CITY MAILS FIRST NOTICES TO 'BOYS'

Will Begin Examinations Saturday—Names Posted in Offices.

All of the 8,574 names in the city's registration lists have been posted in the city clerk's office at the city hall, and notices have been sent out to the first 500 men, who will report for physical examination on Saturday morning. The same number of men will report each day the first two days of next week. Notices are being sent out today to those who are to report next Monday.

City Clerk Tracy is having a hard time explaining the order of succession to the men of the city. Men who have seen copies of the master lists of eastern papers and found their names past the 2,000 mark on the list have believed that they will not be called for the first examinations in Butte. But it is pointed out that many of the numbers on the master lists are blanks as far as Butte is concerned, and that for each blank the next legitimate number above it will advance one place.

The first five numbers in the master list are 238, 252, 2612, 4532 and 19,218. Two of these numbers, 2612 and 19,218, are not upon the Butte lists, so become blanks. Number 4532, the fourth number in the master list, is hence the third number in succession in Butte, and No. 458, the sixth number on the master list, is No. 4 in the order of succession in Butte, since two numbers ahead of it are blanks.

Watching the county examinations carefully, the city exemption board members believe they will be able with extra help to finish the examinations in the prescribed three days' time.

THREATENED HER WITH BIG KNIFE

Maude Kaporis Given Freedom From Vicious Husband. Two Divorces.

Judge Lynch held court this afternoon for the purpose of hearing divorce cases pending in his court and which the attorneys desired disposed of.

In the case of Maude Kaporis against George Kaporis, the plaintiff informed the court that her husband threatened to kill her with a butcher knife unless she entered a life of shame and gave him money. The couple were married in this city, March 18, 1915. The plaintiff said that her husband frequently quarreled with her and beat and abused. On one occasion she said that she was compelled to remain in bed nearly a week as a result of the beating she received. Mrs. Kaporis said that her husband did not support her for over six weeks after they were married. She also declared that he had called her vile and indecent names.

In reply to questions the plaintiff said that, although a young woman, Kaporis was her second husband.

"You had better stick to the next one you get and not come around here looking for any more divorces," remarked Judge Lynch.

"I don't want another one," replied the plaintiff.

The decree of divorce was ordered issued and the plaintiff allowed to resume the name of her first husband, Maude Griswold. Attorney Wittenberg represented the plaintiff.

Ethel Rule was given a divorce from Roy Rule on the ground of cruelty. The couple were married in this city, May 29, 1908, and there is one child. The plaintiff informed the court that her husband had inflicted on her grievous bodily harm and had called her vile and indecent names. She said that the defendant also threatened to kill her and later kicked her in the leg, making her lame. The property rights, said Attorney Joe Blomard, who represented the plaintiff, had been settled out of court.

PREACH HUMANITY IN CHURCHES OF BERLIN

Dutch Newspapers Parallel Reports of U-Boat Outrage With Pastoral Letter.

Amsterdam, Aug. 7.—Dutch newspapers print in a parallel column with an account of the murder of the crew of the British steamship Belgian Prince, a Berlin telegram giving the following extract from a pastoral letter read in all the Protestant churches of Berlin last Sunday:

"We will comfort ourselves as Christians towards our enemies and conduct the war in the future as in the past with humanity and chivalry."

The pastoral letter was read at a service which Emperor William and the German empress attended at the cathedral. It exhorts the people to humanity and recognizes the hand of God in the protection from invasion which the fatherland has enjoyed.

The British steamship Belgian Prince was sunk July 31 by a German submarine. According to survivors who reached a British port, the U-boat shelled the vessel and the German commander then ordered the crew to take to the boats and go alongside the submarine. The Germans, the survivors assert, removed the lifebelts and outer clothing of all the members of the crew, except eight, smashed the lifeboats with axes and then reentered the submarine and closed the hatches, leaving the men on deck. The submarine travelled on the surface for about two miles and then submerged. Thirty-eight of the crew were drowned. Three others were rescued by a patrol boat.

U-BOAT GOT 19 SHIPS IN THREE-WEEK CRUISE

Rescued Sailor Tells of Conversion With Submarine Commander.

An Atlantic Port, Aug. 7.—One German submarine during a three-week period ending July 19 sank 19 vessels aggregating 68,000 tons and was still in condition to remain longer away from its base, according to a report brought here today by Harold Hansen of Detroit, a member of the crew of one of the 19 ships, who said he received his information from the U-boat commander.

Hansen said he belonged to the Norwegian sailing ship Arsenia, a vessel of 1,719 tons gross register, sunk while on its way from Glasgow to Hampton Roads. His ship stopped when ordered to do so by the submarine commander and a detail from the U-boat came aboard and removed all the food supplies.

The crew was then ordered into the boats, given the course to the nearest land and the Arsenia was torpedoed. The captain of the submarine, Hansen said, told him and other members of his crew with pride that he had sunk 18 other ships in three weeks and was after more.

MANY DRAFT OBJECTORS ARE NOW SURRENDERING

Resistance to Government Order is Subsiding in Oklahoma.

Oklahoma City, Okla., Aug. 7.—Draft objectors continued to surrender today without offering resistance. With two of the national organizers of the Working Class union among the more than 250 prisoners already taken, officers continued their search for three or four others of the more prominent leaders in an effort to put an end to the sporadic outbreaks. Mr. Egan is foreman of the Montana Game warden.

The wounding of William McKewen, deputy sheriff, while guarding the St. Louis and San Francisco railroad bridge at Watsuma, and the capture of John Harjo, Snake leader of the Indian Working Class union membership of Seminole county, and the confession of Mate Harris that he ordered the burning of the Francis bridge near Francis, were late developments of the night.

AUSTRIAN NAVAL BASE IS RAIDED BY FLYERS

NEW RECORDS ARE SET BY HUGE SALMON RUN

Seattle, Aug. 7.—Reports from southeastern Alaska are that the run of salmon is breaking all records in size. Every cannery is running to its full capacity, and all are trying to get more employees.

NATION TO GIVE LESSONS IN WAR

Home Reading Course for Citizen Soldiers Has Been Decided on.

Washington, D. C., Aug. 7.—The war department will soon begin issuance of a series of 30 articles as a course of preliminary instruction for the men who have been selected for service in the national army.

The lessons, which are issued under the general title, "Home Reading Course for Citizen Soldiers," are written in simple, non-technical language, and do not presuppose any military knowledge on the part of the members of the new army.

They were formulated by the war department in response to an apparently general demand for such information as they embody, and while designed primarily to prepare the selected soldiers for the intensive training ahead of them this fall they are expected to prove interesting to the other hundreds of thousands who probably will be called to the colors later, and to relatives and friends of men now enrolled or likely to be enrolled in the army.

Here is a list of the subjects covered:

"Your Post of Honor," "Making Good as a Soldier," "Nine Soldierly Qualities," "Getting Ready for Camp," "First Days in Camp," "Cleanliness in Camp," "Your Health," "Marching and Arms of Feet," "Your Equipment and Care of It," "Recreation in Camp," "Playing the Game," "Teamwork in the Army," "Grouping Men Into Teams," "The Team Leaders," "Fighting Arms of the Service," "Staff Branches of the Service" (1), "Staff Branches of the Service" (2), "Army Insignia," "The Army System of Training," "Close Order Drill," "Extended Order Drill," "Guard Duty," "Getting Ahead in the Army," "Army Courtesy," "Discipline and Respect for the Colors," "Some Army Traditions," "The Spirit of the Service," "Why We Fight," "The War in Europe," "The Soldier in Battle."

The reading course will be supplied to all daily newspapers, with the request that one lesson be published each week during the five weeks following the date of the first release. For the present the press will be relied upon to circulate the course, although the government has reserved the right to reprint in pamphlet form.

INDIAN RIDERS WANT CHANCE AT WAR FRONT

Kalmath Falls, Ore., Aug. 7.—Indian riders from the Klamath reservation are hoping they will have an opportunity to serve as cavalrymen with the American army abroad. Many are considered expert horsemen. Practically all the Indians of military age on the reservation will offer their services, it is believed. If congress passes the Kahn bill, which proposes ten or more regiments of Indian cavalry for the army.

Rannie and D. Donovan at St. James Hospital—Accident on Flat.

William Rannie of the Hazel block, 124 East Granite street, and Dan Donovan of North Wyoming street were seriously injured at 3:30 o'clock this morning when an automobile in which they were speeding turned over in front of the Bungeaioff road house, pinning Rannie and Donovan beneath it and hurling two other occupants several feet away. The men were taken to the St. James hospital.

Rannie was unconscious until 2 o'clock this afternoon and it was not until then that the identity of the two was learned. Donovan has been in a stupor since his arrival at the hospital and is unable to give his name or any version of how the accident occurred. The attending physician stated late this afternoon that the men have more than even chance to recover.

The accident occurred when the speeding car struck a sandy spot in the road, causing the driver to lose control. The car turned completely over into a ditch. The identity of the other two men could not be learned.
