

POPULAR ATTORNEY WITH U. S. FORCES, WOUNDED

Dana M. Easton, formerly attorney at Poplar, who is with the U. S. fighting forces in France was wounded in action by a shrapnel or high explosive and lie out on the battlefield for two days before he was found and taken to a hospital. Easton is still in the base hospital and recovering from a fracture of the right hip and a broken thigh. The injury to the thigh is near the groin and was caused by a machine gun bullet. He finds consolation in the fact that he "got" one or two of the miserable Hun pigs, even though he suffered considerably while lying out in "no man's land."

DELCO-LIGHT

Runs on Kerosene or Gas

Figure what this means in twenty years' time.

Suppose you use 536 electrical horse power or 400 kilowatts of electricity a year.

Delco-Light will make an average 4 kilowatts to the gallon of kerosene. Therefore if you use 400 kilowatts, this means you would use 100 gallons of kerosene a year at a cost of 20 cents a gallon. This equals \$20.00 a year operating cost for fuel, or in twenty years \$400.00.

Let us suppose, however, that you had to use gasoline, which cost 35 cents a gallon. This would make the yearly cost \$35.00, or in twenty years, \$700.00.

Due to the fact, therefore, that DELCO-LIGHT runs on kerosene, you will save in twenty years the difference between \$700.00 and \$400.00, or \$300.00.

Isn't that worth considering?

JOHNSON, MESSENGER AND DAVIS ARE FLYING

Harry Smith received an interesting letter from Ben Johnson this week. Ben is at the Sacramento, Cal., aviation field and is flying regularly. He will be required to fly seventy-five hours, while "Hook" Messenger is required to fly only thirty hours before completing their course on the aviation field. Billy Davis, who is also in the service, was flying at a height of 2,000 to 3,000 feet in a trial flight and in ascending to this height, he lost his balance and dropped a distance of 500 feet before he righted his machine without accident. The boys receive excellent training in the aviation service and they are anxious to get into active service.

ENLIST 400 SCHOOLS FOR MILITARY TRAINING

More than 400 education institutions have been enlisted in the war department's program for educating at the expense of the government recruits who are selected as worthy of this privilege.

Fraternity houses and dormitories will be used in training members of the students army training camps.

Additional colleges accepted by the department for training units and announced last Friday include:

Dakota Wesleyan, Yankton, S. D.; Billings Montana Polytechnic; University of Minnesota; Greeley, Huron, S. D.

POPULAR BOY VICTIM OF HUN BULLETS

Rome Antrobus, 27 years of age, husband of Mrs. Pearl Antrobus, is the first Poplar boy to be a victim of a Hun bullet. He was killed in action August 4th. Mrs. Antrobus received a telegram Sunday last from Washington to that effect. Aside from stating that her husband had been killed in action the telegram contained no further details. Mrs. Antrobus was visiting in Sidney Sunday and her mother Mrs. French carried the telegram to her Monday. Antrobus volunteered for service, enlisting at Sidney the 14th of last March. Being a married man it was necessary for him to obtain the written consent of his wife before the local board at Sidney would accept him for the service. Antrobus received his preliminary training at Camp Greene, in North Carolina and was sent to France sometime the latter part of May. His wife received a card from him on the 4th day of June, stating that he had made the overseas journey safely. Shortly after he enlisted Antrobus took out \$10,000 worth of life insurance. Mr. and Mrs. Antrobus were married last November. Mrs. Antrobus expects to return home to Poplar the first of next month.

More Dairy Cattle are needed in Montana. Come to the State Fair and learn which of the various breeds is best adapted to your particular locality. This is a point worth investigating.

OUTLOOK CHAUTAUQUA SUCCESS; CLOSE TODAY

The Outlook Chautauqua Festival which had five splendid entertainments each night since Monday, closes tonight at that place. The citizens of that community who had the pleasure of attending every program or any one of them, pronounced the Chautauqua entertainments the best that have visited Outlook.

All of the numbers were given in Stivers Theater and owing to the fact that the farmers in that vicinity are extremely busy with their threshing, the attendance was not what it was originally expected, or what it could have been if the entertainment was given at some other convenient time.

HARRY SMITH PAID A PREMIUM FOR PORKER

Jap Huntley, of Daleview, brought in a good sized porker for Harry Smith the other day which Harry figured would make a good winter grub stake, but Harry forgot that there were others who needed grub stakes, and he placed the pig in the rear of the shop for the night. The next morning Harry found that the porker had disappeared, probably through the back window with assistance, and there was much disappointment, grief and worry, until the boys sprung the joke which was sufficient to cause Harry to loosen up and buy the treats, a premium for his porker.

YOUNGER MEN FIRST TO BE TAKEN BY DRAFT

Youths of 19 and 20 years and men between the ages of 32 and 36, inclusive, who registered Thursday of this week, will be first called to the colors. Provost Marshal General Crowder announced Tuesday of this week and until the supply of available fighting material in their ranks has been exhausted older men will not be inducted into service. Questionnaires were sent first to registrants of these ages and local boards were ordered to proceed with their speedy classification so that some of them may be called in October.

NO MORE BEER TO BE MADE AFTER DEC. 1ST

According to a recent announcement by the Food Controller, manufacture of beer after Dec. 1, 1918, will be prohibited as a war measure. All beverages are to be affected by the new rule.

Sheridan County Loyalty League Endorses Ticket

(Continued from First Page)

ported was persuaded by her friend, Senator Fishbeck, to sidestep on the auditor idea and come out against the common enemy, Rex Movius, was endorsed as slated and arranged. Rex Movius was endorsed by the farmers and that is enuff.

Jack Duggan was found to be the real stuff in reference to loyalty and was endorsed for sheriff.

An unknown man who is reported to not even be a citizen of the state, but who is trying to build a water tank at Poplar was found to part his hair correct and was endorsed for county surveyor.

For the office of County Assessor the Loyalty League was clear up against it. Comb the county over as they would they could not find a man more loyal than H. B. Hill for county assessor, outside of the league, for the league is conceded to have, as an actual fact a corner on real loyalty in this county, so the convention had to select a prominent leaguer from Antelope, a Mr. Deter, who rented his farm last spring in order to go out organizing for the N. P. League but afterwards changed his mind, was unanimously endorsed.

Miss Ellen Wilson, another republican, passed muster, and was endorsed to the great surprise of Mrs. Violet Lowe Fitzmaurice, the democratic nominee for county superintendent of schools. Why Miss Fitzmaurice was branded as a traitor by repudiation is not known, but it is said that the pro-Germans work very subtly, and some "Sherlocko, the Munk," in the ranks of the Loyalty League must have been "hep" to some seditious remarks on the part of Mrs. Fitzmaurice. Most of her friends, however, were flabbergasted. Jack Leonard was found to be sound to the core and was picked for commissioner.

Then came the task of picking a candidate for County Attorney. There was nothing to it. T. W. Greer is nothing if not loyal. He is so loyal that it sometime is insupportable and occasions considerable pain. It is rumored that Mr. Greer considers the Loyalty League somewhat of a handicap, but a Chautauqua speaker tells us that handicaps are sometimes an advantage. However, we understand Mr. Greer is only running for county attorney for advertising purposes anyway, and a handicap more or less doesn't make any difference to him.

The following are officers of this "Loyalty League": President, Dr. E. G. Steele, of Plentywood; Roger Burke, Mrs. Ben Johnson's deputy, of Plentywood, secretary and treasurer; vice presidents, Jack Dwyer, Bainville; K. O. Bakken, Whitetail; C. O. Tyson, Wolf Point; F. G. Johnson and W. T. Stephens, both of Scooby. A. R. Chapman, of Plentywood, who was sidetracked in his aspirations for state senator in favor of Lowe by the "Gang," was salved up by being made chairman of the Membership committee, a very empty honor.

Mr. S. C. Moore, another has been, of Poplar, was named campaign manager without an objecting voice.

It don't cost anything to belong to the "Loyalty League," which is thought to be a very attractive feature to the members of the old gang who are now considering "Hooverizing" as a matter of good judgment in the face of the prospects of many lean future years.

It is reported that the application for membership in this organization are coming in very slowly. However, those who have applied are said to be a very select, and choice number of our citizens.

It is not unfolded from where the money will come to finance this undertaking, yet it is thought the Amalgamated Copper mines are attending to that, as that institution has picked up a nice piece of money during the past year or two which they are spending for "patriotic" purposes.

MARRIAGE LICENSES ISSUED THIS WEEK

Marriage licenses were issued from the office of Clerk of Court to the following this week:

George Cooper and Minnie Hinz, both of Culbertson, Tuesday, Sept. 10. Anton Karge and Marguerite L. Latrup, both of Wolf Point, on Saturday, Sept. 7.
