## Lutheran Services

Lutheran services will be held on Easter Sunday in the Presbyterian church, opening at 2:30 o'clock, p. m. The sacrament of holy communion will be administered; those wishing to partake of it, will kindly announce their intention before the service. The gospel lesson appointed for Easter Sunday has been selected for consideration. Topic: "He is risen."

The confirmation class will meet an hour before the service, at 1:30 o'clock.

R. Hudtloff,  
Lutheran Pastor

Mr. and Mrs. Oscar Adelman came out from Chicago recently. Mr. Adelman has entered into partnership with Alex Gould and the gentlemen will engage in stock and grain farming on quite a large scale. They will devote particular attention to stock raising.

## School Notes

by MILDRED ANDERSON

Miss Mabel Jones, representing the Midland Lyceum and Chautauqua Bureau of Des Moines, Iowa, spoke in the high school assembly room on the Intellectual Value of Public Entertainments.

June Madison was awarded 87 per cent at the bread contest held last Saturday afternoon. There was a gain of 7 to 10 points for each of the other members. Booklets on the making of bread have been started by the girls.

On last Friday and Monday evenings the high school students practiced for the playlet, "The Laughing Cure," which is to take place at graduation.

Senator T. J. Walsh has sent a package of flower seeds for every child in the building. The following varieties are included: Calendula, Poppy, Eschscholtzia, Mignonette, Sweet Alyssum.

Tuesday morning the school children all marched to the train to meet the militia boys from Kalispell. Just before the train left, a speech was given in honor of the militia boys, by Mayor Potter.

Miss Waldron's mother has come from Great Falls to visit her a few days.

The pupils in Misses Waldron's and Rasmussen's rooms are coloring Easter eggs this week.

The sewing class has started making plain house dresses, under Miss Ritchie's instruction.

Chemistry students are now performing experiments on indirect and direct dyeing and the use of mordants.

Mumps kept Mary Buck at home this week.

Lilly and Alice Rowan have left school to go back to their father's claim.

The anchovy fish is being studied by the biology class this week.

Mrs. John Coburn visited the third grade last Thursday afternoon.

Robert Sweeny started school in the first grade on Wednesday afternoon.

Miss Sauer is teaching the pupils in fifth and sixth grade, a new two part song, named 'Come, Where the Lilies Bloom.'

Miss Waldron's room has been attractively decorated with apple blossoms.

Mrs. Jack Danens was a visitor in Miss Waldron's room on Tuesday.

Map drawing is to be taken up in Mrs. Bowman's room next week.

Since the second of December 286 books have been loaned out to the school children from the school library.

The 7th and 8th grade pupils have received new history outlines where they will keep account of all their work.

The biology class have begun the study of invertebrates, beginning with the fish they have also planted flower seeds in the hopes of soon enjoying a flower box.

Potted Easter lilies and cut flowers at Halvorson's.

## DOINGS IN BASEBALL

Pennant chances of the Cut Bank Base Ball Team depend solely upon the weather, if we are to judge from the enthusiasm shown at the managing committee's report at the weekly conference held at the Gym last Tuesday evening. Treasurer Ewing reported a good balance taken at the gate last Friday evening and said that the finance committee is meeting with a ready response where citizens have been asked to lend a hand in boosting our team.

It was voted to hold a big base ball dance in Electric hall on Saturday evening, April 21st.

Full equipment for the team is already on the way from Minneapolis and workouts will begin as soon as outdoor conditions permit. Already the boys are busy three or four nights a week warming up in the Gym. Our coach intimates that he will chase his proteges outdoors for the first practice game next Sunday at 2 o'clock.

We certainly want to chalk up a long string of victories this season, and prospects of a winning team were never brighter. Get all the latest dope by attending our weekly conferences held in the principal's office in the high school building, each Wednesday evening at eight o'clock.

Potted Easter lilies and cut flowers at Halvorson's.

## NO FRAMING ON ELECTION

If there was any city election plotting this year it must have been pulled by experienced pullers and in some very sequestered place. There was no wire-pulling about the streets or in the public places and no one seemed to know who was going to be who when voting time came.

Twenty seven votes were cast in the first ward and Martin Halvorson received 20. P. B. Anderson received 2 and Sam Dunbar 1.

In the second ward thirty one votes were cast. R. C. Rasmussen was the headliner in this ward, receiving 20 votes. Bruce McNamer received 4, J. P. Johnson 4, Harry Putt 4 and R. Chasse, 1. The men in the second showed their characteristic gallantry by allowing the ladies to conduct the election.

General satisfaction is being expressed over the outcome of the election. Messrs. Halvorson and Rasmussen have large interests in the city and naturally are deeply interested in its progress. Both are in favor of substantial improvements and will work for better walks, better drainage and better conditions generally.

A boy was born to Mr. and Mrs. Joe Brown of South Broadway this morning. All well.

Dr. Jas. Gold of Browning recently wrote a letter to the War Department, offering his services to his country in the event of war. The other day Dr. Gold received a letter from Adj. Gen. McLean, who stated that a place might be found for him, despite the fact that his age makes him ordinarily ineligible for service.

## Browning

E. J. Brown and family will return to Camp 5 at once.

Mrs. O. G. VanSenden is visiting her sister at the Crow Agency.

E. L. Case received word from Pennsylvania recently of the death of his youngest sister.

Mr. and Mrs. William Sharp from Cut Bank river were the guests of Dr. and Mrs. Gold last Monday.

Mr. and Mrs. E. J. Brown of Camp 5 are proud parents of a new daughter, born at Kalispell on the 21st.

Harry Putt is now living in the Henry Stone house, east side and enlarged his saddlery shop near the post office.

Mr. and Mrs. David Shaw will cook again at the Gravel Pit on Sherburne Lake. Sunday was their last day at the Agency Boarding Club.

Thomas Ferris, the stock inspector, has been appointed agent here in place of Mr. Ellis, who will return to his former work of traveling inspector.

Mr. Leonard, the Y. M. C. A. secretary at Camp 5, passed through Browning on his way from winter quarters in Chicago to his appointment at Sherburne Lake Dam. He occupied the pulpit of the Presbyterian church last Sunday night.

## President Appeals for Additional Men for Service in Navy

WASHINGTON, March 26.—President Wilson has signed an order authorizing the increase of the navy to 87,000 men from the present authorized strength of 74,500. He took this step on the recommendation of Secretary Daniels under authority granted by congress in case of a "national emergency." The present actual strength of the navy is 62,000 men. The additional men will be used to man the reserve ships. New ships and ships in reserve are being fully commissioned as rapidly as possible and the need is imperative for a larger enlistment to man them. There has been a net increase of over 6,500 in enlistment since congress recently authorized an increase, but many more are needed, and needed now.

The Presbyterian church was crowded last Sunday morning at the Quarterly Communion, six new members were received and one Elder ordained.

The Young People's Society of Christian Endeavor entertained the Epworth League last Friday night. Refreshments, games and recitations made up an enjoyable evening.

Mr. Schnell, who succeeds Mr. Boud as Chief Engineer of the Reclamation Service, is on the job, and his family will move here soon.

The principal of the High School at Warden Montana, has been appointed superintendent

of our public schools for next year.

Mr. Watson, to the grief of all who know him, will not remain in Browning. He has made a wonderful success as head of our schools, and is of fine social qualities.

The Hotel Hagerly is now quite Metropolitan, and one could not desire a more elegant place to meet and chat with a friend. Mine host, Wilhelm, and his frau, are shoost recht.

Dr. S. R. Turner arrived from Three Forks this week. Dock has set aside the dental tools and will devote the summer season to farming, on his fine ranch below Raglan Butte.

Warren Smith, who was in from the Rim section yesterday, says the sun will have to work over union hours if farmers in that section are to begin seeding within a couple of weeks.

Dr. C. D. Powell, popular Valier physician, was elected Mayor of that city Monday over D. S. Hunter, by almost two to one.

Mr. and Mrs. Daniel Whetstone returned from Great Falls last evening after a sojourn of about two weeks.

Lester J. Hagestead and wife of Hayfield, Minn., have taken charge of the Metropolitan hotel. They are experienced hotel people. Henry Halvorson has a bad case of Farm Fever and will devote the summer season to improving his big ranch in Headlight.

**SIT DOWN To do Your WASHING**

Don't stand up at that back-breaking, heart-breaking toil when

**The Maytag Washer**

will make every wash day a holiday.

We want you to try the MAYTAG for four wash days free—wash everything you've got—blankets, curtains, everything. Then if you can get along without it—send it back. Isn't that enough? Is there anything more we can do to prove MAYTAG value?

Beautifully clean clothes—spotless—a day's washing done in an hour—and without the dreary drudgery, the crossness and exhaustion that always come on wash days.

The MAYTAG WASHER is light—you can move it around anywhere. It is simple—nothing to get out of order. No wheels or heavy machinery on top to be lifted when you lift the lid. On the MAYTAG it is all underneath—out of the way.

The MAYTAG washes everything—insures nothing—costs little—is guaranteed for three solid years.

Call and let us show you how it works—or better still, let us send you one and try it yourself.
