AMERICAN PRISONERS IN GERMAN CAMPS TO GET PLENTY OF FOOD

Washington, Sept. 20.—Each American prisoner of war held in Germany will receive every two weeks through The American Red Cross in Switzerland three "food kits" containing from nine to ten pounds each. It was announced today that the food division of the surgeon general's office has prescribed a table of food for each "kit" so that sufficient nutriment may be sent to take care of a prisoner until the next package arrived for him.

In order to fulfill the desire of families to send food to relatives held prisoners, arrangements will be made later for boxes to be sent to Red Cross headquarters in Switzerland to be repacked there and forwarded to Germany.

The German authorities have agreed that each American shall personally sign a receipt for his "kit." At this time 101 Americans are prisoners in Germany.

THE POST FOR THE NEWS

Man's Letter Answered.

Dear Sir: In the year 1915, month of March, I read in my newspaper a recipe or prescription and had it filled, as I was in run-down health and was particularly nervous, weak and worn out. I was despondent and unable to work part of the time. The medicine at once revived my energy, will power and strength and have felt like a "new man" until just recently. Have lost the recipe and would appreciate your publishing it again for my benefit and others needing such a grand medicine to restore health.
H. H. B.

Answer—The prescription referred to is herewith given. Any well-stocked drugstore can mix it. It really is a wonderful strength-giving tonic for nerve-bruised men, and women, too:
Tincture Cadomene Comp..... 1 oz.
Comp. Essence Cardiol..... 1 oz.
Comp. Fluid Balmwort..... 1 oz.
Comp. Syrup Sarsaparilla..... 1 oz.
Mix. Shake well and take a teaspoonful before or after each meal and one at bedtime for several weeks.
DR. LEWIS BAKER.

SUPPLY IS GREATER PRICE IS HIGHER

Frenchmen Will Pay Dearly for Wine They Drink This Year.

Paris, France, Sept. 20.—Frenchmen are in no danger of going thirsty this year, but they will pay dearly for their favorite beverage unless the government can check speculation in wine. The yield of grapes will be from 40 to 50 per cent greater than that of last year; last year's crop was nearly 50 per cent greater than that of 1915, yet wine costs twice as much as it did a year ago and three times as much as it did in 1914. Ordinary table wines then sold at the equivalent of 8 cents a quart for red and 10 cents for white, at retail. They bring 25 cents, respectively, today.

Requisitions for the army, lack of distributing facilities, scarcity of wine casks, bottles and wine tank cars, insufficiency of help, high cost of fertilizers and chemicals, and the natural economic effect of war are given here in the wine country as the reasons for the rise. Another reason is the purchase of "wine on the vine" and successive transfers of the crop from one speculator to another, even before the grapes have ripened, the same system as adopted by speculators in coal importation licenses last winter.

This abnormal dealing has made ordinary wines relatively dearer than the fine wines. Burgundies, clarets and good white wines generally are abundant and have not increased excessively in price. They are not so much subject to speculation and they escape such ordinary grades, even more in some cases, from the insufficient supply of bottles and casks.

The minister of provisions proposes to either requisition the entire crop, annulling all speculative contracts, and supervise the distribution to the retail trade, or fix a maximum selling price at which common wines may be sold to the consumer.

The opinion of the wine country was thus expressed by a grower of the Gard: "They propose to limit the avails of the winegrowers' work, but no one has ever talked about keeping down the profits of the merchants who sell us sulphate of copper and sulphur," said he. "The great danger in these projects for limiting selling prices or requisitioning at arbitrary figures is that winegrowers will simply abandon their vineyards; consequently, a scarcity of wine and higher prices yet."

The winegrowers' association proposes as a compromise that conditions be made to the state on the quantities of wine requisitioned for the army and that, in return, the state leave the wine market to adjust itself.

DEPUTY SHERIFF BENNETTS PRESENTED WITH CHECK

The street railway company has presented Deputy Sheriff Bennetts with a check for \$100 in recognition of his services in preventing a highwayman from holding up a Race Track car. The deputy sheriff was on the car on the lookout for robbers when the bandit entered, carrying a brace of guns and his face covered with a handkerchief. When the robber was about to search the passengers Bennetts stepped up and, as he was about to be shot, he knocked the arm of the holdup man into the air and sent two bullets into his body which resulted in his death on three previous occasions within a short time street cars had been held up in the same locality.

FRANCE OFFERS WAR CROSS TO AMERICANS

American Headquarters in France, Wednesday, Sept. 19.—(By the Associated Press)—Brig. Gen. George B. Duncan and Maj. Campbell King are the first American officers to receive the war cross in the French awards growing out of American participation in the recent Verdun offensive, when they acted as observation officers in forward artillery posts. Whether the officers will be permitted to accept the decoration is not known.

The citation for General Duncan reads: "He assisted our forces under circumstances of extreme danger during a very violent bombardment at Verdun. A piece of shrapnel struck the steel hat of the officer."

Major King also visited the forward dressing stations.

BUTTE BOYS TO WAR.

Jack Thomas and Herbert Heggs, two Butte young men, left last night for England, where they will join the Royal field artillery. A crowd of Welshmen accompanied the boys to the depot and gave them a rousing farewell. The two young men have been with the recruiting office of the British mission in Seattle for the past two weeks, returning to Butte on their way to England yesterday.

ARTICLES FILED.

The Valiton Brothers company filed articles of incorporation with the clerk and recorder yesterday afternoon. The company is capitalized at \$25,000 of shares of \$100 each. The principal office is in Deer Lodge.

Safe Remedy for Children.

Every parent is, or should be, careful in giving medicine to children. Chas. Baker, Brownsville, Tex., writes: "For some years past I have used Foley's Honey and Tar and have found it especially efficient for bad coughs of my children. I always recommend it to my friends as a safe remedy for children as it contains no opiates. My wife would not think of using any other kind of cough medicine as it is certain to bring quick and lasting relief." It checks croup. Newbro Drug Co.—Adv.

EMPLOYERS ARE ASKED NOT TO HIRE ALIENS

Defense Board Would Have Americans Fill Vacancies Caused by Draft.

San Francisco, Sept. 20.—Resolutions prepared for the county council of defense by Judge Thomas F. Graham yesterday call upon all employers to fill vacancies caused by men going into the army or navy with American citizens and from the families of those who have gone to war.

Aliens not subject to draft are said to be getting places thus vacated. The resolutions are:

It is unfair that the positions should be filled by those who refuse to serve. The county council of defense calls to the attention of all employers the desirability of employing American citizens to fill these positions and recommends to all employers that positions vacated by employees who have entered the service be filled by those from the families of these former employees.

68 WOMEN EMPLOYED AS CAR CLEANERS WILL REPLACE MEN STRIKERS

Oakland, Cal., Sept. 20.—Sixty-eight women were engaged as window washers for the Pullman Car company here today, displacing men who struck yesterday for an increase in pay. The men demanded 25 cents an hour instead of the established rate of 17 to 20 cents an hour.

CANADIAN HELD HERE.

Wilford Gordon, a young Canadian arrested last night by City Detective John Gerry, admitted to federal officials that he came into the United States from Canada without passports. Picked up as a stowaway, the young man proved that he had tried to enlist in the English army. He will be held for further investigation.

MONTANA EDITORS TO HONOR HEROES

Monuments Will Be Dedicated to Captains Mills and Mullan.

Dedication of the monument given by Mrs. John Morony Labor in honor of her father, Capt. James H. Mills, Montana's first newspaper editor, will be one of the features of the convention of the Montana State Press association which occurs in Missoula Oct. 3, 4 and 5. The monument is erected at Gold Creek, in commemoration of the first gold discovery in the Treasure State. It will be unveiled by the state editors on Oct. 6.

Another feature of the state meeting this year will be the dedication of the Mullan monument in honor of Captain Mullan, who took an important part in the construction of the Mullan road.

A third feature will be an address delivered by Joseph Blithen, general manager of the Seattle Times. Mr. Blithen has accepted an invitation to speak and will deliver his address on Oct. 4 at 2 p. m.

Mr. Blithen is the son of Col. A. J. Blithen, founder of the Seattle Times, and since his father's death he has had charge of that newspaper. Under his management the new Times building, which is said to be one of the most modern newspaper plants in the country, was erected.

Club Privileges Given.

Cards extending 10-day privileges in the Missoula Country club and the Elks' club have been sent out to all the state editors by D. D. Richards, secretary of the Missoula Chamber of Commerce. Both clubs are co-operating with the chamber of commerce in an effort to make the state press meeting this year one of the best ever held.

The program for the three-day session has been issued and contains an excellent assortment of addresses and discussion by prominent newspaper men of the state and northwest. The business sessions of the meeting will begin on the morning of Oct. 4 and will continue until the evening of Oct. 5. The session will be interspersed with auto rides about the city and special entertainments for the visitors.

"Made-in-Missoula" Banquet.

A general smoker for all the delegates will be given on the evening of Oct. 4 at the Missoula Country club. At 8:30 o'clock, on the next evening a banquet will be given, at which everything served will have been made in Missoula.

The State university is co-operating with the state press association officers in making plans for the entertainment of the visiting editors while they are here.

The wives of all the editors have been invited to attend and the women of Missoula will have special entertainments and receptions for them. They will also be taken on auto trips about the city and the outlying valleys.

CHURCH SERVICES FOR BUTTE DRAFTED MEN

Preparations are being made by the Rev. J. H. Mitchell and his church committee for a special service in honor of the drafted men of Butte and Silver Bow county who leave Sunday night for Camp Lewis. The special service is to be held at 11 o'clock Sunday morning at the Grace M. E. church, Second and Arizona streets. All enlisted and drafted men, their friends and families are invited to attend. Malcolm Gillis, chairman of the citizens' executive committee, will attend the services and make a brief address. Other citizens will also make short talks. The pastor, Rev. Mitchell, will speak on "Sacrifices for Democracy." Special music is provided for the service and an honor roll with the names of men drafted from Grace M. E. church will be displayed.

RECRUITING TO BEGIN IN BUTTE NEXT WEEK

Local army men believe that the regular army recruiting office will be opened in Butte within another week. Private Sanford Seigrist, who formerly was in charge of the Butte office, went through the city last night on his way to Dillon, where an office will be opened today.

Lieut. E. B. Hammond of the marines arrived in Butte last night to "look over" the Butte marine office. He considers Montana still ripe for marine recruits and announces that the state has made a wonderful showing in sending men to the marine corps. The local marine office is now in charge of Sergeant Speer, who arrived yesterday.

TO FAITHFULLY REDEEM HIS PLEDGE TO Y. M. C. A.

Convincing evidence has been received by the local officials of the Y. M. C. A. that the subscribers to the building fund of \$213,000 intend to redeem their pledges faithfully. A letter received yesterday from one of the soldiers and stated that in the event of his death the amount remaining due on his donation was to be taken out of his insurance policy.

TO NAME NEW CHIEF OF STAFF FOR ARMY

Washington, Sept. 20.—Secretary Baker said today there would soon be an announcement concerning chief of staff, Major General Scott, chief of staff, reaches the retirement age this month and the understanding is that he is to be retained in active service with a field command. His successor is expected to be Maj. Gen. Tasker H. Bliss, now assistant chief of staff.

Butte Business College

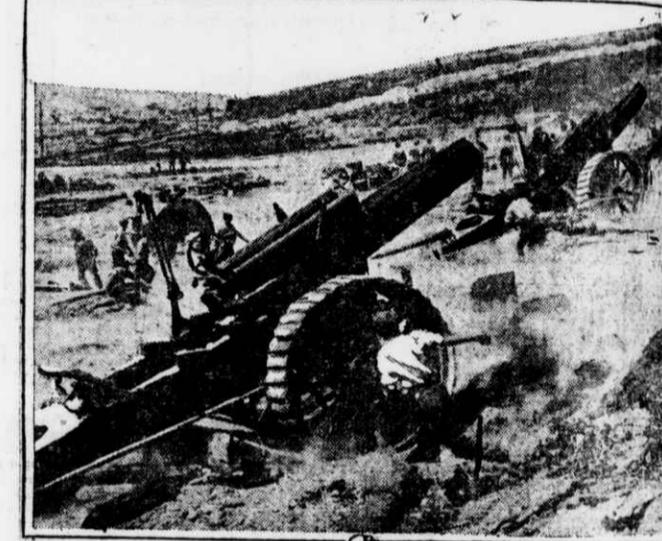

THOROUGH AND COMPLETE COURSES
Bookkeeping and Higher Accounting, Shorthand and Typewriting
All the Public School Grades and High School Subjects. Classes JUST STARTING in Mechanical Drafting and Steam Engineering

Ten Reasons Why You Should Take a Course in Butte Business College

1. We teach what is useful, practical and most profitable along the lines of progressive business.
2. You advance as fast as your ability and application will permit.
3. You may enroll with us any school day and proceed without hindrance.
4. But few schools equal, and none excel, our methods of teaching bookkeeping, shorthand, typewriting and general business training.
5. Our grade department offers superior advantages to those who wish to make rapid progress.
6. Butte Business College is a credited high school. You enter any of the universities on our credits.
7. We assist our worthy students and graduates in securing positions.
8. Private instruction given whose education has been neglected.
9. We do not employ cheap labor. Each department is in the hands of one who specializes.
10. The best time to start is right now. There are many other good reasons.

Telephone 1240. RICE & MAY, Proprietors

Remarkable Action Photograph, Taken in the Midst of Battle, of British Battery Hammering Hindenburg

The picture shows the heavy British howitzers in the heat of their work of pounding back the German front. The armies have swept back and forth over this section until it is a desolate waste. Note the gunners running after the last discharge, so no time may be lost in spouting this concentrated storm of lead upon the German lines.

Diamonds are not offered to car builders. Experienced motorists demand them in far greater volume than any other non-equipment tire.

Why?
They know the mileage in these tires of live rubber, tough fabric and doubly durable tread.
