The Big One-Man Plowing Power

THE automatic steering device attached to the front axle of The Big Four "30" enables one man to handle both engine and plows. The engine itself is so simple in its mechanism and runs so steadily without attention that the operator can devote practically all his attention to the plows. The steering device guides the engine and plows in a much straighter path than can human hands. Let us demonstrate the wonderful work of this engine on your farm. The Big Four "30" is the only tractor that is
Sold On Approval
We take all the risk of the engine's fulfilling every claim we make for it. We let you try it out on your own farm and we convince you thoroughly that it is the tractor you want before you pay a penny for it. That's the only safe way to buy a tractor.
Write for The Big Four "30" Book and Testimonials.
