#### PLENTYWOOD AUTO & MACHINE SHOP PUTS IN UP-TO-DATE MACHINERY

Recently, while in the Twin Cities, A. J. Beverung and F. H. Castro, proprietors of the Plentywood Auto & Machine shop, purchased a 24-inch improved boring machine and an 18-inch lathe, together with several hundred dollars worth of other machinery, which they have installed in

their machine shop, thus equipping that shop to handle any kind of tractor work. This shop is now as complete a shop as there is in northern Montana, and the proprietors say that there is no local work too big for them to handle.

—Albert R. Chapman, formerly U. S. commissioner here, who is now engaged in farming was in the city the first of the week.

#### JOSEPH A. KAVON ARRESTED.

Joe A. Kavon, the well known automobile and garage man, was arrested Tuesday on the charge of violating the Montana automobile license law by not having a license tag in one of his cars. He pleaded guilty before Justice of the Peace L. S. Olsen and a fine of \$25 was imposed. The local authorities intend to strictly enforce the auto license law, hit whom it will.

## LIST OF ACRE DONATIONS

Subscriptions given in at the office of L. S. Olsen.

D. J. Olsen, Plentywood—1 acre marquis.

Thos. J. King, Plentywood—1 acre red flax—Second donation.

## IMPORTANT NOTICE!

PRESIDENT OF THE UNITED STATES DESIGNATES FRIDAY, JUNE 28, AS

NATIONAL WAR SAVINGS DAY

GOVERNORS AND MAYORS MAKE PROCLAMATIONS

MEETINGS WILL BE HELD IN EVERY COMMUNITY TO SECURE SUBSCRIPTIONS FOR WAR SAVINGS STAMPS

Pursuant to the statements of the President of the United States and of the Secretary of the Treasury and the proclamation of the Governor of the State of Montana, I, War Savings Director for Montana acting under the authority of the United States Treasury Department, hereby call every person in the State of Montana to meet on Friday, June 28th, to give their subscriptions for War Savings Stamps. In rural communities and the smaller towns and cities, meetings will be held in the school houses at 2 p. m.

The school officers will conduct the meeting in each school house, keeping a record of the proceedings and reporting the names of all persons present and the amount of War Savings Stamps subscribed for by them. The names of absent persons, and of those who refuse or neglect to subscribe, with their reasons for so doing, will also be reported.

War Savings Stamps (which are United States Government Bonds the same as Liberty Bonds) can be paid for during any month in the year 1918, but it is intended that subscriptions will be signed for them on June 28.

The price of each War Savings Stamp depends upon the month during which it is bought. During June each Stamp will cost \$4.17. In July each Stamp will cost \$4.18 and so on, one cent more each month during 1918. On January 1, 1923, the Government of the United States will redeem all War Savings Stamps at \$5.00 each, no matter during which month in 1918 they were bought. They cost less during the early months in 1918 than during the latter months because the person who buys earlier has loaned his money to the Government for a longer time than if he should buy later.

By way of illustration, note the following table:

#### COST OF WAR SAVINGS STAMPS DURING JUNE, JULY AND AUGUST, 1918

	Cost in June	Cost in July	Cost in August	And Are Worth on Jan. 1, 1923
1 Stamp.....	\$ 4.17	\$ 4.18	\$ 4.19	\$ 5.00
20 Stamps.....	83.40	83.60	83.80	100.00
50 Stamps.....	208.50	209.00	209.50	250.00
100 Stamps.....	417.00	418.00	419.00	500.00
200 Stamps.....	834.00	836.00	838.00	1000.00

The law provides that no person can hold in his own name War Savings Stamps exceeding \$1,000 maturity value. War Savings Stamps, however, may be purchased for other members of the family, including minor children, to the above limit for each member

The money invested in War Savings Stamps is not a gift, or a donation, but is a loan to the Government. It will be paid back with 4% compound interest. If, because of some serious financial reverses, or calamity, it should be necessary to get your money before January 1, 1923, you may do so by giving ten days' notice to any Money Order postmaster, in which case you can get what you paid for the Stamps, with interest to the date of payment. The Stamps are free from all State and local taxes; when registered at the postoffice they are insured against loss; they are backed by all the property in the United States; they cannot fall in value below the price you pay; they are as convenient and as well-paying an investments as has ever been offered by our Government.

A definite quota of War Savings Stamps has been assigned each school district and community, which will be announced at each meeting on June 28th. The Government of the United States expects all the citizens of every school district and county to subscribe for its quota and pledge themselves to save and economize to help win the war.

It is to be hoped that the subscriptions taken at the meetings in your county will show you and your neighbors to be loyal Americans to whom our Government, in this hour of need, does not call in vain.
