

Six Months Old Baby Had Pimples On Forehead. Cuticura Soap and Ointment Healed.

"When my baby was six months old red pimples came on her forehead. It was not only a rash, but the pimples began to spread down her face and neck and they irritated her. They would be large in the morning and get dry and were soft. A neighbor told me of her success with Cuticura Soap and Ointment and we got them. In a month there were no signs of the pimples. She was healed." (Signed) Mrs. George Whyte, Condon, Oregon, Jan. 4, 1917.
