As the British embargo excludes everything except printed matter, about the only thing that will be permitted to go to the German people by way of the neutrals will be expressions of world opinion that they should reorganize their system of government to do away with the military autocracy.

THREE BUTTE VOLUNTEERS WHO ARE PROUD TO SERVE UNCLE SAM

Butte's enlisted men are making good in the army and navy. Daily letters are being received by friends in praise of the service, and as one of the boys, Francis A. Ryan, says, "If fellows only knew of the pleasure and satisfaction of being in the navy, none would have to be drafted." The pictures shown are those of the boys who volunteered from this city. Mr. Ryan is the well known Y. M. C. A. wrestler. He is stationed on a United States training ship at Mare Island. He is a graduate of the Montana State college and enlisted on April 3 in the navy. Yorktown. Mr. Burke is a musician as well as a sailor. In his letters, he expresses his delight with the service and tells of the many impromptu concerts staged by the amateur musicians on the vessel. The third man is Eugene W. MAYOR WILL NOT ISSUE ORDER TO CLOSE SALOONS

Maloney Puts Matter Up to the Governor—Saloon Men to Meet.

That the saloons will not be closed by official orders in Butte on next Sunday was the statement of Mayor W. H. Maloney this morning when he heard of the resolution for closing of saloons passed by the exemption board in Helena. On Sunday drafted men will leave for the training camp. Butte was subjected to much criticism when the last contingent left because of intoxication among the drafted men and others.

"I have no authority to order the saloons to close," said Mayor Maloney this morning, "and I don't intend to issue any such order."

"I understand that the exemption board in Helena passed resolutions to close saloons on the day the drafted men leave. This order, as I understand it, is to apply to all saloons in the county seats. Whether or not such an order will stand is up to the governor. I don't intend to take any action whatever."

RESOLUTION OF THE EXEMPTION BOARD

Helena, Oct. 3.—The district exemption board adjourned last night, subject to call of Chairman A. J. Galen, after passing on thousands of draft appeals. The board passed a resolution prohibiting saloons in county seats from operating on the days when draft contingents leave.

Washington, Oct. 3.—Such remarkable progress has been made in the quick building of the immense flotilla of American destroyers to cope with the submarine campaign that the navy department is now assured of much quicker delivery of the ships than was contemplated at the last estimate, which, in itself, was far ahead of the original time. Progress on the ships now building and arrangements for others to follow, it was said today at the navy department, are such that the American navy will lead the world with its destroyers within 18 months. It is now certain that all destroyers now building will be delivered ready for duty in European waters early in 1918.

Attention is Called to Work of Railways in Moving the Troops.

Washington, Oct. 3.—About 200,000 men, representing the third increment to the national army, today are on their way to 18 cantonments, where already half the 537,000 called to the colors by the president are mobilized. Although today's quota should be 40 per cent, local conditions in the various states have reduced the general average of the increment to 20 or 25 per cent.

"The longest haul made in the new national army movement to date was from Yuma, Ariz., to Fort Riley, Kan., 1,514 miles. "Of the national guard movements the longest one was made by a battalion of San Francisco engineers from San Francisco, Cal., to a point on the Atlantic coast."

Intoxicated Condition of Men Blamed to "Generous, Misguided Friends."

Camp Lewis, Tacoma, Oct. 3.—The report of the army commission appointed to investigate the wild ride of the Butte men in their special train to Camp Lewis, now a matter of history, will not be made public, it was announced by Capt. M. D. Welty, aide de camp to Maj. Gen. H. A. Greene, commander of the camp. In a general way the report says, according to Captain Welty, that the affair in its entirety was greatly exaggerated. The negro porter, "Texas" Harris, was intoxicated, according to the testimony, and was the aggressor in the fight. He was not killed, but received only minor injuries to the face. Many of the men were intoxicated when they arrived. The blame for the affair is fixed on "generous, misguided friends" who thought they were giving the boys a fine sendoff.

LAYING PLANS FOR NEXT FAREWELL TO DRAFTED MEN

Effort is Being Made to Have Secretary McAdoo Speak to the Drafted Men on Sunday. Take Step to Avoid Confusion.

Men notified to appear for military service in the third contingent of drafted men from Butte and Silver Bow county will answer to roll call before their boards on Saturday morning of this week, the men of the city to report at 10 in the morning and the county men an hour earlier. The city is to send 217 men Sunday night, the county 146. The county also will send an additional 30 men, the number the board was short on its second contingent. City exemption board members today received a report from Camp Lewis showing that 316 men actually reported last week at the camp as part of the Butte city quota, leaving the contingent only one short. This extra man will be sent with the contingent of 217 next Sunday night. The city board has notified more than 400 men to report for roll call Saturday morning. The county has summoned about 175 men for roll call the same day. The boards are preparing for the early roll call as a means of providing against any shortage.
