GERMAN UNREST IS RESULT OF THE ACTION BY U. S.

French Foreign Secretary Discusses Rapidly Developing Phases of War.

Paris, June 21.—Julius Cambon, general secretary of the ministry of foreign affairs, declared that the entrance of America into the war has caused serious unrest in Germany, in the course of an interview with a correspondent of the associated press today. He said: "In the hearts of the French people who welcomed General Pershing there was, first of all, the desire to reply to the enthusiastic reception which the American people gave the French delegates, but there was also something else equally important. A feeling of serious unrest was caused in Germany by the entry into the struggle of a country which brings to the allies, together with its entire strength, a freshness and energy which have not been diminished by three years of war. Germany feels that the Americans, once engaged in the struggle, will not give up. It is to prevent this cementing of close ties that it is multiplying its efforts to spread disunion among the allies. The incident of the Swiss socialist Grimm's intrigue in Russia reveals Germany's handiwork and is one of the strands showing how uneasy and troubled Berlin is because of America. In France everyone realizes that this uneasiness and fear are justified."

As to Socialist Program.

In regard to the publication of the peace program of the German majority socialists at Stockholm, M. Cambon said: "It proves that their aims coincide with those of their government, especially on the Alsatian question, which is to be the big question when negotiations begin. The American public must know that all our questions, such as those concerning economic, colonial, maritime, indemnity and Belgian matters, must yield before it and, according to its solution, posterity will know who triumphed."

The Big Question.

M. Cambon then refuted the claim that Alsace-Lorraine was originally German territory which was wrested away by the French. He said that Lorraine was French in population and language and was given to France by treaty in the eighteenth century. As for Alsace, the minister said that it came to France as a reward for French service in the Thirty Years war and, while its mixed population spoke German, it always preferred French domination. The Alsatians, continued M. Cambon, were faithful and genuine patriots who were now counting on President Wilson's doctrine that people should be governed according to their desires.

Wilson's Address.

Referring to President Wilson's flag day address, the foreign secretary said that it was a great success in France because of the prediction of the president's declaration, the loftiness of his viewpoint and the moderation with which he expressed his war aims. "Many Frenchmen," he continued, "count on President Wilson to maintain the moral character of the war and interest for the allies the high ideal which animates all."

announcement made public today. Two other steamers were attacked but escaped.

CHARGE U-BOAT WITH FIRING ON LIFEBOATS

Paris, Wednesday, June 20.—A German submarine that torpedoed a British steamer turned its guns on the lifeboats and killed eight of the occupants, the admiralty announced tonight.

"One of our patrol boats of the Brittany flotilla," the statement says, "picked up 50 men belonging to a submarine British steamer and drove off with its guns two submarines which were at close to the boats in which the British crew had taken refuge the night before. A patrol boat of the same flotilla saved 40 men from a British steamer. The submarine which torpedoed her turned its guns on the lifeboats, killing eight of the occupants."

FOREST FIRES MENAGE GIANT REDWOOD TREES

San Jose, Cal., June 21.—Forest fires raised by high winds are again approaching the centuries old redwoods in the California Redwood park, commonly known as the Big Basin in the Santa Cruz mountains, according to reports received here early today from State Fire Warden H. S. Dool.

Already more than 10,000 acres of timber of small commercial value have been swept over, he said.

Hundreds of millmen and ranchers are back-firing and cutting new trails in an effort to check the fire.

TODAY MARKS THE SUMMER SOLSTICE

Days and Nights Theoretically Are Said to Be of Equal Duration.

Theoretically today is the longest day in the year and according to astronomical figures day and night are of equal duration. June 21 is known as the day of the summer solstice or summer equinox, when the sun is directly over the equator.

As the theory of astronomy goes, the sun dips to the southern countries at this season of the year and the days become shorter with less amount of heat. However, the practical result is different, especially as far as the northern countries are concerned, for, in Butte, the weather is much warmer in July than in June.

Today compares very favorably with former June twenty-firsts in the matter of weather. While the weather forecast is pretty favorable, the indications of barometric readings are for a storm of some kind.

LEWISTOWN OFFICIAL IS BRINGING SUSPECT HERE

From Description Local Officials Do Not Think He is "Fudge" Barry.

The story that Joe "Fudge" Barry has been captured at Lewistown is considered doubtful. Last night Chief of Police Murphy received a telegram that the young man had been apprehended and that he would be brought to this city tonight. Today undersheriff Jack Melia had a conversation with the authorities at Lewistown, who informed him that the man supposed to be Barry was on his way to this city and would arrive this evening in charge of an officer. From the description given of the man by the Lewistown officer the undersheriff is very much inclined to the belief that the man under arrest is not the Finlen hotel robber, Barry. It will be remembered, escaped from St. James hospital a few weeks ago, while confined in that institution in charge of a deputy sheriff. He was one of the party who robbed the Finlen hotel and received a bullet wound from a police officer while making his escape.

VOTE CONFIDENCE IN PROVISIONAL GOVERNMENT

London, June 21.—Dispatches from Petrograd to the Exchange Telegraph company say that the congress of soldiers and workmen's delegates from the whole of Russia yesterday voted confidence in the provisional government and unanimously as a resolution demanded an immediate resumption of the offensive and the reorganization of the army. A war cabinet was formed, including the leaders of the Russian army and navy and technical representatives.

REMOVING UNEMPLOYED POOR FROM WARSAW

Copenhagen, June 21.—The municipal authorities of Warsaw, with the co-operation of the German administration, are transporting from Warsaw to the villages and country districts the unemployed poor, largely composed of Jews. The measure is inspired by the difficulties of the food supply.

TO WIDEN SCOPE OF PROFIT TAX IN REVENUE BILL

Business Individuals and Partnerships to Pay Same as Corporations.

Washington, June 21.—Extension of excess profits taxes in the war revenue bill to individuals engaged in trade or business, as well as corporations and partnerships, was decided upon today by the senate finance committee. From the individual tax an additional \$100,000,000 in revenue is expected.

An exemption of \$5,000 in assessing the tax will apply to individuals on the same basis as corporations. The individual tax would be additional to the income tax.

The object of the tax is to reach war profits of trade conducted personally and not in corporate or partnership form. The tax, it is expected, will apply also to professional men such as physicians and dentists. In levying the excess profits tax upon corporations having abnormal profits during the three years preceding the war upon which normal and excess profits calculations are to be based, the committee decided to allow the \$5,000 exemption and also an additional exemption of 6 per cent upon capital actually invested and employed.

AMERICA IS THE GREATEST POWER IN WORLD WAR

Extension of Credit to Weak Countries Will Do the Most Good, Says Report.

Kansas City, Mo., June 21.—Extension of credit to small and weak countries is one of the most powerful influences that the United States and her allies may develop against Germany and Austria, said Dr. Edward Pratt, chief of the federal bureau of foreign and domestic commerce, in an address before the National Association of Credit Men in convention here today.

Dr. Pratt declared that the central powers are already planning to dominate the world's trade after the war and that plans have been perfected whereby 120,000,000 persons, the total population of Germany and Austria-Hungary, will buy their supplies from the rest of the world as a unit. United production and selling agencies also will be backed by the German government, he said.

GREATER EFFORT URGED BY RED CROSS OFFICIALS

(Continued from Page One.)

"We must not let up now. Rather we should overachieve the amount. Neither the Red Cross nor the American people can afford to fail in this effort."

The following are among the cities today added to the honor roll of communities which have reached or exceeded their apportionments: Cleveland, Kansas City, Hutchinson and Ellsworth, Kan.; Colorado Springs and Monte Vista, Colo.; Wenatchee and Hoquiam, Wash.; La Grande, Ore.; Blackwell, Okla.; Eureka, Cal. and Brazil, Ind.

How They Stand.

Headquarters reports at the opening of today's work showed the proportion each of the following cities has raised of its apportionment: Seattle, 70 per cent; Tacoma, 46 per cent; Minneapolis, 45; San Francisco, 41; Spokane, 42; Portland, Ore., 41; Butte, Mont., 62.

Headquarters today issued the following bulletin for the western states: "The feeling at National Red Cross headquarters today with reference to the west is thoroughly optimistic and reports indicate that the apportionment will be exceeded."

"In Idaho, Moscow has raised \$5,000; Caldwell, \$2,356; Idaho Falls, \$7,413; and Hailey, \$2,719.

Montana's Promise.

"Montana will exceed its apportionment despite serious obstacles. Oregon cities are doing well. Portland has secured \$139,000 out of \$200,000 promised."

"In Wyoming, Sheridan has turned in \$19,000 of \$25,000 promised. Everett, Wash., has practically completed its quota of \$25,000 and Centralia has secured \$9,000 of an allotted \$10,000. It is said the northwest will raise half a million dollars more than is promised."

"Returns are coming in very slowly from Nevada, New Mexico, North Dakota and South Dakota."

Utah, which quickly over-subscribed her apportionment of \$150,000, now is working on an additional \$100,000, making her total \$250,000.

THREE CORPORATIONS CONTRIBUTE TO FUND

New York, June 21.—Three industrial corporation contributions to the Red Cross fund today aggregated nearly three-quarters of a million dollars. The American Locomotive company declared a dividend of \$250,000 and the National Lead company one of about \$200,000, while the Cities Service company created a special Red Cross fund of \$250,000.

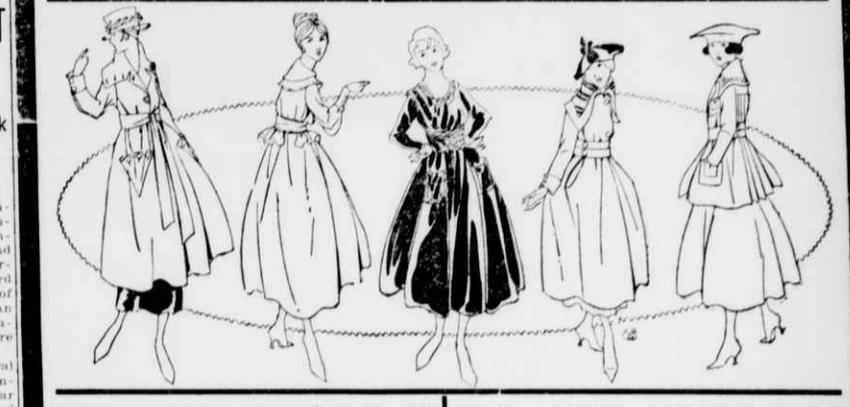

NEW YORK CITY HAS RAISED \$6,524,000

New York, June 21.—A donation of \$5,000 to the Red Cross war fund by the Rockefeller Foundation was announced here today.

Y. M. C. A. MAKING GREAT PLANS FOR ARMY AND NAVY

Paris, June 21.—The American army and navy Young Men's Christian association is making extensive plans to look after large forces of American soldiers and sailors as they arrive in France.

A meeting was held at the American embassy today at which the plans were outlined. William Graves Sharp, the American ambassador, was named as honorary president of the association and James J. Barbour active president. Already large forces are at work at the four American bases, which cannot be designated because of military reasons. Ten large buildings have been ordered at a cost of \$60,000 francs. Pending the completion of the buildings, tents have been temporarily erected and local buildings rented. One large saloon has been bought out and transferred into a flourishing Y. M. C. A. quarters.

It was ready when the first American sailors landed and they were greeted with the Stars and Stripes and a large sign reading: "America's Y. M. C. A. Come In." Here the men wrote letters, got their money changed and read American newspapers and magazines.

The American sailors and soldiers are showing the greatest interest in the distinctively American features of the Y. M. C. A. headquarters, such as soda fountains, shoe shining parlors, chewing gum and peanuts. The organizers by Americanizing the centers are assuring substantial results in keeping the sailors and soldiers from the streets and cafes.

TEA SALESMAN MADE DEFENDANT IN SUIT

The Jewel Tea company today brought suit against Paul Lormar and Russell G. Vetter, asking for judgment in the sum of \$114.33. According to the complaint, Lormar was employed as a salesman for the company and he made collections to the amount stated and has failed to turn the same over. Vetter is a defendant in the suit on account of being on the bond of Lormar.
