The new trains, one each way, will be known as Nos. 11 and 12 instead of 1 and 2 as heretofore. The new service will be in every way practically as good as on the North Coast Limited. There will be first and second-class coaches, Pullman and tourist sleepers, etc. About the only difference will be the substitution of gas for electric lights and the absence of the observation car. The sleepers will run between St. Paul and Portland via Seattle and Butte. This winter the sleepers on trains Nos. 3 and 4 will run through to St. Paul.
