G. E. SHAWLER - - Business Mgr.

Entered as second-class matter August 17, 1911, at the postoffice at Libby, Montana, under the Act of March 3, 1879.

THURSDAY, NOV. 2, 1911.

Miss Bessie Tate is visiting with relatives in Kalispell.

Mr. and Mrs. Hess were down from Warland Tuesday.

Wm. E. Dawson and Jim O'Brien were down from Jennings taking in the election news.

Judge O. E. Thomas of Fortine arrived yesterday to help out in the county treasurer's office during taxpaying time.

Dorr Skeels has gone to the district forester's offices at Wallace, Idaho, and Missoula, Montana, on an official trip.

John A. Gehrke and Frances J. Beattie were married in East Libby last Saturday, Oct. 28, Rev. E. S. Williamson officiating.

Jas. Stonechest, Frank Stonechest, John Coffman and G. E. Shawler went to Troy Saturday to vote for the bond issue.

County Clerk Carpenter spent Saturday and Sunday at his home in Gateway precinct, where he voted at the bond election.

Wm. Hogan of Troy was a business visitor in Libby last Saturday, but took the first train back in time to vote for the bond issue.

Married in Libby, Nov. 2, 1911, Ross Moore of Hubbard, Montana, and Josephine Pasquie of Kalispell, Judge C. R. Hoffman officiating.

W. G. Libby, manager of the Libby steam laundry was at Troy this week and established an agency at that point. The Libby laundry is the only steam laundry in

Lincoln county and expects to take the field clean from Rexford to Leonia by reason of lower prices and work that cannot be excelled by any company operating in this territory.

Phil Eberhart was up from Leonia yesterday on a business trip. Phil is an enthusiastic booster for good roads and is elated that the bonds carried so decisively.

As far as heard from, there was a pretty safe and sane Hallowe'en celebration by the kids. An extra police force, however, may have had something to do with it.

The Misses Skeels, Shafer and Miles, bachelor schoolmams in the McCarthy mansion, So. Libby, entertained about thirty friends at a Hallowe'en party Tuesday evening.

J. H. Backus of Wolf Creek, F. N. Dickerhoff of Ural, Henry Miller of Pleasant Valley and John Schneider of Cabinet brought in the election returns from their precincts.

J. M. Paine and Sam Gilmore of Missoula arrived Tuesday to make their home here. They have taken over the Bocarde blacksmith shop and expect to be ready for business today.

Tom Bocarde returned Tuesday from Pipestone Springs, near Butte, where he has been for several weeks taking a course of treatment at the baths. He says he was greatly benefited.

Judge Geo. E. Davis of Troy has been appointed a delegate from this county by Governor Norris to the Trans-Mississippi congress, which will meet in Kansas City, Mo., in December.

Speaking of potato stories, A. R. Gibson says he raised so many in his garden patch that he couldn't find time to dig them all, so he gave about a ton to neighbors for the digging.

Stanley Wood, the Troy merchant, came up Saturday evening to go on a hunt in the Warland

section. He stopped over that evening to hear the returns on the bond election and was immensely pleased that it went through with such a sweep.

Over at Chouteau they have been guessing the number of grains of wheat in an ounce and the count showed there were at least 900, and good plump ones, at that.

A marriage license was issued yesterday to Ralph Sparks of Priest River, Ida., and Cora Yeager of Lenora, Wash. They were united in marriage last evening by Judge C. R. Hoffman.

Tom Handley of Rexford was a visitor in Libby this week. He was in high spirits because of the sweeping vote for roads and bridges, and especially that his own precinct came through favorably by a five to one ratio.

Wm. Coulter, representative of Armour & Co., who in covering this territory makes frequent trips to Libby, was married a few days in Spokane to a young lady from Vancouver, B. C. They will make their home in Kalispell.

Senator Leary, Al Howard, Harry Howard and Scotty Beaton have gone to Howard lake to do assessment on the Howard gulch placers. Engineer Pratt will visit the property next week and equalize the grades of the two ditches. Water is to be taken from Libby creek and Lake creek.

A Great Falls contractor has introduced a ditching machine that displaces more labor than any device, almost, heretofore invented. It is a ditch digger and in six hours did more than a hundred men could have done, by excavating a trench 430 feet long, 12 feet deep and 20 inches wide. The machine is good for 700 feet of ditch 50 feet in depth per day.

Watches and Diamonds.

When the assessor approached John Hibbard last spring to spy upon his worldly possessions, the

only thing he could think of was his watch, of which he is very proud, and rather than be white-washed he gave it in. The obliging official went his way and put it down at \$25, and now John is exhibiting the highest priced Waterbury known in the section. But the worst of it is, he is afraid he will be hounded out of the country by people asking him the time of day, as it is the only watch on the assessment roll in Lincoln county. Speaking of luxuries, the only party, apparently, wearing any diamonds in the county is a man named Cady, living near Gateway, and he is a rancher. When ranchers wear diamonds, it is easy to explain why there is such a strong movement among townspeople of "Back to the Soil."

A communication from Leonia was received this morning, too late for this week's issue.

The Catholic fair on Friday evening last drew a crowd that filled the opera house to the doors, and socially and financially it was a grand success.

IN THE SCHOOL WORLD.

There are 191 pupils enrolled in the Libby schools. Seventeen of these are in the high school, which at present offers Latin, English and Scientific courses. Agriculture and manual training are offered as electives. Both are being taught in the 7th and 8th grades.

Mrs. Scott has the largest enrollment, there being 47 pupils in her room.

A very pleasant time was spent by several high school people at a fudge party given by Miss Klenc on Monday evening, in the new Klenc home. Games of "Post Office" and "Happy is the Miller" were freely indulged in by haughty upper classmen and aspiring freshmen.

The football team has been badly broken up during the week, due to delinquent studies by several players.

In the arrest of two men for killing game in the Glacier National park a peculiar situation has developed. The state has ceded jurisdiction to the national government and the state game laws do not apply. There is no United States statute against hunting game in this park like there is in the Yellowstone park. However, the officials have changed the charge to larceny, alleging that they appropriated property belonging to the government when they killed an elk and a deer, and it is safe to say it will be made pretty warm for the offenders in one way or another.
