

EDUCATORS WILL CO-OPERATE WITH THE GOVERNMENT

President of N. E. A. at Portland Wires President for Instructions.

Portland, Ore., July 2.—To the end that the educational forces of the United States may co-operate every way possible with the government during the war, Robert J. Aley, president of the National Education Association, has telegraphed President Wilson requesting suggestions as to subjects to be considered when the association members convene here July 7 in annual convention. The telegram to President Wilson follows:

"In behalf of the officers of the national educational association and of the thousands of educators of the nation who will assemble in annual convention in Portland July 7 to 14, I desire to assure you of our earnest determination to co-operate with you in the most effective way in this great national crisis. That the educational forces of the nation may be kept in closest touch with the government during this world war, we await any information or instructions you may give relative to the part the educational forces must take, best to help the nation in this crisis. We should be glad to have your judgment as to what themes should be immediately emphasized at the Portland convention." Professor Aley, who is president of the University of Maine, arrived here several days ago.

CUTS CLOTH FOR 300 SOLDIERS AT ONCE

Modern electric machines have made it possible to turn out hundreds of suits for our soldiers at one time. The man at the band saw here is shown cutting 300 thicknesses of olive drab cloth for as many soldiers in one operation. Forty thousand suits, it is claimed, can be made in one week.

LIBRARY HEADED BY MISS NICHOLS

Takes Oath of Office and Assumes Active Charge of Institution.

Miss Gertrude Nichols, assistant librarian, today succeeded John F. Davies as librarian of the city library. Following the oath of office, which Miss Nichols took before City Clerk Treacy, she assumed active control of the library.

Miss Nichols is the first woman ever in charge of the local institution. She has been with the library for 10 years and is eminently fitted for the librarianship, having for a number of years had charge of deciding upon and purchasing the new books.

Who will succeed Miss Nichols as assistant librarian will not be determined until the library trustees mark the papers in the recent examination. President Corry of the library board, who has been out of the city, is expected to return today. Upon his arrival he will call a meeting of the trustees. Eleven young women have taken the examination.

With Miss Nichols in charge the staff of the library consists of the following assistants: Ida Sternfels, Florence McNeil, Ruth Sulzer, Elizabeth McDonald and Rose Schwane-kamp. The juvenile department staff is composed of Ruth King, director, and the following assistants: Mrs. Ella Parker and Anne Moore.

Mr. Davies, who retires as librarian, was appointed in May, 1913, during the administration of Mayor Duncan. Prior to that Mr. Davies was librarian from June 4, 1892, to August, 1899. The retiring librarian will continue in the book business, which he has been actively engaged in for years.

MISS HUFFMAN HOME FROM EASTERN STUDY

Miss Gladys Huffman, the well known music teacher of this city, has returned home from a successful year of study in the famous Damrosch school in New York City. Miss Huffman, who is popularly known, not alone for her ability as a musician, but for her courtesy and willingness on all occasions to give her talents freely for every worthy cause, while at the same time she is a prominent figure in Butte's social life, will resume her classes during the months she will be home. She intends to take another trip east to perfect her musical education.

EAGLES TO INITIATE AT TONIGHT'S SESSION

A big class will be initiated tonight by the local aerie of the Eagles in their hall in the Lewishohn building. A social session will follow the degree work. A state official is in the city and will discuss the coming state convention.

HILL CITY COUNCIL.

The Walkerville city council will hold its regular semi-monthly meeting tonight. The council has practically suspended all improvement work for the period of the present labor troubles and regular routine reports from the committees will be the feature of the meeting.

WRIT IS DISMISSED.

A writ of habeas corpus was down for hearing before Judge J. J. Lynch this morning in the case of John Gavin, held at the county jail. When the matter was called it was asked the application for the writ be dismissed as the county attorneys' office had filed a complaint against Gavin charging second degree assault. The order was made accordingly.

23 STATES ARE NOW BONE DRY

Reed Amendment, Forbidding Shipment of Booze, Becomes Effective.

Washington, July 2.—As a result of the Reed amendment becoming effective at midnight Saturday, 23 states are now bone dry and 11 other states are partially affected. The Reed amendment forbids shipment of liquor into dry territory. The department of justice and postoffice authorities have made elaborate preparations for enforcement of the law, which will apply to Montana when it goes dry on Dec. 31 next year. A fine of \$1,000 and imprisonment for six months is the penalty.

The following states are wholly affected by the act:
Alabama, Arizona, Arkansas, Colorado, Georgia, Idaho, Iowa, Kansas, Maine, Mississippi, Nebraska, North Carolina, North Dakota, Oklahoma, Oregon, Rhode Island, South Carolina, South Dakota, Tennessee, Vermont, Virginia, Washington and West Virginia.

Those partially affected are:
California, Connecticut, Delaware, Louisiana, Maryland, Massachusetts, Minnesota, New Hampshire, New York, Ohio and Texas.

The following are affected at future dates:
Alaska, Jan. 1, 1918; Indiana, April 3, 1918; Michigan, April 30, 1918; Montana, Dec. 31, 1918, and Utah, Aug. 1, 1917.

HITS MONTANA DEALERS.

The Reed amendment will deal a death blow to lucrative business which has been built up by wholesale and retail liquor dealers in western Montana since prohibition became effective in Idaho and Washington. Heretofore shipment of liquor has been permitted in limited quantities into Washington, and although Idaho has a bone-dry law, considerable bootlegging has been going on there, due to inability of local officials to cope with the situation. With government agents breaking up the practice of shipping liquor, however, it is doubtful if any of the dealers will risk the heavy penalties.

PETITION COURT TO DISSOLVE COMPANY

A petition was filed with the clerk of the district court today asking for the dissolution of the Brunswick-Balke-Golender company. In the petition it is stated that the company has a capital stock of \$10,000 and that at the special meeting held for the purpose of asking for the dissolution of the company all the stock was voted in favor of a plan to petition the court to dissolve the company. The hearing on the petition will come up in 30 days.

IMPORTANT MEETING OF PATRIOTIC ASSOCIATION

The regular monthly meeting of the Woman's Patriotic association will be held in the room of the Chamber of Commerce, third floor of the courthouse, Saturday afternoon at 2 o'clock. It is especially requested that every member of the organization attend as a number of important matters are to be presented to the meeting.

LET CONTRACTS FOR ROAD IMPROVEMENTS

The county commissioners yesterday made an inspection of the Moose creek and Bear gulch roads, which are located in what is known as the Burton district, for the purpose of arranging for repairs and improvements on those two highways. They have been at points in an almost impassable condition for a few weeks on account of the freshets. Arrangements were made with William Jones, a resident of the district, to make extensive repairs, including the filling in of a swamp for a distance of 450 feet. It is intended to fill the swamp in with logs and make the repairs of a permanent character.

COUNTY TREASURY IS ENRICHED \$72,040.22

The county treasury was enriched to the extent of \$72,040.22 this morning when Treasurer John J. Harrington received checks from former Senator W. A. Clark and W. A. Clark, Jr., for personal taxes. The assessed valuation of personal property held by Senator Clark in Silver Bow county is \$2,522,925, which represents cash on hand, musical instruments, household goods, etc., and does not in any way represent any of his real estate holdings or mine interests. On this amount Senator Clark sent in his check for \$70,137.31. The check of W. A. Clark, Jr., was for \$1,902.91 and represents personal tax on mortgages and money on hand.

MARTIN-CARKEE.

Clarence S. Martin and Miss Janie E. Carkeek, two prominent young people of Meaderville, were united in marriage by the Rev. W. H. Pascoe at the Unity Methodist Episcopal church Saturday evening. The wedding march was played by Miss Madeline Pascoe and the bride and groom were attended by Miss Ruby Tucker and George Martin, a brother to the groom. A reception and supper was held at the home of the bride on Main street following the ceremony, and the happy couple left on the train for Missoula, where they will spend their honeymoon. They will make their home at Arlee, where Mr. Martin is the owner of a ranch.
