2; No. 2 northern, \$3.92 1/2 @ 3.07 1/2. Flax—\$3.10 @ 3.15. Barley—\$1.00 @ 1.45.
