

## A BEE IN YOUR BONNET.

Not a Presidential Bee, nor a political bee of any sort, but the bee in your bonnet should be the lesson taught by the little hustler, the bee itself.

The bee is a worker. He is also a scrapper. Ever get acquainted with his business end?

He looks out for his own, stands up for his rights, but above all, he works and saves.

He does not save in an individual pile either. He goes in with others of his kind and BANKS his earnings in the hive. The bee has in all ages been considered a wise old boy—and he is. Put his plan into your bonnet, lid, Panama, or whatever kind of headpiece you may happen to wear.

It will beat the political bee at least ten different ways. Use our Bank for your Hive.
