HARLOWTON WILL CELEBRATE THE 4TH

Committees are Appointed to Make Arrangements for a Big Time--Sports of all kinds will be Arranged for

The Harlowton people for the past few years have not had any celebration in this town on the Fourth. They have been satisfied to hold their annual fair and allow other towns about us to use the 4th for their big event.

This year the citizens have determined to celebrate in a fitting manner. Outside attractions are being arranged for. Among the sports there will be a ball game, automobile races, foot races etc. The Committee in charge: T. H. Martin, C. E. Reiff, P. S. Olson, H. A. Weber, and I. S. McQuitty have determined to make this the greatest celebration in the Musselshell Valley.

Watch for a complete list of the attractions.

PRES. LADIES ENTERTAIN

The Ladies of the Presbyterian church entertained with a novel game called "Hunting in the African Jungles." The church had been turned into a jungle by the use of small trees that had been cut from the woods and among the trees were hidden animal crackers, representing all kinds of wild animals. The game was entered into with zest and everyone had a splendid time.

Lunch consisting of hot weiners, rolls and coffee was served. The ladies made a very tidy sum of money from the undertaking.

from errors, considering the few games that each team had played this season.

Total	5	11	0

NOTE: Myrtle batted for Brammer in the ninth inning.

The game Sunday was a rather one-sided affair, the local boys starting in strong and keeping their lead with an ever growing score. However the visitors should not be censured too strongly as they were handicapped in not having their regular team. It was a game liberally sprinkled with errors and was not very exciting at any stage. It is hoped that the visitors will get their regular bunch together at a return game and give our boys a little stiffer run for their money.

TEEPERANCE LECTURE LAST MONDAY NIGHT

Mrs. Maggie Smith Hathaway delivered a lecture Monday evening at the Presbyterian church, under the auspices of the state W. C. T. U. along temperance lines. The audience which greeted her was not very large. Her lecture was very interesting and deserved a better audience. She brought out the fact the temperance movement is growing by leaps and bounds and that from purely a standpoint of dollars and cents it is bound to succeed. She showed that in Kansas at least half the counties of the state had found their poor farms untenanted and the jails were absolutely unneeded. The problem as to what to do with the poor farms was solved by turning them into agricultural stations. In Maine boys had grown to man's estate without ever having

seen a drunken man. She showed the fallacy of the defense of liquor advocates that the abolishing of booze would raise the tax rate and in many detailed statistics handed the business some body wallops that were more than convincing.

A number of the ladies present signified their desire to have a W. C. T. U. organization here but owing to the small number present it was thought best to defer its organization until a later date.

DROWNING AT SUMMIT

Eris Davos and Mrs. Mary Delaskas were drowned Thursday in a reservoir at Summit, a station on the Milwaukee railroad about 55 miles west of here. Davos was baker for camp No. 4 and Mrs. Delaskas was the wife of the foreman of the camp. They were in a boat fishing and as Mrs. Delaskas was bailing out the boat it got to rocking when she fell out and he jumped in to save her. A coroner's jury brought in a verdict of accidental drowning. The bodies were shipped here for embalming, the body of the woman to be sent east for burial while that of the man will be buried here. Davos was a Bulgarian and Mrs. Delaskas was an Italian. Both were young.

YOUNG MEN'S CHORUS

A young men's chorus has been organized and is now ready to begin practicing. They will undertake to master some good music and later in the season give a concert. The chorus is under the direction of Walter Trimmer. Music is one of the fine arts and a most elevating pastime. It is to be regretted that more consideration is not given to it in this western country. The chorus is open to all comers, both those who can sing and those who think they can sing. Of course if one finds they cannot sing their natural pride would cause them to drop out. But all will be given a chance to demonstrate their ability.

It is hoped that the young ladies of the city will emulate the young men and start a chorus and the two be merged into one mixed chorus and the study of some oratorics be taken up. Many cities of the state now have choral societies and they are a source of much pleasure and benefit to the participants.

We are authorized to inform the members of the chorus and all those who care to join that a meeting will be held next Thursday night over the First National Bank at eight o'clock to which it is urged that all will be present.

HIGH SCHOOL EXERCISES

Commencement week exercises closed on last Thursday evening with the presentation of the diplomas to the graduates.

Professor Davee, state Superintendent, made a splendid address. Professor Gordon made the presentation address which was very appropriate and enjoyed by all. Professor Gordon deserves great credit for the excellent work of the school during the past term. He has been ably assisted by a splendid corps of teachers backed up by a progressive school board. The A. F. Robertson Jewelry & Watch Company gave three Coukin pens for the best penmanship in the school. These pens were awarded as follows: one to 5th and 6th grades, one to the 7th and 8th

grades and the other to the high school. John Ross' daughter of Dereail won the pen in the 5th and 6th grades, Marion Smith in the 7th and 8th grades, and Wilhelmina Galvin of Martinsdale in the high school.

The judges of the penmanship were: Mrs. S. K. Campbell, C. L. Hash and Rev. Kammann. The judges were furnished samples of the writing with no signatures.

Shultz-Miller

Miss Viola Miller of Lewistown and Mr. William Shultz were the bride and groom of a beautiful home wedding which took place last Tuesday evening at the home of Mr. and Mrs. Ben Shultz of Harlowton.

The bride was attended by Miss Mabel Geisler of Chicago and the groom by Mr. George P. Mullin of Boston. The young couple left for their future home at Miles City among the many good wishes of their many friends.

The bride was gown in a beautiful white satin gown and carried lilies of the valley. The bridesmaid was gown in white silk and carried American beauty roses. A delightful seven course wedding supper was served by Mrs. Ben Schultz.

STICKNEY GASOLINE ENGINES MAKE GOOD

The Stickney gas engine for a stationary engine is taking the lead here. The Harlowton Grocery sold two last month, one a 7 horse power which the Ivy steam laundry are using to run their machinery; the other to P. S. Olson which he will use for pumping.

The one used in the laundry has had a thorough test and has stood up under the hardest trials. Mr. Olson has not missed his as yet.

The Stickney people guarantee these engines and instruct their agents to stand back of it. If the engine you buy is not enough horsepower after you have used it they will allow you full price on it in buying another of greater horse power. This stipulation holds good for ten years.

It will pay you to thoroughly investigate this engine before buying any other make.

Monday evening, June 9th, 1913 at 8 o'clock, I shall conduct English Lutheran Services at Harlowton again. Services will be held at the Presbyterian Church.

BUILDING ACTIVITY IN HARLOWTON

A Number of Buildings Now in Progress of Construction and Being Planned Promise a Busy Season for Harlowton's Builders

The building activities in Harlowton will compare favorably if not exceed that in any other town in Montana. R. N. Jones and T. H. Martin are erecting a two story stone building on lower Main street built of native stone, than which there is no better building material and which is quarried within the city limits. The building is to be 50x75 feet, the lower floor to be used as store rooms and the upper story for offices. Thomas Sorboe has the contract for the erection of the building. The stone work has been let to Anton Anderson, while the plumbing is to be installed by Stott Bros. and the plumbing supplies furnished by the Dreyer-Wilke Hardware Company, thus keeping within the city every dollar of the funds expended in the erection of this building. It is to be modern in every detail. C. H. Lefever is also erecting a

new rooming house on the flat below the Graves hotel. This building is of wood and is also of all home construction.

Mrs. Boifeuillet is also erecting a seven room bungalow next to the Moody house. Nichols & Logan are the contractors.

Fred Mairs is erecting a residence near the Cliff house. Thomas Sorboe has the contract for this building.

A number of houses are in sight to be erected in the near future, and all together the outlook for building for this summer is unusually bright.

What with the building prospects and the rumors of a new road for Harlowton, the more optimistic citizens can readily see a boom in sight for this burg. It is a rumor that persistently comes forward that the Harlowton cut-off of the Northern Pacific is to be built and possibly this summer.

TELEGRAPH IN BRIEF

Opinions of the confession of Frank Diamond, concerning the murder of General Meagher, seem to differ. Many prominent old timers believing it and just as many disbelieving it. General C. S. Warren believes he is a liar while Hugh Daly thinks there may be something in it. But it is generally conceded that the truth may never definitely be known and there is an inclination to let the matter rest, as so many years have elapsed since the death of General Meagher.

Kansas City, June 3—Arnold Dunn, 28 years old, a native of Armondale, a suburb, was pronounced "the laziest man in the world" today by the judge of the municipal court of Kansas City, Kan., and was sentenced to hammer out a \$500 fine in the workhouse. Dunn, broadshouldered and physically fit, allowed himself to be supported by his mother, 60 years old, a rag picker.

A wreck on the Great Northern railway near Moorhead, Minnesota caused the death of the engineer and injured the fireman and six passengers. The engine, baggage and mail cars and the smoker left the track and were turned over.

An entire family were killed in a duel near Greeley, Colorado. Apparently Mr. Stanley had quarreled with his wife and both used revolvers. They had one daughter and she was found lying dead beside her father.

The Senate Finance Committee have recommended that flour and meat go on the free list.

Additional Local

Five of the school teachers, Misses Shouse, Gray, Hatton, Woodbury and Mason accompanied by Mrs. Hawley and Mrs. S. K. Campbell left last Saturday for a few days visit in Butte. The first four will then leave for their homes to spend the holidays, Miss Mason going to Missoula to spend a few days with relatives. Mrs. Campbell and Mrs. Hawley will visit two or three days in Butte before returning.

Tuesday night the Harlowton Grocery Company's store was burglarized and four revolvers and two rifles were stolen. The burglars gained entrance through the tran-

som over the back door. The transom was open and the burglars tore off the wire and crawled through. Clues to the identity of the robbers have been discovered and the police are confident that they will be found.

On Friday evening, June 20th, a grand ball and strawberry festival will be given at the Harlowton Opera House under the auspices of Ladies of the Catholic Church. Tickets, 1.00.

J. J. Hopkins, the Two Dot merchant, was in town last Tuesday transacting business.

Presbyterian Services

Sunday morning, "Children's Day," the great Sunday School day of the year will be observed. We have arranged for an enthusiastic program, which is to be held in the Presbyterian Church, Sunday morning, June 8th, at 10 A. M. There will be special music rendered by the Harlowton Orchestra. Everybody is invited. Come! It will be interesting! We especially invite the parents to come and bring all their babies also.

As we are about finished with studying the life story of Joseph in the Sunday School, the pastor has selected for his topic in the morning service, "Joseph and Jesus. Evening service at 8 P. M. A lecture will be given on "The Bible in Browning."

FOR RENT

Three room house on flat. Inquire, W. J. Tucker
Harlowton, Mont.

ADVERTISED LETTERS

Unclaimed mail matter remaining on hand at the Harlowton Post Office for the week ending May 31, 1913.
