PLANS COMPLETED FOR CELEBRATION

Labor Men of Anaconda and Butte Unite for the Labor Day Festivities.

Anaconda, Sept. 1.—The finishing touches to the arrangements for the joint celebration of Labor day next Monday by the labor councils of Anaconda and Butte in Anaconda were made today. The souvenir banners of the day bearing the emblems of the organizations and a silk flag pendant will be donated to the Red Cross society and a committee of which Mrs. W. A. Bower is chairman, will dispose of them, the entire proceeds going to the funds of the Red Cross.

The visitors from Butte will bring the Montana State flag with them and they will be met at the depot by the Anaconda unions with the Anaconda band. No formal parade will be made but there will be a march forming at the depot with the immense Star Spangled banners in the lead up Main street to Commercial street, east to Chestnut, south to Park street, west to Main street, and south on Main to the city center.

The festivities will be opened there with a ball game between picked teams from the labor unions of Anaconda and Butte. Dan O'Farrell has selected the Butte team and Patsy J. Finnegan the Anaconda bunch.

POPULAR YOUNG COUPLE MARRIED AT EARLY HOUR

A. A. McIntyre and Miss Triol Are United by the Rev. Mr. Craig.

Anaconda, Sept. 1.—Early this morning the Rev. Mr. Craig of the St. Mark's Episcopal church performed the ceremony which united in wedlock Alexander M. McIntyre and Miss Blanche Triol. Dr. Roy Brandt and Mrs. Brandt, the sister of the bride, were the attendants. The ceremony took place at the church. The bride wore a gown of Alice blue georgette crepe with silver trimmings and a hat to match. Mrs. Brandt wore a gold georgette crepe and hat of the same. The wedding breakfast was served at the home of the bride's parents, Mr. and Mrs. M. O. Triol of Locust street. The table was trimmed with sweet peas and the guests were only the immediate members of the family.

The bride is one of the most charming of Anaconda's many fair young girls. She was connected with the house of MacRae, where the romance that culminated today was begun when Miss Triol also was a valued assistant. Later he engaged in business for himself, starting The Tanager store which was an immediate success.

Following the wedding breakfast this morning Dr. Brandt and wife and Mr. and Mrs. McIntyre motored to Butte, where the newly wedded couple will spend their honeymoon in the east. Upon their return the new home will be established in the Lorraine apartments.

LEW RISKEN LEAVES FOR FORT WRIGHT CAMP

Anaconda, Sept. 1.—Lew Risken, son of Assistant Postmaster John Risken, leaves tonight for Fort Wright to join the American Lake army camp. Young Mr. Risken has been a timekeeper at the smelters. He is a well-known young man around town and his fellow townsmen will wish him speedy and safe return to the bosom of his friends. He should make as gallant a soldier as he has been a true friend and faithful employee and a good citizen.

IN DREAMS IT HAPPENS

NOW—I'M ALL CLEANED UP FOR DINNER

MEAN BRUTE!

"Isn't that terrible!" exclaimed Mrs. Gabb as she looked up from her newspaper. "A man thought he was shooting at a cat and the bullet struck his wife."

"Well," growled Mr. Gabb, "sometimes it is hard to distinguish a difference."

ATKINSON IS BACK FROM CONFERENCE

Montana Food Administrator Outlines Methods of Conservation.

Bozeman, Sept. 1.—Alfred Atkinson of the State Agricultural college, Bozeman, appointed by Herbert C. Hoover as federal food administrator for Montana, has returned from Washington, D. C., where he was in conference with Mr. Hoover and the food administrators from other states.

Speaking of the hopes of federal food administration, Mr. Atkinson quoted Mr. Hoover's statement as follows: "First, to guide the trade in the fundamental food commodities so as to eliminate vicious speculation and waste and to stabilize the price in essential staples; second, to guard American exports so that against a world's shortage we retain enough food to feed our own people and cooperate with our allies to prevent unfair price inflation; and third, to stimulate in every manner reasonably possible the saving of food so as to increase exports so that our allies may be able to provision their armies and feed their people."

There is a deficit of over 400,000,000 bushels of wheat necessary to meet normal world consumption. This is due to the reduced production and the wastes of war in Europe combined with the disturbed shipping conditions, which mean that so far as the war-torn nations are concerned wheat supplies from far off nations like Australia, New Zealand and India are simply not available.

Since the opening of the war the number of beef and dairy cattle has been reduced by over 8,000,000 head killed for meat. A like reduction is reported in sheep and other animals.

The general method of carrying on the work of food administration will be through the offices of the state food administrators.

Food administration will not be food dictatorship.

Grain exchanges have been asked to suspend future dealings in wheat and in substitution for this marketing machinery the food administration proposes to open agencies for the purchase of wheat at the principal terminals. These transactions will be carried on through the regular dealers.

The food administration appreciates the western sheepmen's situation. It realizes that the God available determines the number of head which will be carried over, and there is no intention of restricting western sheepmen in the matter of selling lambs at the usual time this fall.

GERMAN DESERTERS ARE BARRED FROM FATHERLAND

Rotterdam, Netherlands, July 31.—(Correspondence of the associated press.)—The period of grace for German deserters has just expired. All such who had fled to Holland and other neutral countries, and who returned after the stipulated period, were by proclamation assured of clemency. Instead of the extreme penalty prescribed by the severe German military code, they were promised a chance to wipe out their offense by service at the front. All who had not returned by July 15 forfeit their German citizenship and, according to the army order, may never return to their fatherland or hope for pardon.

There is no evidence that any substantial number of the many hundreds, probably thousands, of deserters in Holland returned to martial life. On the other hand, the latest news from the frontier says the continued stream of deserters and escaped prisoners of war in the reverse direction has led to the reinforcement of the German sentries. At night a sentry is now posted almost every hundred yards along the border.

Clemency was not extended to men guilty of deserting to the enemy in the period of grace just closed. The latest measure testifies to the strenuous endeavors being made in Germany to round up every available man to fill the gaps in the far-stretching line of gun, rifle and bayonet in east and west.

A camp for German and Austrian deserters is to be opened shortly at Bergen, in the province of North Holland. In ordinary circumstances any such men have only to prove that they are genuine deserters to obtain complete freedom in Holland. This policy of extending open arms to all comers has been found to be attended by grave inconveniences and dangers. There has been an increase of crime and anxiety is felt in regard to the public health. The camp is being instituted for deserters who have offended against public order and safety, or who are considered on good grounds likely to commit such offenses; men whose condition is considered to constitute a danger to the public health will likewise be interned there. All such will be given the choice of entering the camp or returning whence they came.

PERIOD OF GRACE GIVEN MEN WHO FLED TO HOLLAND EXPIRES.

VALUATIONS LOWERED ON FLATHEAD LANDS

Special to the Post.

Washington, D. C., Sept. 1.—Relieving over 200 settlers who filed for lands on the Flathead reservation and who for years have complained of the high valuation placed on the same, the secretary of the interior has approved an order reducing prices of the lands during an interview with the secretary of the interior.

Congressman Evans impressed him with a sense of the injustice done these settlers and convinced him of his authority to reprice these lands without further legislation, with the result that a reduction will be made, fixing the prices at not to exceed \$7 an acre in accordance with the classifications made by the first appraisers of Flathead lands.

BUTTE BRIEFS.

Alix W. Lolselle returned today from a week's motoring trip through the northern part of the state, having visited in Helena, Great Falls and other cities.

Mrs. C. J. Davidson and son, John, of Mazatlan, Mex., are visiting at the home of Mrs. Davidson's parents, Mr. and Mrs. J. F. Griffiths, at 616 West Mercury street.

ONE DEAD AND THREE ARE INJURED IN WRECK

Rear-End Collision at Havre. Blame for Accident Not Fixed.

Great Falls, Sept. 1.—A rear-end collision between an east-bound train No. 2, eastbound, and a freight train in the Havre yards at 4:30 this morning resulted in the death of C. Rabli, brakeman of Great Falls, and the injury of H. R. Campbell, Great Falls, broken arm and probable internal injuries; B. Merrick, passenger, of Seattle, bruised and possible internal injuries.

The man killed and the three railroad men injured were in the caboose asleep dead-heading to Havre out of Great Falls. The freight contained 27 tanks of crude oil, five of which were burned, together with three cabooses, and it was with the greatest difficulty that the two trains were saved from burning in the wrecked oil train.

The blame for the accident has not been fixed, as the block system had released the passenger train before the oil train had passed out of the block. The fire lasted five hours before it could be controlled, and traffic was delayed seven hours by the wreck.

RACE RIOT IN A KENTUCKY TOWN

Negroes and White Militiamen at Lexington Clash.

Lexington, Ky., Sept. 1.—Race rioting broke out early this afternoon in the streets of this city between a number of Kentucky national guard troops and a number of negroes who had crowded the city from the surrounding country, attending a colored fair. Just what damage has been done cannot be estimated as yet, but the provost guard from the soldiers' camp was hurriedly summoned.

Ten negroes have been injured and as far as is known there have been no casualties among the soldiers. The trouble started when three soldiers tried to pass on the pavement in front of a negro restaurant. The negroes resented being shoved aside and it is said a large number of them set upon the soldiers. Other soldiers came to the assistance of the three men and fought their way out of the crowd. It is understood that the military authorities have been asked to keep the soldiers off the streets tonight, although the situation is quiet at present.

HOMELY CAN HAS PASSED FOR GOOD

From Today Bucket of Beer Served No More in the Saloons of Butte.

The time-honored tradition of "can-rushing" which has been prevalent in Butte not alone in the days of the "cabbage-patch," but also in the more respectable and many times in the "high-toned" sections of the city, has passed away for good. The vanishing decree was issued by the saloonmen themselves, who claim that on account of the increasing cost of beer it was impossible to sell a can of beer, measuring from eight to ten glasses, for 15 cents. The price for a time was boosted to 25 cents, but did not prove popular, and finally the saloonmen agreed that the "can-rushing" system was a nuisance anyway and should be ended. The last cans were filled last night.

PAWNEE RAMPANT, SAYS REV. C. F. CHAPMAN, JUST HOME FROM TRIP.

If anyone doubts that the United States is going to stick in the present world war, Rev. C. F. Chapman, pastor of St. John's Episcopal church, who returned last night from a five weeks' business trip in the larger eastern cities.

"I found nothing but soldiers, patriotism and enthusiasm," said Rev. Chapman today.

Rev. Chapman visited in Chicago, Cincinnati, Columbus, O., Philadelphia and New York City. He studied parishes there and Sunday work in those centers and incidental was ranging for a successor to Rev. R. J. Jensen, his assistant. Rev. Jensen left last night for Dillon, where he succeeds Rev. Mr. Young as pastor of the Dillon Episcopal church. The question of the appointment of a successor to Rev. Jensen has not yet been decided on.

"I had a most enjoyable trip," said Rev. Chapman. "It surely does an American good to travel around the country in these war days; he realizes that there is a great patriotic wave of feeling abroad and that his own people are prepared to do their bit in this great world war for world democracy. I really believe," he said, "that it would pay the government to send delegations from each city to the larger eastern towns to get the true patriotic spirit. America is awakening and when this war draws to a conclusion we shall have a great united country and a new Americanism."

Rev. Chapman will preach as usual at his church tomorrow.

HOLLWEG TAKEN TO TASK BY GERARD

Says Former German Chancellor Has Not Exact Copy of Article.

Hamilton, Mont., Sept. 1.—James W. Gerard, former ambassador to Germany, who is visiting at the Daily ranch near here, today took issue with Dr. von Bethmann-Hollweg, the former imperial chancellor of Germany. The former ambassador issued a statement in which he contradicts the statement of the former German chancellor that Mr. Gerard had drawn on his imagination.

"Dr. von Bethmann-Hollweg," said Mr. Gerard, "apparently has not had the exact copy of my articles, for if he had read them he would have seen clearly that I said the peace terms described were the German peace terms and not the opinion of the chancellor. I wish to say that Dr. Hollweg, himself was always subject to the rule of the military party of Germany and could not follow his own desires."

"In the second place, Dr. von Bethmann-Hollweg admits that the German government intended to exact guarantees from Belgium and makes the admission himself in the interview in which he so sharply criticizes me."

"Thirdly, I wish to say if these terms as cited are not the German peace terms, then what are the German peace terms?"

"Dr. Hollweg gives nothing different from these, and so it must be assumed they are the German terms after all. I consider it a matter of regret that the German government put Dr. Hollweg out of office and I feel that personally he is bitterly opposed to the ruthless submarine warfare, and that he only refrained from resigning his office out of deference to the wishes of Emperor William."

RUSH WORK ON HOSPITAL UNIT

Main Surgical Building Will Be Started This Fall if the Weather Permits.

Work on the power house, the first unit of the Deaconess hospital, is being rushed in the hopes that the main surgery building, the second unit, can be started this fall. The power house is a two-story affair with a basement. Floyd Hamill, the architect, who is supervising the work, is making an effort to have the power house finished by the latter part of October. If the weather is propitious, the second unit will be started. If not, it will be deferred until spring.

Under the latest plans as adopted by the trustees, there will be six units. The entire outlay will be \$500,000. It will take ten years to complete the hospital. There is sufficient money at hand for the construction of the first unit and for the greater portion of the second unit. The trustees expect to have no trouble in getting funds sufficient for the first two units. The remaining four are expected to pay for themselves. The four units referred to are: Medical building for women and children, medical building for men, tuberculosis building, and nurses' home.

The St. Ann's Catholic church building, at the corner of Lawrence and Farragut streets, erected at a cost of \$6,000, is completed. It is a single-story building constructed of cement and plaster and covers a floor space of 50x50 feet.

Beside the church and a part of it is the St. Ann's school, in course of construction. This building, which will cost \$10,000, will be finished in time for the first term of school. It contains four rooms.

The St. John's Catholic church and school building at the corner of Whitman and Major streets will be finished in a week. It is a two-story structure of brick and will cost \$20,000. Under
