THE Most Remarkable Sale of Men's Fur Coats Ever Recorded.

Most purchasers of HIGH GRADE FUR COATS at this season of the year include the purpose of SAVING MONEY. But price alone is no gauge of economy—the true bargain depends upon what one gets rather than what one pays. "We are most careful in every coat we select and guarantee every coat we sell." And to those who know our Fur Coats this fact is the best assurance of dependability of our goods. Inspection and comparison will disclose the proof. One needs a Fur Coat for driving every month of the year in Montana. The reason for this radical recution is "we have no place to store them." It will pay you to buy one of these coats and put it away until next winter, as the price we ask is far less than the price will be on this same class of goods next season.
