**Satisfaction to
Our Customers**

That is our watchword. We placed a trial order for thirty-five pairs of semi-dress shoes to sell at \$3.50.

We didn't expect to give you a \$5.00 pair at that price.

Eleven pairs were sold; three of them have been reported as unsatisfactory and we are satisfied they were not an honest value.

Twenty-four pairs are being returned to the manufacturers today. If those other eight pairs do not give satisfaction we hope to hear from them also.

Do you get our point of view?

Everything we sell must be as we represent it or we want you to call and get your money back. Your continued patronage is our goal.
