The lightning Sunday evening and Monday morning caused considerable damage to the various telephone lines in this country. The Baker line was out of commission as was also the Miles city and Crook lines. A stroke hit the Miles line and split poles and strung them around in all directions. Chas. Marrow of Miles is busy this week repairing that line while "Smithy" the trouble man is having trouble of his own on the Baker line.

The prophets on the weather were again given a surprise the fore part of the week. The rain was expected, but not in such large quantities. Creeks all over the country are reported all swimming and water holes full. It was not taken with regret by the farmers, as it came just in time and stayed long enough to soak things up right.

PATRONIZE YOUR HOME BANK IT PAYS.

Did you ever think why it pays? There are many good reasons. You may want to borrow money some day and would rather ask your home banker for a loan than go to a bank in a neighboring town. You, however, hate to ask him for a loan if you had not been keeping your money on deposit with him when you had money to deposit. He naturally cares for his own depositors first when they are in need of funds. You can not blame him for that.

He is interested in building up your home town and so are you, especially if you own property there.

Back him up when ever you can. It Pays to be a Booster.

You can Boost a little by keeping your money on deposit with your home bank, and as long as you know as much or more about the condition of your home bank as you know of the condition of the bank, you have been patronizing, you will find it more convenient and just as safe to keep it at home.

The fact that it is a small bank is an argument in its favor. It is not so hard to know all about it. If you know your home banker and his associates to be honorable and reliable in their business dealings, stay with them.

It is good business for you to do so.

If it pays other people to BOOST their own towns, it will pay you to BOOST your town.

Be a booster for 30 days

TRY IT.

Party Wednesday.

Mrs. Wm. Owen's invited the members of the Aid society to spend a social afternoon Wednesday of this week in honor of her 38th birthday. The afternoon was spent in a pleasant chat and at 4 o'clock the hostess invited the guests out to the dining room to a beautifully laid table where she served the most delicious ice cream and cake, lemonade and fruit. After lunch Mrs. Oliver with a few well chosen and appropriate words presented Mrs. Owens with a silver coffee pot, which had been purchased by the ladies. Roy, son of Mrs. Owens, then took a snap shot of the party, and each were presented with a picture as a souvenir of the afternoon. All departed wishing Mrs. Owens many birthday's as happily as this one and declared her a most royal hostess.
