The Merchandising Center for the Musselshell Valley

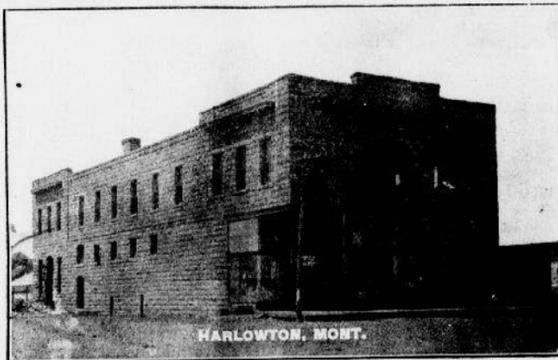

To Our Patrons and the People of the Musselshell Valley in Particular:

We have been with you for a number of years. We have seen Harlowton grow from a small Montana village to its present size with a future that promises to make it the biggest and most prosperous in this section of the state. Ours has always been a General Store in the true sense of the word and we are now going to make it better than it has ever been. Recognizing the constantly growing demand for the new designs and up-to-date merchandise—a demand truly in keeping with the great strides that have been made during the last few years of unprecedented development of the Musselshell Valley, we have decided for the future to make "large assortments" one of the biggest features of our business. The completion of our New Large Stone Store, electric lighted and steam heated throughout, with its beautiful fixtures and equipment, everything modern, up-to-date and convenient—making it one of the largest and best appointed in these parts—it being under metropolitan management is indicative of the seriousness and genuineness of our purpose.

Months and months ago we planned all this—and preparations were made to show a magnificent collection of all that was new and quality unsurpassed. No goods are carried over from season to season. The merchandise is always new and reliable, a look about our new store will impress you of the newness of our merchandise—new in the sense of its completeness and present magnitude—pleases us beyond measure and justifies the move we made to these present quarters. The patronage accorded our store ever since it opened has been beyond our expectations, and we attribute very much of it to the wonderfully low prices at which everything has been marked. To sell new, clean and up-to-date merchandise, at the lowest prices you have ever known—is our way of introducing to you the merits of this great store.

From a Small Local Store to the County's Fur- niture Center

That shows remarkable progress in a few years, yet it is the true history of our establishment briefly told. The real secret of our successes lies in our earnest endeavor to make every customer our friend by methods that measure up to the highest mercantile ideals.

Our Fine Modern Establishment

With its unrivaled stocks and widespread reputation for generous treatment is a splendid evidence that our efforts to serve the public faithfully and well during the past have not only been appreciated but have brought us the fitting reward of a great and ever growing trade, backed by the implicit confidence and friendship of our immense family of patrons.

Your Entitled to Feel Mad

If you are particular and you meet another fellow with exactly the same style suit as you own, and made from the same material you have selected. But that's liable to happen to you any minute in buying ready-to-wear clothes.

IF YOU ARE PARTICULAR

The only way you can bet on individuality in clothes that can't be copied by the "other fellow" is to let US make them to your measure to fit.

We have 500 exclusive patterns for you to choose from. That, and our close attention to your individual physical characteristics, constitute our guarantee of satisfaction.

Come in and let's get acquainted.

Buy Adler "Collegian" Clothing for Up-to- Date Wear!

Suppose the trees were to wear last year's leaves—the whole world would be out of tune. Yet those were good leaves last year and the trees got a good season's wear out of them. Nature demands new things, and nature typifies energy, vigor and progress. Do you want to be out of tune with the season, or are you a vigorous, prosperous man? Will you put off donning new attire in keeping with the season, or will you wait and bloom late and after the opportunity for the choicest is gone? Come to Marshall's today or tomorrow and get a new suit. We will now clothe you in the garments best suited to your needs. Don't wait and be compelled to accept from such assortments as have been passed by so many others. You have nothing to gain by waiting. You have much to lose. Seasonable wear for the young man—special designs brought out for his especial benefit. Seasonable wear for men of all ages—garments as quiet or fancy as his taste will permit and all tailored to such a point of perfection as to assure him the compliments of his friends and the greatest measure of personal satisfaction.
