

Bon Ton CORSETS

Front Lace or Back Lace

HERE is presented an exquisite new corset modeled for wear now.

It's STYLE, like that of all BON TON corsets, is authentic, and expresses that slim, youthful silhouette which the latest French fashion decrees.

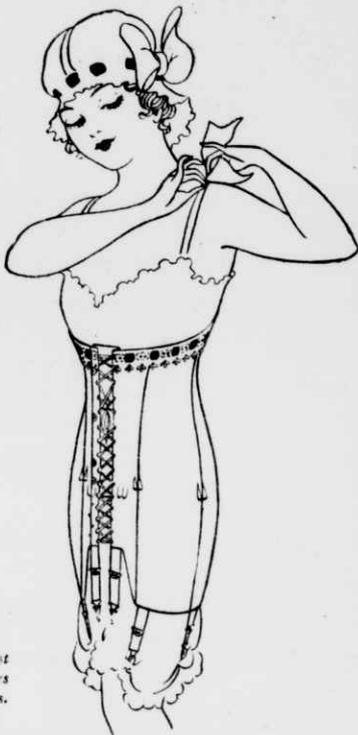

New corsets are essential for new gowns and this model, as the picture shows, will not only enhance the beauty of your form, but solve dressmaking problems.

Front Lace Model 1038

is fashioned for average figures, and, aside from possessing the advantages of the front lacing principle, is one of the season's smartest corsets. White coutil. Price \$5. Other models for all figures at \$3.50, \$5, \$6.50, \$8 and up.

YOUR DEALER may offer substitutes. Insist upon the genuine "BON TON." If he refuses to supply you, write us. Accept no substitutes.

RESTRICT USE OF PUBLIC SCHOOLS

Trustees Authorize Purchase of Pamphlets on Nationalism for Pupils.

The Butte high school auditorium will be available in future for meetings for any laudable purpose but not for political or religious meetings of meetings for personal gain. This was decided on last night by the board of school trustees, which has been pestered with all sorts of requests for use of that portion of the high school as well as for the use of school rooms in other buildings. The action by the board established a precedent and the ruling applies to all school property.

The board appropriated \$275, at the request of Superintendent W. E. Maddock, to purchase pamphlets on nationalism which have been prepared by the United States government for distribution in the schools. No further action was taken in regard to opening a night school here as County Attorney Jackson ruled in a letter to the trustees that educational legislative enactments provided only for the education of students between the ages of 6 and 21 years in the public schools. Claims for \$19,674, outstanding bills, including \$5,000 for text-books, were allowed.

NOW IS BEST TIME TO JOIN THE MARINE CORPS

Chief Recruiting Officer of the State Will Be in Butte Tomorrow.

Today will be the best time of the year for joining the United States marine corps. While it is expected that this branch of the service will be closed within a short time, Sergeant Speer will be allowed to take on an unlimited number of men today in preparation for the coming of Lieut. E. B. Hammond, in charge of Montana recruiting, tomorrow.

During his visit to the Butte office tomorrow, Lieutenant Hammond will "swear in" five marine recruits who already have been enlisted here. The men are Charles B. Hurd, Earl S. Cassidy, Donald MacLennan, G. J. Sullivan and William J. Pink. These men will leave Thursday for Mare Island navy yard.

Other Butte men who wish to be sworn into the service should apply for enlistment tonight or tomorrow morning," said Sergeant Speer today. "The marine corps offers many choice branches of service to men now and I will be glad to explain these branches of service to any man who calls at our recruiting office in the Radio building."

ONE SAILOR KILLED ANOTHER HURT IN AN ACCIDENT ON U. S. SHIP

Washington, Oct. 17.—Dennis Sheehan, a seaman, was the sailor killed in the boiler tube explosion on board an American patrol ship in home waters, reported last night, and Vance I. Parkinson, chief boatswain's mate, was the sailor probably fatally scalded. Sheehan's father lives in Brooklyn, New York.

CONSERVATION SKIRTS AND KNICKERS LATEST

Washington, Oct. 17.—Conservation bread, which the capital has been casting upon the nation's waters, came home today. Two men in knickerbockers, silk stockings and oxfords lunched in a local hotel here, escorting a lady in a conservative skirt.

The knickers are the real conservers. They not only save cloth, being short, but they save pressing bills, the baggy knee being the very essence of the idea. The oxfords save leather, being without uppers.

Washington gave a look, but thus far withhold its O. K. **HAD WEAPON CONCEALED.** Robert Johnson is under arrest charged with carrying a concealed weapon within the city limits. He was arrested on South Arizona street by Detective Van Orden. He is to be tried in a justice court on a complaint issued by Deputy County Attorney T. E. Downey.

U-BOATS LOSING EFFECTIVENESS

German Naval Writer Seeks to Prepare Public for Official Figures.

Copenhagen, Oct. 17.—Count von Reventlow, newspaper editor of the German Admiralty, publishes in his newspaper, the Tages Zeitung of Berlin, an article depicting his readers for a decrease in submarine destructiveness in September as shown by the German statistics, publication of which is about due.

In addition to his earlier explanations of the decrease in the figures of tonnage sunk, Von Reventlow advances the theory that Great Britain has withdrawn ships from service for the remainder of the year, to have them in readiness to transport the Argentine harvest in January. These withdrawals, he says, decrease the opportunities of the submarines for sinkings. This theory contrasts strikingly with his earlier assertions that Great Britain's available tonnage already had become too small for its needs.

Sudden changes in the routes of ships, Count Reventlow says, are making it increasingly difficult for submarines to locate their prey. He attributes to American authority a statement that the passage of passenger liners between America and England now requires 26 days.

them in battle and one was killed. The other was sentenced to serve 25 years in a Texas prison. Recently he was released, the story goes, and returned to Orin Junction with the map and started to dig for his treasure. It is said the passing of time marked such a great change in Orin Junction that the former outlaw was unable to locate his treasure. Some one got wind of the affair and now the whole town is digging.

FIRE LADS FROM HILL CITY MAKE RUN OF 4 MILES

That the Walkerville Volunteer Fire department is willing and ready at all times to aid any one in distress is shown by their work Saturday night when about 15 members, led by Mayor Holland, made the run to the Stringtown Dairy ranch, about four miles north of the Hill city, and saved the house and barn of the Pizzola Brothers from probable destruction by fire. The dairy broke out in the milk shed at the about 9 o'clock at night when Walkerville was asked to help. Mayor Holland quickly got the boys together and made the run in the Walkerville city truck. There they formed a bucket brigade. They were too late to save the shed, which was completely destroyed, but they kept the flames from the nearby buildings which would have been easy prey for the fire had it not been for their timely arrival.

WANTS TO RESUME HER MAIDEN NAME

Iva Berts is asking for a divorce from Benjamin E. Berts on the ground of unfaithfulness in associating with other women. The couple were married at Salt Lake, Mont., Sept. 27, 1916. The plaintiff in addition to the decree of divorce asks for the right to resume her maiden name, Iva L. Mayhill. She is represented by Attorneys Walker and Walker.

SEEK FOR BURIED GOLD IN WYOMING

Forty Thousand Dollars Said to Be Cashed Near Orin Junction.

Casper, Wyo.—The spade has been added to the oil drill in the search for wealth below the surface of Wyoming. It is Orin Junction, which is setting the new rush for wealth and the story runs something like this:

Some 25 years ago two outlaws held up a train in Texas and obtained some \$10,000 in gold. They escaped with their loot on a stock train with officers in pursuit.

At Orin Junction, Wyoming, the owner of the cattle unloaded his stock and the two men with their golden loot also were unloaded. The officers were in pursuit. The men were forced to hide their treasure, burying it and making a map of the secret hiding place which they mailed to the mother of one.

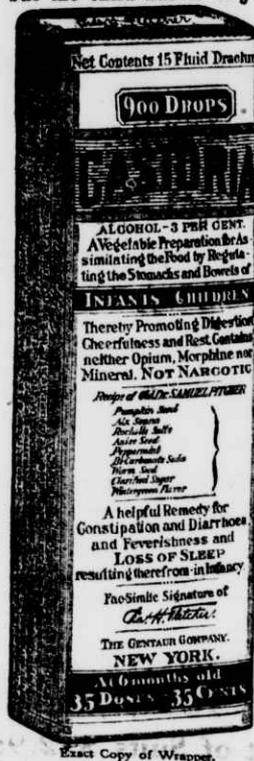

The officers found the outlaws, met

The Kind You Have Always Bought

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 90 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines.

It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves but the child has to rely on the mother's watchfulness.

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

Central Drug Co., of Detroit, Mich., says: "We consider your Castoria in a class distinct from patent medicines and commend it."

Christy Drug Stores, of Pittsburg, Pa., say: "We have sold your Castoria for so many years with such satisfactory results that we cannot refrain from saying a good word for it when we get a chance."

Jacob Bros., of Philadelphia, Pa., say: "We take pleasure in recommending Fletcher's Castoria as one of the oldest and best of the preparations of the kind upon the market."

Hess & McCann, of Kansas City, Mo., say: "Your Castoria always gives satisfaction. We have no substitute for it and only sell 'The Kind You Have Always Bought,' the original."

The Voegell Bros., of Minneapolis, Minn., say: "We wish to say that we have at all times a large demand for Fletcher's Castoria at all of our stores and that it gives universal satisfaction to our trade."

Polk Miller Drug Co., of Richmond, Va., says: "Your Castoria is one of the most satisfactory preparations we have ever handled. It seems to satisfy completely the public demand for such an article and is steadily creating a growing sale by its merit."

P. A. Capdan, of New Orleans, La., says: "We handle every good home remedy demanded by the public and while our shelves are thoroughly equipped with the best of drugs and proprietary articles, there are few if any which have the unceasing sale that your Castoria has."

M. C. Dow, of Cincinnati, Ohio, says: "When people in increasing numbers purchase a remedy and continue buying it for years, when it passes the fad or experimental stage and becomes a household necessity, then it can be said its worth has been firmly established. We can not so gladly offer this kind of commendation to Fletcher's Castoria."

BUTTE HORSE IN SERVICE WITH THE FRENCH ARMY

Was Formerly Owned by Attorney Breen—Recognized by Guyette.

The well-known horse "Henrietta," owned by Attorney Peter Breen up to about three years ago, is now in the service of the French army, according to a letter received in the city today. Eddie Guyette, who was foreman of the Breen ranch at Rock Creek, Granite county, up to a few years ago and is now serving with a Canadian regiment in France, saw the horse and had a talk with the French officer who was riding it.

The letter received in the city today came from Guyette and was sent to Mary Maddox, a niece of Mr. Breen, living in this city. Guyette while he was on the Breen ranch broke "Henrietta" to the saddle and he immediately recognized her, he says, when the French officer came riding along. Guyette declares in his letter the mare actually knew him, as when the officer dismounted he went up and spoke to her and patted her.

"Henrietta" was sold to the French government by Mr. Breen at a sale of horses held in Miles City about three years ago. "When I saw 'Henrietta,'" writes Guyette, "I felt as if I had discovered a long lost friend."

UNKNOWN MAN SOUGHT TO CRIPPLE WATER WORKS

Bremerton, Wash., Oct. 16.—A dozen revolver shots were exchanged early today between a watchman and an engineer of the Bremerton water works and an unidentified man whom official asserted was attempting to cripple the water system which supplies Bremerton and the Puget sound navy yard. None of the shots took effect. The stranger escaped.

HOLLAND PRESIDES AT BENEFIT FOR RED CROSS

Walkerville Intensely Interested in All Patriotic Movements.

At the Masonic hall in the Hill of last evening Mayor Holland, chairman of the Red Cross committee of Walkerville unit, presided at a party held for the benefit of the Red Cross. There were 60 tables in the hall and so enthusiastic are the people of Walkerville that many had to be turned away. A donation of \$24 was made to the Red Cross at the meeting in addition to the proceeds of the party. There were 26 prizes offered.

In general the people of Walkerville are rallying to the call of the Red Cross with great enthusiasm. Walkerville has sent many of its boys to national camps and there is scarcely a home in the town but has lost a member because of the war. It is unexpected, therefore, that Walkerville is taking such an active interest in everything that pertains to the good of the country and the success of the war.
