

T. DE WITT TALMAGE.

The Sensational Preacher of Brooklyn.

The man who leads all American preachers in popularity is now in Europe. Telegraphic reports are being received of the astonishing crowds which listen to him on those great occasions when he preaches. As his sermons are read in many lands, public curiosity in the preacher is readily understood. Talmage makes such a stir when he is at home, that nobody is surprised to read of his doings and talks on the other side of the Atlantic.

He is a New Jersey man, born in that state in 1832. His parents had three sons already in the ministry, when De Witt was added to the number of clerical members of this interesting family. He did not decide to adopt the pastoral calling until after he was nineteen years old, and had spent three years in a lawyers office. But after making up his mind he pursued his preparatory studies with characteristic energy. His stay at a college in New Brunswick, New Jersey, was succeeded by a course at the New York University, where he was graduated.

Mr. Talmage's first pastoral charge was at Belleville, New Jersey. He remained there three years, and then removed to Syracuse, where his preaching excited great interest. His next change of pastorate was to Philadelphia, where he spent seven successful years. In March, 1869, he took up his residence in Brooklyn, as pastor of a church the opposite of prosperous, and the poorest of three which had been open to his choice. By 1870 his congregation were worshipping in a large fabric made of sheet iron, as the church had been too large had become much too small. In December 1872, the iron structure was consumed by fire, and the congregation assembled in the Academy of Music until February, 1874, when the new church was opened. This is one of the largest buildings in Brooklyn, and is known as the Tabernacle. It is semi-circular in form, the seats so arranged that all can hear and see the minister, who preaches from a platform simply furnished without desk. A huge organ behind the speaker and sometimes the use of the cornet to lead the singing, indicate one of Dr. Talmage's wide departures from Presbyterian precedent. Six thousand persons can be seated comfortably in Dr. Talmage's church, and the attendance invariably exceeds this figure. The present is the pastors third visit to Europe.

Six of seven children remain to Dr. Talmage. His eldest son, a promising young man, died a few years ago. The present Mrs. Talmage, who with his eldest daughter is now with him in Europe, is his second wife.

Rioting.

DUBLIN, August 22.—There was a riot in the city of Londonderry to-day. A party of soldiers beat a crowd of civilians and the latter turned on the soldiers and the picket guard had to be called out. The guard was obliged to carry fixed bayonets for self-defense. Order was finally restored.

Beats the Record.

NEW YORK, August 22.—The Cunard line steamer Etruria, which arrived here to-day, made the fastest western trip on record, the time of passage from Fastnet Light to Fire Island being six days and two hours.

The Grant Family.

Mt. McGREGOR, August 22.—The Grant family will leave Mt. McGregor the first of September. Col. Fred Grant will go to Chicago to attend the reunion of the army of Tennessee September 9th. Mrs. Sartoris expects to sail for England October 1st. The family will all join Mrs. Grant in New York in the fall with the exception of Mrs. Sartoris, who will remain in England.

Russia Too.

BERLIN, August 22.—The removal of the restriction on imports of hogs from Hungary has also been applied to Russia and it is now explained that the restriction was imposed because of the existence of the hog disease in the territories furnishing

the prohibitory animals, and not because of the customs difficulties between Germany, Austria and Hungary.

The Presidents Visit to Ohio.

CINCINNATI, August 22.—An evening paper publishes a special from Columbus, O., in which the statement is made that President Cleveland contemplates a visit to this state before the October election. The president has relations in Cleveland and Toledo. The dispatch does not say that the president's trip is connected with the Ohio campaign.

Missoula's Democratic Mayor.

MISSOULA, August 23.—J. P. Smith, democrat, was to-day elected mayor of Missoula by six majority. The election was to fill a vacancy caused by the resignation of Thomas C. Marshall.

A Stringent Pastoral.

LONDON, August 22.—The Bishop of London has issued to be read in the churches of his diocese to-morrow a stirring pastoral on the protection of young girls.

Appropriations Short.

WASHINGTON, August 24.—In view of the fact that the appropriation of \$5,000 for expenses incurred in executing the provisions of the Chinese restriction act is exhausted, it has been found necessary to dispense with the services of the Chinese interpreter at San Francisco and the deputy collector at Port Townsend, both of whom were paid out of that appropriation. No embarrassment will result from this action, as the duties of the two suspended officers can be performed by officers in the customs service.

Killing Frost.

ST. PAUL, August 24.—The signal service here has advices which report that a killing frost occurred last night over the greater portion of the Northwest territory, extending to the northern part of Minnesota. The temperature fell to 27 degrees above zero at St. Vincent. The air here in St. Paul is crisp and chilly, but there is no frost. The visitors are leaving the lakes in large parties to-day for the south.

Civil Service Examination.

WASHINGTON, August 24.—Judge Thoman, of the civil service commission, will conduct examinations for departmental service at Helena, Montana, September 15th; Portland, September 19th; Seattle, September 22d, and San Francisco October 1st.

Starving Utes.

WASHINGTON, August 24.—Adjutant General Drum to-day received a telegram from the officer commanding in New Mexico, saying that the southern Utes in that territory were starving; that they had no supplies and that unless food was immediately secured for them they would go on the warpath. These are the same Indians that a few weeks ago were reported to be without food and in a starving condition. Temporary relief was afforded them by drawing on the military stores.

Dropped Dead.

BUFFALO, August 25.—A special to the News from Jamestown, N. Y., says that Gov. Fenton dropped dead in his office in the First National bank at 2:45 this afternoon. He was apparently in good health. Heart disease was the supposed cause of his death.

Rossa to the Dynamiters.

LONDON, August 24.—The Pall Mall Gazette this afternoon publishes a copy of a letter from O'Donovan Rossa to his dynamite agents in Havre and Antwerp. In this Rossa blames the agents for their present inactivity, and says to them: "You have plenty of oatmeal and won't use it." He then commands them to recommence the dynamite war and arrange for several simultaneous explosions in England forthwith. "Red Jim" McDermott, Rossa says, is still living, although there is a standing reward of \$2,000 for his execution. A correspondent of the Gazette attributes the present apparent apathy among the dynamiters to the wrangling between the radical sections of the party and the moderates. The latter wishes to give the present Tory prime minister, the Marquis of Salisbury, a fair trial, and they contend that the pursuit of a policy of exasperation against England just now will hopelessly destroy all chance of home rule.

Lord Coleridge in Washington.

WASHINGTON, August 22.—The lord chief justice of England, whose recent marriage to an indigent widow caused such a sensation, had a narrow escape from a matrimonial adventure while in Washington. He made love violently to a young widow, whose brother invited his lordship to declare his intentions. The affair was kept very quiet at the time.

Minister Keiley Expected Home.

WASHINGTON, August 24.—Minister Keiley is expected to arrive in New York within a few days. He sailed for home on the 15th inst.

Married.

NEWPORT, R. I., August 25.—Theodore Frelinghuysen, son of the late secretary of state, was married this morning to Miss Alice Coates daughter of Joseph Coates, of the firm of J. & P. Coates, of Scotland. The floral decorations were beautiful and profuse. The presents were many and magnificent.
