

# OUTLOOK Chautauqua SEPT. 9 to 13

## POLUINI COMES ON FIRST NIGHT

Great Magician Gives Opening Program of Chautauqua Festival.

Poluhni.

"One good trick is worth ten old ones," says Poluhni, the master workman in the field of magic and illusion, and his program is built with that belief in mind.

Two of his original productions, one being "The Spirit Painting," in which an unseen hand paints an oil canvas in full view of the audience, have been pronounced "beyond comprehension" by no less an authority than the great Kellar.

You think there is nothing new under the sun. See Poluhni and Company the first night of the Chautauqua Festival and be convinced that in one of the oldest fields of entertainment known to man there has actually been created a program startlingly and most attractively new. It is a full evening of great entertainment, music, magic and mystic illusion.

A well-balanced war-time program. Don't miss it.

## AMERICAN SOPRANO SINGS AT FESTIVAL

Mary Adel Hays Prominent Among Soloists of Platform.

Mary Adel Hays

Mary Adel Hays, American soprano, has been one of the most successful soloists ever presented before Chautauqua audiences. The New York Musical Courier says, "Miss Hays possesses a lovely soprano voice, which she uses with rare delicacy and taste. Her attractive appearance and striking personality add to the general effect."

Miss Hays possesses an unusual range of three octaves, singing high "g" with perfect ease. Her repertoire is extensive, consisting of operatic and oratorio arias, and the little classics in song down to the simple ballads, all of which she sings with keen intelligence and sympathetic understanding.

Julia Elizabeth Pratt, accompanist, is a pianist of rare accomplishment.

## THE ADVANTAGE OF A HANDICAP

Dr. Elliott A. Boyd Well Known Lecturer in West.

Dr. Elliott A. Boyd

Dr. Elliott A. Boyd has many friends in the West. He has lectured for two years over the big summer circuits and now comes to the Chautauqua Festival on the second night with his new lecture "The Advantage of a Handicap." Dr. Boyd has become one of the strongest inspirational lecturers on the platform. He is not only a splendid orator but a deep thinker, a close and logical reasoner and has a mind stored with pertinent facts. People are thinking and talking about his lecture for months after he has gone.

## OUTLOOK

Some of the local people were out berry picking Sunday.

Geo. Robinson has been seen in the village, having come from the ranch out west.

A great many people have been north to the coulees to pick berries. There is a very fine crop of varieties of currants and cherries.

Mr. and Mrs. Wm. Burris, who have been visiting with their daughter, Mrs. E. E. York and family on the York farm north of town, left on Monday for their home at Ardock, N. D.

There is apparently, at the present, no danger of not getting the harvesting done in this district, though there may be when threshing commences. The yield is going to exceed expectations.

Mr. Gust Wahl left on Wednesday's train for Whitetail to return again shortly. Signers are going on for the new store proposition here. Individual as well as governmental co-operation is the thing.

The primaries will soon be over and it will be settled who will be the different party standard bearers. Coming as it does in the busy season the vote will be light unless all make it a point to come out and vote on that day.

There is considerable inquiry, Brattland reports, for farms to lease for the ensuing year. He has three sections sold by him to eastern clients, now leased out to local people.

Mrs. O. B. Snuggins and family will occupy the Burns residence for the winter, so as to have the advantages of the village school for the children.

The editor is in receipt of a letter from Fred A. Wirtz who is at Camp Dodge, Des Moines, Ia., in which Fred says that he likes the soldier life and only wishes he could move Montana down there, climate and all. His address is Co. 58, 15th Brigade, 163 Depot Brigade, Camp Dodge, Des Moines, Ia.

Mrs. A. J. Patterson and daughter Grace went to Kenmare, N. D., on Monday where Grace expected to submit to an operation for appendicitis at the hospital at that place.

We will soon have our teachers with us again in full force and the future potential citizens will be given their raining in their three r's. We trust that all have spent their vacation profitably and that they will enter on their duties with the determination to do their best. A great many of the teachers will be new to this district. The school busses will be run again.

**LIBERTY BELLES AT CHAUTAUQUA FESTIVAL**  
A Great Musical Number

The Liberty Belles bring splendid, joyous music to the Chautauqua Festival. These five charming and talented ladies have been one of the outstanding successes among musical companies of the East for several years and their appearance on the Western Chautauqua Festivals is of more than ordinary importance. Their program is of infinite variety; orchestral numbers, readings, songs, instrumental solos, duets, costumed selections. It is an unusual company which pleases unusually well. Every number, whether vocal or instrumental, is rendered with the finish and musicianship of which true artists are capable.
