

THROUGH HIS STOMACH

"To get at a mans heart or his pocket, first get at his stomach," is a proverb that has a place in a number of different languages. It is true today as when it was originally written. Feed him well and he will treat you well. Neglect his stomach, mock at his appetite and you are going to see and feel his displeasure. Now, if it be so easy to have peace at home, surely it will pay to study the stomach of the "Lord of Creation" and give him his pleasure to satiety. There might be many more happy homes if this simple advise were most widely heeded, but it is never too late to mend matters of this kind. Take an interest in your table good wife; cater to the tastes of your husband. Get the most appetizing dainties for him. Be sure of the teas, get the sweetest and freshest Creamery butter, and get him the right kind of canned goods. Serve him with the choicest and purest delicacies for breakfast, lunch and supper—in short, be sure of the highest grades, buy all your groceries at **MARSHALL'S** and his satisfaction as well as yours will be assured.

Mr. William O'Hanlon, member of the O'Hanlon Bros. real estate firm of this place, left for a visit in Omaha, Neb., Monday. He will return to Harlowton in about a week.

A. V. Manchester, the Master Mechanic of this district, with his office at Miles City, was in town Wednesday and Thursday looking after the affairs of the Railroad Co. at this point.

Dr. W. R. Smith, the Roundup doctor, who has failed three times in passing the state examination, who has brought suit against the board has been turned down by the courts and will not be allowed to practice in Montana.

James Marshall, formerly employed by the C. M. & P. S. as section foreman at Harlowton, recently resigned so as to be able to reside on his homestead in 10-10-17. James has a good sized house on his place, and has had ten acres broken, which he will soon seed into winter wheat.—Judith Gap Journal.

Mr. M. W. Lewellin who went over to Livingston, last week Saturday, became very sick at that place and had to be taken over to Bozeman for treatment. Mrs. Lewellin left here Tuesday afternoon having received a message that Mr. Lewellin was seriously ill. Another message was received here yesterday, stating that both Mr. and Mrs. Lewellin will return today.

A peculiar accident happened down in the railroad yards yesterday afternoon. While swithing in the yards a gravel car accidentally ran into a mail car which was standing on the side track. The mail car was knocked off the track and tipped over onto Yard Master McShane's house. At the time of the accident Mr. McShane's family were inside of the house, but as the car only partly crushed the house the family escaped uninjured.

The annual report of the Lewistown land office for the fiscal year is just out and it makes an interesting showing. Although there was appropriated under all the public land acts during the twelve months prior to June 30 a total of 339,112 acres, there is still a total of 4,673,372 acres unappropriated in the district. Of this 1,380,000 is survey land in Fergus county. Thus it will be seen that in spite of the rush of landseekers and the vast amount of land taken up during the year, there is still plenty of good agricultural land left for those who desire it. They will have to go further back from the railroads and in more sparsely settled sections that is all.
