SUBSCRIPTION RATES: Local List (free postage) a year \$1.50 Postage List (outside county) \$2.00

On December 4th there will be a hearing by the Montana railway commissioners, at Shelby, on the question of granting a reduction of the rate on coal from Lethbridge to points in Montana. The present rate on coal from Lethbridge to Cut Bank is \$2.00 per ton, and those who have taken the pains to study the tariffs on like commodities declare that the rate should be only 80c per ton.

A dark gentleman has loomed out of the woodpile in this connection, said dark gentleman being a protest from the Great Falls commercial club. The club uses a trite and hackneyed argument, "protect Montana industries," and it is singular that the Great Falls Tribune, temperamentally and politically democratic and in theory opposed to the protective doctrine, has used this slogan lustily in taking a stand in opposition. But back to the "nigger in the woodpile."

The Nelson Coal Co., owners of the Sand Coulee mine are doubtless responsible for the inspired opposition and it is even hinted that a certain railway company has more than a sentimental interest in the Sand Coulee mines. But since there is really no competition between the Lethbridge and Sand Coulee products, the former being a high class domestic coal and the latter a cheap steam coal, it is still rather hard to account for the opposition of the Great Falls club. The people of this section are vitally interested in this reduction and if they can secure it, it will mean a saving of thousands of dollars annually. This section is very friendly to Great Falls at present and doubtless that city is appreciative of the big volume of trade that flows that way from northern Montana. If the Great Falls club seeks to block the desire of our people for a reduction of the Lethbridge coal rate, our friendship may be subject to sudden frost. All we desire is that Great Falls keep hands off this matter. If they are our friends they should be working for a reduction of the rate instead of against it. But if they do not see fit to take this attitude we shall expect them to be neutral, at least.

THE GIRL I LEFT BEHIND ME

In producing the screen version of this first and greatest success of David Belasco, neither effort nor money has been spared.

The scenes of the play are laid in and around a lonely frontier army post in the old Indian days, and in order that the vivid atmosphere of the piece be retained to the fullest extent, the entire company was sent to Fort Assinaboine, Montana.

There amidst the rugged western scenery, with real cavalry troopers, and with real Indians the scenes of this virile military drama were enacted for the camera.

Xmas Photos

Now is the time to arrange for your photos for Xmas presents in all the late mounts, including sepia and black and white finishes. We have the kind that will suit your pocketbook. Nothing but first class professional work—not an experiment. We can please you. Studio open every day, including Sunday.

I. A. Iverson.

If you are going to hold your grain on the farm, insure it against fire and theft. I have a special grain rate that is very cheap. See Bruce R. McNamer.

? ? ? ?

Who raised the largest crop of grain this year in Northern Montana? Who threshed the largest yield per acre? Who pays the most for farm products, such as butter, eggs, pork, poultry, potatoes, beef, etc?

WHO? WHERE? HOW? WHEN?
You don't know? You can only know by reading
