MORE MEN WORK AT BUTTE MINES

At That, Some Properties in the District Are Short-handed.

LORD AND WALKER COMING TO BUTTE

I. W. W. Tactics Employed by Agitators in Present Movement.

No developments of consequence marked the day in respect to the labor difficulties involving the mines of the Butte district. More men went to work today than were employed at the mines yesterday. At that, some of the mines were short-handed, but every mine in the district was working.

The officers of the Metal Mine Workers of Butte say that the membership of the organization is increasing. Late yesterday afternoon Financial Secretary McNulty submitted a report showing that there was \$987 in the treasury. That meant that about 400 men had paid the initiation fee of \$2.50. There was a noticeably smaller crowd in attendance at the meeting at Finn hall.

Pursuing the tactics of the I. W. W., members of the so-called union last night attacked men on their way to work or getting off shift. These attacks were made only when the agitators thought themselves out of the reach of the police and special officers.

Another Bulletin. Another bulletin was issued by the new organization today. It was devoted in large part to an attack upon the Post and other newspapers.

While it had been announced that a meeting might take place this afternoon at carpenters' hall with a view to increasing the activity of the old miners' union, no gathering had taken place at a late hour. It was said that none would take place today.

Organized labor, say local labor leaders, cannot recognize such an organization as the Butte Metal Mine Workers, the organization of which is being attempted at the present time, for the reason that it would be without the sanction of the organized labor movement. On the other hand, the United Mine Workers would have no authority or right to receive the local miners into their ranks, which are composed only of men engaged in the coal industry.

On Way to Butte. Two and probably three officials of the United Mine Workers of America, that branch of the American Federation of Labor with jurisdiction over the men employed in the coal mines on this continent, will arrive here the early part of next week and lend their assistance to the organization of the miners of this community under a recognized union leadership.

PROCLAMATION BY GOV. STEWART FOR RED CROSS WEEK

Helena, June 16.—Gov. Sam V. Stewart last night issued the following proclamation:

In the prosecution of the war that has been so wantonly thrust upon the United States it becomes imperative to organize nursing and relief work upon a scale commensurate with the magnitude of the operations of our armies in the field.

The world has justly come to look upon the Red Cross society as the greatest agency in existence for the alleviation of the suffering that is entailed by the prosecution of war.

Realizing to the full the duty that will devolve upon it, the American Red Cross is making a vigorous campaign for funds with which to maintain its magnificent work. This campaign is being waged with special vigor during the incoming week.

Public-spirited men and women in Montana, as in every other state in the Union, will give their strenuous effort to the task of securing contributions for the amount allotted to the state.

Therefore, I, S. V. Stewart, as governor of the state of Montana, do hereby join the president of the United States in designating and setting apart the week beginning Monday, June 18, 1917, as American Red Cross Week.

And I do most earnestly urge upon our people that they respond with characteristic generosity to this appeal of the Red Cross. The work of the society is a most important essential in the conduct of the war, and no one who appreciates the gravity of the crisis and who lays claim to loyal, patriotic citizenship can permit the appeal to go unheeded.

In witness whereof I have hereunto set my hand and caused the great seal of the state to be affixed. Done at Helena, the capital, this fifteenth day of June, in the year of our Lord one thousand nine hundred and seventeen, and of the independence of the United States of America the one hundred forty-first.

By the Governor: S. V. STEWART.

LAST EFFORTS TO AVOID A STRIKE

Electrical Workers and Employers Confering This Afternoon.

Eleventh hour efforts are being made today to avert a strike of the electrical workers against the Montana Power company which has been set for Monday morning. Unless the differences are adjusted 40 electrical workers employed by the company will quit work.

A decision to strike Monday morning was reached by the Butte Electrical Workers union No. 65 at a meeting last night, which was attended by the greater part of the 275 members of the union. The proposed strike is directed against the Montana Power company, which employs about 40 electrical workers.

The Montana Power company is a member of the Street Bow Employers' association and all conferences being carried on through this agency. On Thursday a committee from the employers' association met with a committee from the electrical workers and asked that the union appoint a committee with power to act.

When the question was placed before the union last night the latter refused to name such a committee. As the matter now stands if any agreement is reached between the employers' association and the electrical workers, it will have to be ratified before it becomes effective.

The electrical workers held a meeting at noon today. They served formal notice on the employers that they would go out Monday unless a conference could adjust the trouble meanwhile, but the employers find it impossible to get their committee together before Monday and have so notified the union. Thus the strike Monday seems assured.

In Case of Strike. Should the strike be called Monday morning, the Montana Power company will be prepared to meet it. While it will halt construction work, the company expects to have no trouble in continuing its operations. The company furnishes light for the city and power to the street railway company and industries which rely upon electricity for operation.

The electrical workers have threatened to walk out against the advice of the Silver Bow Trades and Labor council. At a meeting last Tuesday the council, which is composed of delegates from every labor union in the city, advised the electrical workers against a walkout until after the grievance committee of the council has made its report. This committee will make its report back to the council next Tuesday night. By their action in calling a strike on Monday morning, the electrical workers have ignored the instructions of the council.

NOT THE PUMPMAN AT THE BELL MINE

Joe McNulty of Yale avenue wishes his friends to understand that he is not the Joe McNulty referred to in the Post last night as being connected with the I. W. W. movement here. Mr. McNulty of Yale avenue is a well known pumpman at the Bell mine.

CROWD GATHERS AT THE GARDENS

Tom Campbell, I. W. W. Member, Presides at the Meeting.

CIRCULARS DISTRIBUTED BUT STOP PUT TO THAT

Demands of New Union Upon Companies Again Stated.

Demands of the Metal Mine Workers' union were read this afternoon at an open air meeting held at Columbia Gardens ball park, by Tom Campbell, once I. W. W. candidate for president of the Western Federation of Miners, who is presiding at the meeting.

Reading of the demands followed an appeal by Ed Baffett to respect an agreement entered into for use of the park, which included a promise to respect the American flag. It marked assumption of the chair by Campbell and was listened to attentively by the crowd.

The demands of the union to be made upon the operating companies, Campbell said, were framed by a committee of the union. These demands were the same as the ones presented to the companies Thursday and already made public.

Between 1,500 and 2,000 men were gathered in the grand stand and bleachers at the ball park when the meeting opened at 3 o'clock. A number were standing in the infield. It was apparent that many of the crowd were present out of curiosity.

Seated on a platform erected in the middle of the baseball diamond were the leaders of the strike movement, chairmen of committees, officers and others. Just below them were seated members of the various committees and the lesser luminaries.

Ed Basset started the ball rolling by reading an agreement entered into between Manager J. R. Wharton of the Butte Electric Railway company and the organization respecting use of the park. This agreement stipulated that no banners were to be carried or flung to the breeze save the American flag; that the American flag was to be left flying from a staff in the center field and was to be surrounded by a guard of honor; that no circulars were to be distributed within the grounds; that police protection was to be furnished to prevent disorder.

Basset at the conclusion of reading the agreement asked that its mandates be obeyed to the letter.

Circulars were being distributed in the park when the crowd first began to arrive, but this was stopped. A dozen members of the organization gathered around the flag in the center field and various members of the organization maintained order.

With each team having two victories to its credit, Butte and Great Falls met at Hegeen park this afternoon in a battle to win the old game. McCarl sent Al Bonner to the mound and Hester chose Peterson. Bonner won the opening game from Great Falls in the present series and his chief counted on him to repeat today.

There was a good crowd on hand when Umpire Finerman called "play ball."

The Electric started scoring in the first when they sent one man over the pan.

Butte went the Electric one better and sent two before they could be stopped.

The Electric went blanked in the second, Butte kept up the good work and scored three.

In the third frame both teams went scoreless.

In the second half of the fourth Butte landed on Peterson and drove him all over the lot. Hester finally came to the rescue, but not until after Butte had sent four men home. Another run counted after the Electric chief took the mound.

The score at the beginning of the fifth was Great Falls 1; Butte 10.

BUTTE IN BRIEF.

Pete A. Pender, for the past 10 years traveling freight and passenger agent for the Burlington in this city, leaves tomorrow for Helena, where he has accepted a position with the Montana Oil company. His associates in the railroad business regret that Mr. Pender is leaving Butte and wish him every success in his new field.

Scores of Russian citizens are leaving Butte for Russia at the present time, it is said. Tonight Michael Kallaur leaves on the Great Northern for Vladivostok.

Attorney Edward Fitzpatrick has returned from a week's trip to his parents' ranch near Helmsville with a nice amount of fish which he is kindly distributing to his poor friends.

Prof. Hugo Giduz of the Butte high school will leave Tuesday for Boston, where he has been called by the illness of his mother. He will remain in Boston for the summer and will take the summer course at the summer school of the Harvard university.

A daughter was born June 10 to Mr. and Mrs. E. J. Rube of 315 Dakota street.

There is much rejoicing at the home of Mr. and Mrs. W. J. Walsh, West Copper street, over the arrival of a 12-pound baby boy a few days ago. Mrs. Walsh and the baby are doing fine.

The Walsh family came here from Chicago two months ago. Mr. Walsh is associated with M. J. Walsh in the undertaking business on West Park street.

Rev. Father Collopy, assistant at St. Patrick's parish, leaves tomorrow for California on a vacation. This is the first vacation that Father Collopy has taken since coming to St. Patrick's, and it will be his first trip outside the state since he joined the Helena diocese. He will be absent for one month and in his absence priests from the college at Helena will assist in the Sunday services.

ASSAULT CHARGES AGAINST SHANNON AND WINCHESTER

(Continued from Page One.)

Prior conviction is charged in the information against Winchester. He was convicted of kidnaping at Bozeman as a result of the disorders of three years ago in Butte. Turpin is still at large.

Attacked Miners.

Shannon and Winchester were arrested on complaint of G. A. Brown, 3112 Evans avenue, and Jesse M. Rice, 1806 Cobban avenue, miners at the Leonard, who declare that while they were riding to their homes in South Butte upon completion of their shifts yesterday Shannon and Winchester began abusing them for working.

When Rice got off at Marcia street, Shannon, Winchester and a man for whom the officers are looking jumped off the car and attacked him. Brown says he went to the assistance of Rice, and Shannon stood back urging his companions to "kill them." When Rice and Brown were about to get the best of the fight, Shannon picked up a brick and hit Brown. The latter then drove off the attacking party with a knife, which his wife had given him to take to the Leonard machine shop to be sharpened.

Brown alleges Shannon called him a "Negro scab."

Shannon's activity as an agitator in Butte once resulted in his incarceration in jail for six months, and three years ago he was arrested for participation in the deportation of miners. At that time he was acquitted, a plea in his behalf having been made on the grounds that he had agreed to take no further part in the disorders and that his family needed his services.

Send I. W. W. Organizers Here

Serbian organizers for the I. W. W. have been sent to Butte, according to local Serbs, who ejected one of them from an East Park street place where the Serbs are wont to gather.

Flodor Orenin, 524 Madison street, was assaulted while coming off shift from the Black Rock mine.

A miner named Less complained to the police last night that he was assaulted while walking past headquarters of the I. W. W. on North Wyoming street. "We'll teach you to carry a lunch bucket in these times," his assailant told him.

Peter Hove was arrested yesterday by Deputy Sheriffs Hanson and Beaver for intimidating miners as they came off shift on Anaconda road.

Women Defy City Ordinance.

Lucy Lethe and Ida Aho, Finnish women, were arrested for distributing I. W. W. handbills on East Broadway. The women were first warned to desist, but when they continued to distribute the bills in defiance of city ordinance, they were taken into custody and later released on their own recognizance.

Archie Radonnan, who was arrested by the police in a raid on a Finnish boarding house on East Granite, is charged with carrying concealed weapons in a complaint filed last night by County Attorney Joseph Jackson. Radonnan is an alien.

Ed Mankki, one of the Finns who sent a message to Duluth headquarters of the I. W. W., asking that W. D. Hayward, together with Italian, Austrian and English-speaking organizers, be sent to Butte, was fined \$25 in police court yesterday for distributing handbills without enclosing them in envelopes as prescribed by city ordinance.

Patrick's parish, leaves tomorrow for California on a vacation. This is the first vacation that Father Collopy has taken since coming to St. Patrick's, and it will be his first trip outside the state since he joined the Helena diocese. He will be absent for one month and in his absence priests from the college at Helena will assist in the Sunday services.

NEW POSITIONS WILL BE CREATED DURING WAR

Boston, June 16.—The National assembly of civil service commissioners, making note of the fact that more than 100,000 new positions will be created in civil branches of the government during the war, adopted resolutions at its annual meeting here denouncing "any attempt of spoilsmen to undermine the efficiency of the civil arm in the name of military necessity."

HANSON-MacPHERSON COMPANY 15 West Broadway

DEMAND FOR BUTTE HOMES CONTINUES

With Liberty Bond Issue Out of Way, Added Impetus Expected Next Week.

While the Liberty loan during the past week has had a quieting effect on the Butte realty market, dealers report that the demand for homes continues. Butte's population is still increasing and new homes must be built to accommodate it.

With the Liberty bond issue out of the way, the local realty dealers look for a new impetus next week. The new operations under way are being rushed to a conclusion as fast as possible.

The demand for homes—especially those already built—continues to be greater than ever. Because of the increasing cost of lumber and building materials, many buyers prefer homes already built to constructing them.

Another new business building is to be erected at 71 and 73 East Park street, in place of the present wooden structure. Charles Steele, owner of the building, has had plans drawn for a \$4,500 structure. The new building will be one story high and will be of brick. It will be occupied by a jewelry company and restaurant.

Bolver & Brown report the realty business during the week brisk with the following sales: Five-room house, 450 East Broadway, to Peter Nykanen. Five-room brick house, 806 South Montana street, to Mathias Soth.

Seven-room house, 912 California, to Katherine Anderson. House and two lots to Mayme Lockwood, Floral Park addition. Two lots in the Grand Avenue addition to J. E. Kleine. House and two lots in the Floral Park addition to Fannie F. Durfee. Four-room house on Oregon avenue to Miss Anderson.

The following sales have been made by the Butte Land and Investment company during the past few days: J. E. Sage has bought three lots on Sampson street in the Bellevue addition. Annie Gagnier has bought two lots on Ottawa street in the Hamilton addition. Nellie Jackson has bought two lots on Massachusetts avenue in the Daly addition.

One and one-half lots have been sold to L. M. McCabe on Johns street in the S. C. F. & G. A. Cobban addition. John J. Carlton has bought the Gilliland house on Roberts avenue in the S. C. F. & G. A. Cobban addition. The following have purchased lots within a short distance of the car line on the south side: Anna Kittero, Jerry Gegan and Nellie Zasa. W. J. Rowe has bought a lot in the Zareuda addition.

BISHOP WILL OFFICIATE AT THE GRADUATION

Thursday evening at the high school auditorium. A very interesting and entertaining program, including the usual ceremonies on such an occasion, will be rendered and fund farewells will be spoken as the graduates turn their backs on high school life and face college courses or the world of work. Yesterday afternoon Miss Wynne of the English six class conducted a play at the school, a medieval story entitled "Spreading the News." There was a large audience in attendance.

ANNOUNCE ENGAGEMENT

Mr. and Mrs. W. G. Dalling have announced the engagement of their daughter, Alice Mary, to William T. Dee, the wedding to take place the latter part of June.
