### PRESBYTERIAN CHURCH

A Bible class for young women has for some time been organized in our Sunday school, which is found to be a great success and immensely interesting. Also a Bible class for young men has been started, which is getting more interesting and gaining more rapidly in attendance every Sunday. We cordially invite all the young men of the neighborhood to be present next Sunday and give it a trial. Hour, 10 a. m. to 11 a. m. Church service immediately following Sunday school. ### THE "ROUND UP" ON FILMS JUST AS REAL AS LIFE

At the Opera house May 20th local theatregoers will have their first opportunity of witnessing an exhibition of the 1912 Pendleton roundup, as shown in 5,000 feet of excellent films. All the thrills are there. The biggest cowboy and cowgirl show ever held in the country is depicted in true detail. So realistic are the pictures, which were taken at Pendleton, that they are followed with the greatest interest. Especially is this true of those who were so fortunate as to have been present at the roundup last September. From the opening day of the roundup to the last act, everything was caught by the picture man. Perfect weather conditions combined to make the pictures more than usually fine. Many of the scenes, while very thrilling, are also full of humor. The "bull dogging" of the cowboys is shown in all its reckless daring. A man's leg was broken at one stage of the show when he was thrown under a horse. This is portrayed, with many other heroic and spectacular features, throughout the one hour and 45 minutes of the films and the entire 5,000 feet of reel is filled with intense interest.—adv.
