RUMANIA'S ARMY WRESTS ANOTHER TOWN FROM FOE

Heavy Fighting But Only Laconic Statements on the Western Front.

THE WAR SUMMARY. Rumania's army is continuing its activity on the Moldavia front and has won another success. Petrograd reports the occupation by Russian troops of a Teutonic position on a height near Grozechil. The Russian front proper is comparatively quiet, neither side apparently being engaged in any important operations.

Heavy Fighting. Reports from the British front in Flanders continue to mention only raids and artillery and airplane activities. Notwithstanding that virtually all the recent London statements have been similarly lacking in records of major operations, the British casualty lists disclose there has been heavy fighting. Casualties on all fronts reported during the week ended yesterday, for instance, totaled more than 27,000, of which the killed numbered 4,590.

Laying Plans. Point is given these facts to the recent reports of correspondents that despite the laconic official announcements the British activities are by no means as unimportant as they might seem and that all arms of the British service are being constantly employed in the process of wearing down the German resistance. The German casualties for specific periods are not so readily available, but observers at the front calculate them as extremely heavy in the sort of fighting now in progress.

BRITISH DRUM FIRE ON FLANDERS FRONT

Berlin, Sept. 19 (Via London)—Violent waves of artillery fire which were directed with increasing intensity yesterday upon the German lines between Houtholst wood and the Lys, on the Flanders front, developed last evening and this morning into drum fire, army headquarters announced today. The entire infantry, however, did not attack.

BRITISH CASUALTIES DURING THE WEEK

London, Sept. 19.—Casualties in the British ranks reported for the week ended yesterday follow: Killed or died of wounds, 135 officers and 4,733 men. Officers wounded or missing, 421; men wounded or missing, 21,543.

QUICK AGREEMENT ON THE HUGE BOND BILL

(Continued from Page One.)

per cent and retained the house provision giving the secretary of the treasury full authority to determine the rate, which is expected to be slightly more than 4 per cent. The bill authorizes \$7,528,000,000 of new convertible 4 per cent bonds, subject to income surtaxes and war excess profit taxes. Of these \$4,000,000,000 are for new loans to the allies, the remainder to convert the 3 1/2 per cent Liberty Loan and to refund miscellaneous bond issues. Issuance of \$2,000,000,000 of war savings certificates and the same amount of short term treasury certificates of indebtedness also was provided.

A complete agreement by night on the administration trading-with-the-enemy bill was promised when conferees on the measure resumed work today. The insurance and imports embargo provisions were among the more important questions awaiting final determination.

DEFICIENCY BILL IN HANDS OF SENATE

Washington, Sept. 19.—Carrying \$7,000,000,000, the war deficiency bill is today in the senate's hands, following its passage yesterday by the house without a dissenting vote. The senate probably will act promptly after its appropriation committee, which is now considering the bill, reports. The committee today began hearings on the bill with Secretary Baker appearing as the first witness. The secretary was expected to present new estimates for the army, which, together with other estimates, may bring the bill's total up to about \$5,000,000,000. The bill is the biggest money measure in American history. Among the larger items of appropriation are: Shipping board, \$1,745,000,000; fortifications, \$1,495,000,000; emergency funds, \$260,000,000; torpedo boat destroyers, \$235,000,000; and machine guns, \$338,000,000.

Still More Needed.

With the beginning of senate hearings on the bill today Secretary Baker presented estimates for additional appropriations of \$287,418,000, principally for ordnance and the engineering service. "The submission of all these estimates," Secretary Baker said, "is made necessary in order to provide increased facilities for the manufacture, issue and storage of ordnance material for equipment of an additional half million men in anticipation of a call for that number; for procuring additional rifles and an additional supply of small arms; ammunition for machine guns, rifle and pistol and target practice of an army of 2,500,000; for construction work with which the

engineer corps is charged in France, and for equipment of special troops operating in the theater of war in Europe.

STILL DISPUTING OVER THE POSTAGE RATES

Washington, Sept. 19.—Dispute over second class postage rates marked today's session of the conferees on the war tax bill with the result left in doubt.

Final agreements were not reached on any of the important contests, according to reliable reports from the conference room. The house conferees held a separate conference during their luncheon recess, discussing further movements in their contests with the senate members.

In endeavoring to fix details of the compromise system for increased second class mail rates, the conferees were said to have developed much feeling, with the senate members inclined to abandon yesterday's agreement for a compromise increase and adamant to house proposals believed by the senate conferees to be too drastic.

Many Protest.

Representatives of jewelry, automobile manufacturing and other interests, stirred by publication of re-imposition of the tax rates affecting them, reached here in numbers today and were heard by individual conferees, while other members of both houses were deluged with telegrams from business interests in their home states protesting against the rates.

Experts summoned by the conferees to advise them regarding smoothing out the excess profits section declared that neither the house nor the senate plan as now drawn would operate fairly to business and said creation of a board to adjust inequalities, either now or after the bill is put into operation, would be absolutely essential.

A MUSEMENTS

"SKINNER'S BABY" AT RIALTO TOMORROW

The Rialto theater offers for a limited engagement, commencing tomorrow, "Skinner's Baby," an Essanay play photograph to the Henry Irving Dodge photo-tale, "Skinner's Dress Suit" which made such a hit throughout the country.

Bryant Washburn is star of the production, with Hazel Daly the Honey of the story, which is said to be just as funny, and by some even funnier, than "Skinner's Dress Suit." "Skinner's Baby" is a comedy-drama of everyday life, dealing with the aspirations of the Skinners, who want a baby in their home above all things. Skinner is happy until he sees the utter joy of the head bookkeeper, and the proud father of a bouncing boy, and then gloom settles over the Skinner household. The gloom is dispelled in due time, although a sudden change of attitude is required before the Skinners are perfectly satisfied with the situation.

GOSSACKS WANT LEADER IMMUNE

They Petition Government to Revoke Order for Kaleldines' Arrest.

Petrograd, Sept. 19.—It is expected that the Cossack incident shortly will be cleared in a satisfactory manner, says the Russian official news agency. Cossack officers have submitted to the provisional government a petition requesting that the order for the arrest of General Kaleldines, the Cossack leader, be countermanded, alleging the affair is entirely the work of political agents. A delegation of loyalists from Moscow has now gone to the Cossack headquarters to investigate on the spot.

OFFICERS OF PETROGRAD COUNCIL HAVE RESIGNED

Petrograd, Sept. 19.—In view of the resolution of the Maximallists, which was voted by a plenary session of the Petrograd council of soldiers and workmen's delegates demanding that power be assumed by the council, the whole bureau of the council has resigned. Among those who handed in their resignations were President Tolstozna, Vice Presidents Annisimoff and Gotz and M. Skobeleff, Teretelli and Tchernoff.

Delegates of the Petrograd Council of Soldiers and Workmen's Deputies at a plenary meeting held at Petrograd on Saturday adopted the Maximallists' resolutions setting forth that the tragic situation of the country rendered necessary the constitution of a strong revolutionary power free from all compromise with the counter-revolutionary Bourgeois elements and announcing that they had decided to convolve immediately a general conference of representatives of the whole organized democracy leading the country until the time of the calling of the constituent assembly. The conference, it was stated, would be held at the Russian capital not later than Sept. 25. The resolutions put forward an extremely radical program, demanding the exclusion from power of all representatives of the property classes, the abolition of private property and the immediate declaration of a democratic republic.

On Saturday night the provisional government issued a proclamation dated Sept. 14 and signed by Premier Kerensky as minister-president, declaring Russia to be a republic.

GOMPERS' MESSAGE IS GIVEN TO KERENSKY

Petrograd, Tuesday, Sept. 18.—David R. Francis, the American ambassador, tonight presented to the Russian provisional government the telegram addressed by Samuel Gompers, president of the American Federation of Labor, to Premier Kerensky, pledging the support of American labor in the war and urging the aid of Russian democracy.

SLOW PROGRESS IN SHIPYARD STRIKE

(Continued from Page One.)

general strike committee which is directing the strike of the men in the wooden shipyards against 10-hour lumber and managers of the shipyards relative to resumption of work with eight-hour lumber, which, according to the best authorities, is not obtainable. All the labor unions of Seattle are now lined up solidly behind the timber workers in their strike for the eight-hour day. Negotiations in Washington are expected to settle the lumber strike. The unions take the position that the government should commandeer sawmills and operate them under the eight-hour schedule.

Strike headquarters announces that the Anderson Shipbuilding company has agreed to use only eight-hour lumber. The men on strike at the Anderson plant will resume work, it is stated.

SOLDIERS ON GUARD AT SHIPYARDS AND MILLS

Astoria, Ore., Sept. 19.—United States infantrymen today were patrolling the streets surrounding Astoria's three shipyards and the big Hammond Lumber company's mill here. The troops arrived early today from Portland, having been sent by Governor Withy-combs to prevent Industrial Workers of the World and other agitators from picketing the plant and threatening the employes working on government orders.

No disorders were reported. The Hammond mill continued to operate today, although crippled by a walkout yesterday of approximately 150 men who struck in sympathy with Seattle strikers against 10-hour lumber.

PLENTY OF FUN FOR MEN OF NEW ARMY

(Continued from Page One.)

The Knights of Columbus, who have raised \$3,500,000; the Playgrounds and Recreational Association of America, which has appropriated \$2,500,000, and the Library Association of America, which is to provide libraries in the cantonments from a fund of a million dollars. For a canteen service in the camps, a fund of \$2,500,000 has been set aside.

AD CLUB OPENS WINTER SEASON

President Lonskey Outlines the Business for Coming Meetings.

The preliminary business luncheon of the Butte Ad club, inaugurating the fall and winter season of weekly luncheons, was held today at Gomer's on West Park street. President H. J. Lonskey presided and outlined the immediate work which faces the members and the committees.

In his remarks Mr. Lonskey drew attention to the fact that there was a special meeting of the Ladies of the G. A. R. on Friday night at the Butte high school auditorium at 8:10 o'clock, at which time the members of the Ad club were expected to be present at the presentation of a flag bought by them for the Boy Scouts. It was announced that Malcolm Gillis would present the flag on behalf of the club. The members expressed their agreement with the plan by liberal applause. Mr. Lonskey asked for a large attendance at the session.

Another matter brought to the attention of the meeting by President Lonskey was the big parade planned for Sunday night in honor of the second quota of drafted men from Silver Bow county. Mr. Lonskey urged all the members to attend and march in a body, according to arrangements which would be outlined in circulars to the members before that date.

Mr. Lonskey then referred to the arrangements which had been made for the weekly luncheons during the fall and winter by the program committee. He said that an address on the subject of advertising would be made at every luncheon. He also announced that at the next meeting of the club Mr. Fitzgerald of Chicago, a very prominent advertising man occupying an eminent place in national work, would probably be present to talk to the members. He expected the members to be present on time at the meetings, at 12:10 at the latest.

Mr. Lonskey also referred to the fact that a week from tomorrow would be Butte day at the state fair at Helena and he urged every member of the Ad club to attend. He said that all were willing to spend a little money.

DRAFTED MEN TO DO WORK THEY ARE SUITED FOR

(Continued from Page One.)

assignment of the men to the special units necessary in modern warfare.

To Get the Men.

Charts have been prepared to be filled out by the men showing exactly their experience and training and providing also for a statement of their preferences as to the kind of work they will be called upon to do. If possible, these cards will be supplemented by a personal estimate of the men by the civilian experts. This can be done only after a rough general classification has been made possible through the card system, as it would be too great a task to personally interview every man.

TACOMA BOYS FIRST TO ARRIVE AT CAMP LEWIS

Camp Lewis, Tacoma, Wash., Sept. 19.—To South Tacoma fell the honor of sending the first men of the second quota to Camp Lewis. Twenty men from local District No. 1, arrived in automobiles at 10:45. Honors of being the first man of the second quota at the camp go to Earl Alexander Ross of Pacific county, who arrived yesterday. The Pierce county men, with the exception of the South Tacoma delegation, left from the city hall in Tacoma amid the good-byes of a large assembly of men and women and made the trip in automobiles furnished by members of the Tacoma Rotary club.

The first conscientious objector to arrive in camp was Paul Allen Hart of Pierce county, board No. 1. He registered with the rest of the men without comment. The men who reported today were quickly handled at the receiving station, given their examinations for contagious diseases, and promptly marched off to their barracks.

MEDLYN FUNERAL

The funeral of Mrs. W. J. Medlyn was held this afternoon from the family residence, 2023 Elm street. Mrs. Medlyn was one of the city's most beloved matrons and a host of friends gathered at the last rites to express their sympathy to the bereaved relatives. Funeral services were conducted at the Lowell Avenue Methodist Episcopal church and interment was made in the Mountain View cemetery.
