

TO REPAVE MAIN STREET AT ONCE

Council Passes Resolutions. To Do Away With Granite Blocks.

Following the lead of other property owners in the downtown district, owners of land on Main street willingly signed petitions circulated this morning for the paving of that thoroughfare. Resolutions calling for the paving of Granite street and Broadway passed last night. Work upon the newly created district will be started as soon as the contracts are let.

Alderman Ernest Hardcastle made the proposition that an experiment be made on the square between Broadway and Granite street on Hamilton street to demonstrate creosote wood block. The alderman's proposition will be taken up later. It has been claimed the creosote block will not serve on grades. He wishes to learn if the claims are true.

Park street residents have already petitioned the council for improvements. The resolutions have passed the council and nothing remains but a decision regarding Main street for the abolishment of the granite blocks against which so much complaint has been heard.

Bids for the work in the new district will be opened by the council on Aug. 1.

Mayor W. H. Maloney gave the assurance today that the work of paving Montana street will proceed without delay.

The city clerk was authorized to advertise for bids for an automobile to be used by Chief Fred Martin of the fire department.

Miss Gall Passmore was named as dressmaker of the city's playgrounds. She will take charge at once.

MAY FILE TRAINING CAMP APPLICATIONS TILL MONDAY

Local Committee Announces Extension of Time for Those Who Would Train for a Commission in the National Army at the Presidio. While Nation as a Whole is Backward, Butte Has Enough Aspirants to Fill Montana's Quota of 72 Men.

CHAIRMAN DAVIS IS ADVISED OF EXTENSION

Andrew J. Davis, state chairman of the Military Training Camps' association, has received the following telegram from P. M. Lansdale, executive secretary of the western department, notifying him of extension of time for receiving applications for entrance to the Presidio camp:

"Andrew J. Davis, Butte, Montana: War department wires, 'Applications for second series training camp received on July 16 will be considered. The

change in date is made because July 15 is Sunday.' In view of above please notify all local committees immediately. Also request of them fullest publicity.

"P. M. Lansdale, executive secretary western dept. M. T. C. A. of the U. S."

Mr. Davis also calls attention to the important section of the rules governing applications for the training camp which provides that applicants living at remote points who cannot reach any of the county committee to make applications in person may mail applications to Captain Hollis C. Clark at Helena not later than July 16. Captain Clark will then take steps to make the necessary investigation and examination of such applicants.

In order to give every man who desires to enter the officers' reserve training camp at the Presidio next month an opportunity of making application, the time for reception of applications has been extended until Monday, according to advice received by State Chairman A. J. Davis of the Military Training Camps' association. This means that every application in the hands of the local committees appointed by Chairman Davis on Monday will be considered.

While the time has been extended one day, members of the local committee feel that every effort should be made by those desiring to apply to get their applications in at the earliest possible moment. "It will probably be first come, first served," said M. A. Berger, who is in charge of local headquarters at Room 4, Mantle block, today. "These applications are being numbered in the order of their filing before we send them to Captain Clark at Helena, and it would seem that those filed first will receive first consideration."

While the nation as a whole is backward in furnishing men for the training camps, so much so that the war department has sent out a special appeal to each state to fill its quota, there will be no dearth of applicants from Butte. "We have already received sufficient applications to fill Montana's quota," said Mr. Berger this morning. Montana's quota is 72 men and an effort is being made to have the apportionment increased to 86.

Disappointed by Response.

The war department has been disappointed by the response to the call for men for the training camps. The adjutant general sent out a call for men for the training camps on June 4 and the expectation was that the response would be overwhelming since the call for the first training camp, after 18 days of preparation, produced 100,000 applications. Despite the fact, however, that the auspices for the second course seemed better than for the first only about 20,000 men had applied up to last Friday for entrance into the schools. There are accommodations for 49,000 men.

Misunderstanding as to Age.

The comparative weakness of the response is due, it has been found upon investigation, to a general misunderstanding. The rumor apparently has gone forth that the second series had been planned exclusively for older men and for men of previous military experience. A certain clause in the instructions stating that "preference will be given to men over 31 years of age, other things being equal," has been misinterpreted to mean that young men need not apply.

Want Young Men.

THE POST FOR THE NEWS

THE POST FOR THE NEWS

THE POST FOR THE NEWS

committee the war department lays the greatest possible stress on the fact that men under 31 years of age are what they particularly want in camp. The lack of military training, say members of the committee, will be in no way a bar to the applicant's availability. An ex-soldier may not take so long to "learn the ropes" than would the inexperienced student, but that alone is his only advantage. What the government wants above all other things are brains, courage, physical ability to stand the test of war.

The local committee is in receipt of the following statement from Adjutant General McClain:

"The statement that mature men will be given preference for the second series of officers' training camps seems to have been misunderstood in some quarters. This preference will only apply where qualifications are equal. There is no intention to bar out applications by men under 31. In fact, examining officers have been instructed to regard men 25 to 27 as the most suitable. There is also some misunderstanding about the necessity of previous military experience. The government is looking primarily for intelligent and forceful men, and military experience, though desirable, is not strictly necessary."

The local committee appointed by State Chairman A. J. Davis is carrying on a vigorous campaign to disabuse the public mind of errors concerning the requirements for the new camps. Special encouragement is being given to men of 25 years and up and even younger if they are excellent material with executive experience or qualities of leadership or experience at construction or civil engineering.

BUT ONE ENLISTMENT FOR REGULARS TODAY

After the Draft Selections None Drawn May Be Enlisted.

But one application for entrance to the United States regular army was received by Recruiting Officer Starr today. The applicant is undergoing physical examination this afternoon. None applied for enlistment in the navy or marine corps. Approach of the day for announcement of draft drawings is believed to be responsible for the falling off in recruiting. After first selections are announced none of those drawn may enlist. They then become members of the national army and will be in the service as infantrymen.

Forest F. Gray enlisted in the radio service of the army yesterday. He has been a truck driver in the employ of County Commissioner Joe Fabian. Ed Clark of Helena yesterday enlisted in the navy as a third-class fireman.

Railroad men are wanted for the Eighth Regiment of Engineers now being organized at Vancouver, Wash., for service in France, according to advices received by the local army recruiting office. The notice says: "You are authorized to accept for the Eighth engineers, national army, for the period of emergency, physically qualified railway officials and engineer officers and forward them to the depot. If enlisted they will be forwarded to American Lake, Wash., to report to the commanding officer of the Eighth engineers at as early a date as practicable, subject to the conditions imposed as to typhoid vaccination."

NEED NO MORE MEN AS HOSPITAL APPRENTICES

The navy is rapidly filling up with all the men required. Today Abe Foltz, in charge of the recruiting office in this city, received a telegram not to enlist any more men as hospital apprentices.

SYMPATHY

A lady came into our store To see our OVERSTOCK; She'd heard so much of bargains, For ladies have to talk.

We showed her some garments At far below the cost; And she was full of sympathy When she knew that we had lost.

We said to her "twas OVERSTOCK," That we must raise the cash; That's why we gave such bargains; That's why we cut and slash.

She bought of us a SUIT and COAT, A HAT, WAIST, DRESS and MORE. For she saved much on each of them At the FLORENCE GARMENT STORE. 115 West Park Street

GRAIN SURVIVES FIRE.

Blanchard, Ia.—In excavating for new approaches for the Farmers' Elevator, the debris of the elevator fire of 19 years ago was unearthed.

Among other things was a pocket of wheat containing a bushel or more, charred black but whole, that had lain there all those years. Every berry was as perfect as the day of the fire. Covered by earth and ashes,

it was hermetically sealed from the elements.

The old elevator was the property of J. H. Walkinshaw and McKee Brothers, and burned to the ground full of wheat, corn and oats. There was some insurance. They rebuilt the present structure, replacing the destroyed elevator. Wheat then was worth less than 50 cents per bushel.

The DOCTORS' ADVICE

Dr. Lewis Baker

The conditions mentioned below are general in character, the symptoms or diseases are given and the answers will apply in any case of similar nature.

Those wishing further advice, free, may address Dr. Lewis Baker, College Bldg., College-Elwood streets, Dayton, Ohio, enclosing self-addressed stamped envelope for reply. Full name and address must be given, but only initials or fictitious names will be used in my answers. The prescriptions can be filled at any well-stocked drug store. Any druggist can order of wholesaler.

name "bloodless" because that seems to be my condition. I am pale, thin and chilly all the time. My appetite is feeble, but even when I eat a great deal I do not gain in weight."

Answer: I would advise plenty of exercise and a persistent use of three-grain hypo-nutrient tablets to increase your blood and flesh. They tend to improve digestion and the proper absorption of nourishment. A gain of a pound or two a week is not unusual.

Mrs. P. G. writes: "I hesitate to ask advice as my case is so unusual. I am a word, I am tired and worn out all the time. Rest does not refresh me. I have been married over a year and formerly did not know what it was to be tired or nervous. Sometimes I feel hysterical. I fear I will become a nuisance to my husband if this continues."

Answer: Your nervous system has been depleted. You need a tonic invigorating medicine that will aid in supplying more food-energy to your nerves. Take three grain cod-liver oil tablets regularly for several months.

Dr. Lewis Baker, Dear Sir: In reading your good advice to others I have found relief. I enclose stamps, and please send me your "Great Guide Book, Health and Beauty," and I thank you for advice to others which so helped me. May your good work go on. You will get better reward than money in helping so many who suffer and often cannot have a doctor, as there is no money to pay one. One of your many well-wishers. Sincerely, MISS C. H. WHITE, 150 Free St., Portland, Me.

NOTE: For many years Dr. Baker has been giving free advice and prescriptions to millions of people through the press columns, and doubtless has helped in relieving illness and distress more than any single individual in the world's history. Thousands have written him ex-
