IT WON'T DO IT

From Admiral von Tirpitz comes the word that the defeat of England is certain and that the U-boat will be the machine that will turn the trick.

Last spring we were hearing a good deal from Tirpitz he was the loudest advocate of mightiness.

He said that Germany was equipped for the destruction of a million tons a month.

The losses through submarine operations have in fact been distressingly large—some of the experts place them at almost one-half the promised total.

These achievements have not brought any of the entente powers into the war—indeed, they have not even brought the United States into the war.

Yet Tirpitz is a savage. His plan was to sink the United States Navy.

Not many days ago a Reichstag deputy said that the U-boat "has not and it will not force England to peace."

REST FOR THE PRESIDENT

In a good many instances there has been much newspaper reference to the fact that the president is preparing to take a rest of several weeks.

He is expected to spend the winter in the White House.

It is believed that the president will not leave the White House until after the election.

Don't let that first Liberty bond have such a lonesome life. Buy a few more to keep it company.

ODD EVENTS IN TODAY'S NEWS

WAR WORK AT 103. Shreveport, La.—Mrs. Emily Hyams of Natchitoches, aged 103, has registered for active war work. She is engaged in Red Cross and other war relief activities.

COURTEOUS ROBBER. Spokane. Introducing fall fashions in the way of highway robbery, a colored Dick Turpin is operating on the north side. His specialty is asking for the victims business card that he may return any papers that are of no value to him but may be of interest to the victim. He has another side line, that of reporting.

ON "LEFT HAND PLOWS." Chicago. The left-hand plow is a useless implement, a manufactured snarl to hamper a transcontinental class of farmers, H. B. Dineen of Moline, Ill., told the National Implement and Vocation association here.

HERE COMES WAR PIE. Chicago. It's here the war pie! Loop restaurants have begun offering to the public a strange appearing member of the genus Fin American, brown in color like an overbaked tin, each whole being divisible by six or seven, according to the pecuniary assistance of the diner.

CURES FOR CROOKS. Chicago. Fifty per cent of the criminals in this country under 30 years of age can be restored to good citizenship under proper surgical attention.

JOHNSON'S COW. "Your German," said H. H. Merrick, president of the Chicago branch of the National Security League, "is an insidious soul at bottom, but he's been inoculated with the poison virus of militarism, and it's upset him like Johnson's cow."

TRAITORS. Disloyal talkers still abound, and in my watchful waiting, while I am pestering around, I hear the traitors traiting. Oh, some of them are humble guys, and some have higher places, who push unpardonable lies through never-resting faces.

STOMACH UPSET? Get at the Real Cause—Take Dr. Edwards' Olive Tablets

If you have a bad taste in your mouth, tongue coated, appetite poor, lax, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.
