

A LOST OPPORTUNITY

You often hear the expression, "It takes money to make money". It is true. The failures stand around and wail that if they had only had money at a certain time, they could have made money, lots of it. Sure thing. The burning question then is how to get the money. You will not find it rolling up hill nor be able to pluck it off the bushes along the way. You had just as well face it squarely. There is but one way if you are trying to make a start. It is to save. Start a bank account. As soon as you can, lay another dollar beside the one in the bank. Your signature will bring them when the opportunity comes to invest. The failures may see the opportunity but it is lost to them. It will be open to you if you have the cash at the bank. Start now. Be ready. The secret of all business success is the ready dollar.

Ekalaka Encampment No. 16.

L. O. O. F. Meets second and fourth Saturday night in each month.
W. H. Peck, Sec'y.

This paper has taken the same stand as taken by the Commercial club of Ekalaka, viz: That we are strictly opposed to any division of Custer county on lines that are not wanted by the majority of the people. We believe that if Custer county is to be divided, and the majority want it divided, that the cut should be made on a line running north and south, thus making a new county from the eastern half. This plan seems to us to be the only good way to divide and we believe it would be more suitable to the residents of the east end of the county. This was the proposition and plan of dividing decided on by representatives from Baker, Ismay and Ekalaka at Helena, and why not make it so?
