HAD BEEN PLAYING "SOCIAL" GAME

Lucille Howard Not Guilty of Contempt—Visitors Brought Their Beer Along.

Lucille Howard, who conducts a roadhouse on the flat, was not selling or giving away any beer on the morning of Aug. 20 when Undersheriff Jack Melia and Deputy Sheriff Arel arrived at her place of business, but was simply assisting in entertaining a party of men and women, representing bartenders, musicians and chauffeurs who had been out there playing a "social" game of ball and who had taken with them several cases of beer which Lucille permitted them to drink in her dancehall. Such, in substance, was the story told before Judge McClelland this morning by Lucille Howard and some of those who were found in the place at 11 o'clock in the morning surrounded by beer bottles.

A few months ago County Attorney Jackson secured an injunction restraining Lucille Howard from violating the roadhouse law in regard to women frequenting the place and being served with drinks. On the morning of Aug. 20 the undersheriff visited the place and found a number of men and women in the dance hall with bottles of beer on the tables and glasses nearby. He placed the Howard woman under arrest and charged her with contempt of court in violating the injunction order. The contempt hearing took place this morning with Attorney M. F. Canning representing the woman and Chief Deputy County Attorney N. A. Rotering and Deputy County Attorney Frank L. Riey representing the state.

Undersheriff Melia was the first witness. He said that he found four women and seven men in the dance hall when he entered the place, with seven bottles of beer and three glasses on the tables. The door between the saloon and the dance hall was open and the bartender was in the saloon. The witness said that he was asked not to say anything about what he saw, as a "social" ball game had been played and the party returned to Lucille's to drink the beer which they had brought along with them. The undersheriff said that as he entered the place he saw one of the men of the party rushing the people out the side door and he stopped him after several got away.

Deputy Sheriff Arel said that he was present with Undersheriff Melia. He saw Lucille Howard and several men and women in the dance hall and the door between the dance hall and the saloon was open. There were bottles of beer and glasses on the billiard table.

Had Played Ball.

In behalf of the defense W. E. Norman was called as the first witness. He said that the bartenders, musicians and chauffeurs had had a "social" ball game in the locality and they secured permission from Lucille Howard to take the beer which they had brought along with them into the dance hall and drink it. He said that the women in the party included the wives and sweethearts of the men taking part in the ball game. The witness said that Lucille Howard did not sell or give away any beer to the party. The witness said that two ball games were played and that each side had a full team. They had brought along with them between seven and eight cases of beer. Both the men and the women, the witness said, drank the beer out of the bottles and did not use any glasses.

Mark Fulmer, another of the party, said that there were between 20 and 30 persons in the party. Lucille Howard did not sell any beer nor give any away. He said that the party went out on the flat about 6 o'clock in the morning and the ball game was started between 7 and 8 o'clock. He said that the losers were to pay for the beer, although he admitted that each member of the party contributed a certain amount of the day before for the purchase of the beer.

Mrs. Leo DeChenes said that she sold the house occupied by Lucille Howard to the latter about three years ago. It contained 13 rooms. Lucille Howard said that the party claimed that they had played a ball game and asked permission to occupy the dance hall, drink their beer and have a few dances, which she granted. She said that the beer the party had was Blue Ribbon and she admitted that she sold Blue Ribbon beer to the ball party and also declared that she did not give any of the party any. The witness denied that she told Undersheriff Melia that the ball party purchased the beer from her and paid her \$15 for it. She said that she saw women drinking beer in the dance hall.

At the conclusion of the hearing the judge said that he did not believe that the evidence was sufficient to find the defendant guilty of contempt and therefore dismissed the order to show cause.

"I would advise you in the future to avoid any semblance of a violation of the order," said the judge to Miss Howard.

33 COME IN AT LAST MOMENT

Belated Men Called Under the Draft Examined by the City Board.

In response to the statement given out by the city examining board yesterday that today would be the last opportunity for men called on the second detail of the first draft to be examined, 33 men appeared at the city hall this morning and were given the physical examination. When the board of examiners close this afternoon the last chance for drafted men who have failed to appear will be gone and these men will be certified for army service.

Twenty-three of the men examined this morning were accepted on the physical examination and 10 were rejected. Among those rejected was Herman Freshman, a School of Mines graduate. When Freshman first received his notice to appear he was about to undergo an operation at the Murray hospital, and the attending physician asked permission to allow Freshman to be examined at the hospital. This was done but the papers were not returned to the city board, so that Freshman's name was among those who failed to appear.

Today's Examinations.

James E. Quill, who was held for a re-examination from a previous draft, was passed by the city board today. The following is the list of those passed on the physical examination by the city board this morning: Frank A. Jackson, Chester W. Dorsey, James A. The following were rejected: William T. Willett, William S. Buckley, Herman Freshman, Sam Reltan, Ray C. Swan, Maurice Collier, Louis Perry, Joseph T. Dahlstrom, Charles J. Mercer and Morgan Kavanaugh, Jr.

The examination of the second detail of the first draft quota for Silver Bow county proceeded this morning with only 50 percent of the men summoned for today in attendance. The men were given the examination for eyes and ears in the courthouse, under the direction of Dr. Potter of the county board, and this afternoon they are being given the remainder of the physical examination at the Murray hospital. The list of those accepted or rejected on yesterday's examination has not been completed by the board and will not be ready for publication before tomorrow.

STRIKE-BREAKERS QUIT ON FRISCO CAR LINES

San Francisco, Sept. 13.—Approximately 250 substitute carmen brought from eastern cities by the United Railroads here to take the places of striking platform men quit work in a body today. Strike leaders asserted the men were dissatisfied with wages and housing accommodations, while company officials declared the men had been discharged because they were not needed.

The substitutes were immediately paid off and were to be entrained for eastern points.

Will Be Repaid for Their Work.

Women everywhere suffer from kidney trouble—backache, rheumatic pains, swollen and tender muscles, stiff joints—and it is to help those who suffer as she did that Mrs. C. J. Ellis, 505 8th Ave., Sioux Falls, S. D., writes: "I feel sure if any one bothered as I was will give Foley Kidney Pills a fair trial they will be repaid for their work. It seems foolish to neglect an ailment when there is such a remedy to be had." They correct bladder disturbances, too.—Newbro Drug Co.—Adv.

EXHAUSTED PATIENCE.

For three weeks he had borne all the horrors of the annual cleaning without a murmur. Then his patience gave way.

"And you," sobbed his wife, "you used to tell me I was your queen." "Yes," he said, with a wild glare in his eyes, "but when a man finds his queen has used his best tobacco jar for pale oak varnish and his meerschaum pipe for a tack hammer, he begins to grasp the advantage of a republic."—Tit-Bits.
