## Senatorial Contest

At last the county "kept" press have received the proper inspiration or more accurately speaking, "kopper" has shelled out some of their surplus mazuma, derived from profiteering in copper, during these critical war times, and are now trying to say something in the favor of Henry Lowe for state senator from Sheridan county, so it seems.

This press tells us that Henry Lowe is a mighty nice man. That he is a real "honest-to-God" farmer, although he is very heavily interested in banking and own interests in several elevators and a mercantile establishment at Culbertson.

This press tells us the farmers ought to vote for Lowe because he is a "good fellow" and a prosperous man and because he knows what the farmers want.

Yes, we admit, that Banker Lowe is a "perfectly lovely" man. So are his running mates on the Sheridan county loyalty league ticket, Mr. Jack Duggan, democratic candidate for sheriff, and Mr. J. F. Redmond, democratic candidate for county auditor. All of these fellows are nice, too nice to do anything for the farmer.

Should the farmers vote for Banker Lowe, who is the candidate of "kopper" and the Sheridan County Bankers Association, and the choice collection of citizens known as the Sheridan County Loyalty League, just because he is a nice fellow or because he is prosperous?

The opposition would have it appear that the farmers have something personal against Lowe because he imports and sells bulls or because he is a banker, or because he has made a wad of money in the elevator business.

We are all glad that Banker Lowe is prosperous, and we are not envious of him in the least. The Producers News have published certain facts about the Bainville and Culbertson banker, in order that the people might know who "kopper" and "Big Biz" are supporting so ardently for the office of state senator.

The fact that Banker Lowe is a nice or a disagreeable fellow, is of no consequence in itself.

They are all "good fellows." The thing that the farmers are interested in is what the candidates stand for: what they are going to do should they get into office.

What will Banker Lowe do if he gets to the legislature? Will he support the League program? Will he work for legislation beneficial to the farmers?

Who will he organize with? With the boys supporting the league program or with the "Kopper Krowd"? There is but one answer. Banker Lowe will organize with the "Kopper Krowd." He is the "Kopper" candidate.

Now, what is Banker Lowe's platform? He says that he will oppose any unnecessary legislation. He has not told us what he considers necessary or unnecessary legislation. We know that he considers the league program unnecessary legislation.

In other words, Banker Lowe, though a "good fellow" is an absolute enemy of the Farmers Nonpartisan League and the League program.

It is easy to understand why all of the bankers and "kopper" and the enemies of the league should vote for Lowe, whose interests he represents and will defend in the legislature if such an unfortunate thing as his election should occur.

## More Flopdoodle

The Pioneer Press in its last issue in an article boosting Mrs. Ella Boswick for the office of county treasurer, takes a dirty, backhanded slap at Rex Movius, the present county treasurer, who will be re-elected to that office by a big majority.

The Pioneer Press says that by the election of Mrs. Boswick, that a man will be released for duty in the army, insinuating of course, that the present county treasurer is a slacker.

A few facts will be interesting: Rex Movius was deferred to class 3, automatically, by virtue of his being

But why should a farmer who is a member of the league, who has paid his money to the league and wants the league program enacted into law, by their vote for state senator defeat the very thing they have worked for, for the past two years, by voting for a man who is opposed to their program, because they happen to know him and like him personally.

Is it more pleasant to have the league program defeated by some one you happen to like, than by some one you happen to dislike? Is it more desirable to have a friend vote against the league program, than to have someone you don't happen to know or you don't happen to admire to be elected and to vote for it?

Just a little thinking will disclose to anyone the absolute foolishness of the line of argument of the "kept" press, who know that the only way to elect Banker Lowe is on a "good fellow" issue.

This is a conflict of ideas not of men or of personalities.

The Farmers Nonpartisan League has a candidate in the field in the person of Clair Stoner of Outlook. Mr. Stoner is also a "good fellow." In every way as fine a fellow as Banker Lowe of Culbertson. He is endorsed by the farmers. He is pledged to support the league program: he will organize with the rest of the league senators at Helena next winter. He will be for the League program, first, last and all the time.

Does Clair Stoner say that he will oppose all unnecessary legislation and let it go at that?

No. He tells you in his platform just what laws he will work for: he is pledged to this program.

He will work for a law exempting farm improvements from taxation, thereby making the speculator pay his share of taxes.

He will work for state hail insurance, a law that will cut hail insurance down to a few cents an acre and will insure every farmer by law, collecting the premiums in taxes. This will not only benefit the farmer but all business men as well.

He will support a measure providing state owned elevators, flour mills and packing plants.

He will support a bill making the copper mines pay their share of the taxes, instead of making the farmers pay practically all of the taxes.

He will support a bill providing rural credit banks, which will be financed by the state and which will reduce interest on farm and chattel loans to about 6 per cent.

This is what Clair Stoner will try to do. This is what the league will try to do and will do if the farmers stick and elect enough men to the legislature to control that body.

Banker Lowe is pledged to only one thing: that is to work against laws that the league wants to enact.

He also makes the following promise: that is, to use the power of the legislature to oust Miss Rankin, providing she is elected, in the following words: "If I am nominated and elected, during my term of office I shall consider the vote of the people for United States Senator in Congress, nothing more than a recommendation, which I will be at liberty to disregard if reasons for doing so seem to me to be sufficient."

If there is anything that the supporters of Banker Lowe avoids discussing its his platform.

Still he is a fine fellow: a fine fellow for "Kopper."

belief of many that the opportunity for war service to the army is greater in the Red Cross than in the Army itself. This opportunity to serve the country was and is, open to Mrs. Boswick, and there was nothing in this world to prevent her from placing her services upon the altar of her country. She has no children to detain her; she has no home to take care of: in fact she boards and is, we understand, not even a taxpayer in the county. What was to prevent her from making deeds measure up to words in her protestation of devotion.

In this state a female has every right possessed by a male citizen.

When it comes to devotion to "Old Glory" and the needs of country in this critical hour, should there be any distinction of sex. Besides Mrs. Boswick and her over-enthusiastic friends have raised the point in regard to Rex Movius. Let Mrs. Boswick remove the "beam" from her own eye before she tries to pluck it from the eye of another.

And, besides, we are told, that Mrs. Boswick was approached in regard to services in the Red Cross, and that she declined the opportunity to

## The Religious Issue

For once, the Producers News finds itself in complete accord with most of the "kept" press of Sheridan county.

The Producers News has just the same feeling in regard to the religious issue as it has towards the fake loyalty issue.

When a political scoundrel is pushed to the last ditch and has nothing else to recommend him or is in a position where he cannot defend his record, he invariably wraps himself in the folds of "old glory" and talks patriotism in the hopes of getting "by." When it happens that the time has come when the people are considering real issues on their merit, the lackeys of big business comes along and starts a rumpus about religion, in order to get the people fighting about something that has no merit one way or the other, in the hopes of attracting attention away from the real issues to the bogus quarrel.

The idea is to get the workers and producers divided.

Religion has always been a fruitful field of discord. The plunderbund has made this "gag" work so successfully and so often, that it is not in the least surprising, that "kopper" should turn to it now in their extremity.

The issue is ridiculous. All leagueurs should avoid it like poison. If members of the League fall for this discussion, the league is defeated.

Gov. Stewart was not sincere in injecting the religious issue into the campaign. It was done as a trick in order to create dissension in the ranks of the League and the organized farmers. It was done to attract attention away from Miss Jeannette Rankin's candidacy for the United States Senate.

Miss Rankin's prospects for election are very bright. The campaign of slander against her has failed. Direct attack upon her makes votes for her; to discuss her record would be to elect her.

The patriotic and loyalty issue has failed: now "kopper" in a frantic effort to save the day for the "kopper krowd" has called upon their "man" in the governor's chair to disgrace the state and himself in a frantic effort to get the farmers and labor into a futile wrangle over a religion.

Note how it is done. The Governor made the Bozeman speech raising the issue and the press is in possession of the proof of the speech even before the speech is delivered. The Landstrum forces have their answer in the hands of the printers also before the speech is delivered. The order goes forth from the "Kopper" headquarters and the mock battle begins: for a mock battle is all that the discussion and issue is; an issue to create dissension among the ranks of the common people, dissension over an issue that in

## Mrs. O'Grady's Policy

The Pioneer Press last week made an insinuating attack upon the candidacy of Mrs. Beatrice K. O'Grady. The thing said that was calculated to hurt her candidacy was the insinuation that she was going to make her husband, John O'Grady, deputy county auditor; for the above paper is conscious of the fact that the public generally is getting tired of the proposition of having relatives installed as deputies in the different county offices, and it calculated to divert votes, very slyly, from the farmers' candidate for auditor by that insinuation.

Mrs. Beatrice K. O'Grady, the farmers' candidate for county auditor, authorizes the Producers News to publish her promise to the public that if she is elected that her husband will not be appointed deputy auditor, but that some person outside of her

family will be appointed to that position.

So much for the above. The Producers News will only add what is the opinion of a great many others beside this paper's and that is this: that if Mrs. O'Grady did appoint her husband, deputy, as she has just as much right to do as the present auditor has to appoint his wife, deputy auditor, that the people of Sheridan county will be getting more for their money in the way of service, than they are now getting for the \$125 per month being paid out to Mrs. James Redmond who now acts as deputy for her husband—for it is a matter of town talk, that the only thing that she does at the court house or is capable of doing with any efficiency, is drawing her salary.

"Sunny Jim" and his family are drawing in the neighborhood of \$275

per month from the county as official and deputy official, beside what is being paid to those who do the work.

A very few of the taxpayers can understand that what is virtuous on the part of the present county auditor,

is a vice on the part of Mrs. O'Grady, our next auditor.

However, Mrs. O'Grady will stand by her promise.

Her opponent is not making any promises.

The only thing that now remains is to get the town vote to stick for Lowe and get the farmer vote to divide on Stoner and Levang if possible. Observing how the "kept" press are now bowing Levang, telling the farmers that he is also a leaguer and a better man than Stoner. The idea is to divide the county vote, for every farmer vote cast for Levang is a vote for Henry Lowe, for Levang has no hopes of being elected and we are positive in making the campaign for the sole purpose of aiding to defeat the Nonpartisan candidate.

As said before, the Producers News recognizes the fact that before four years more rolls around there will be some kind of a county division. This paper has no favorites or suggestions to offer. The people concerned are the ones to divide the county and locate the county seat. We are not even antagonistic to the aspirations of Culbertson. But we do call attention to the Culbertson intrigue.

It amuses the farmers to see the villages and the opposition to the league cut each others throat.

If Scobey and Wolf Point and Popular and Bainville and Froid are willing to vote for Henry Lowe and Culbertson for the county seat with the same vote, and the farmers in the section concerned are satisfied, it is all right with the "Producers News" and the farmers in the northeastern part of the county.

Only why not be open and above board about it?

What becomes of Banker Lowe's "square deal"?

If any of the towns think that the Culbertson county seat scheme is only political propaganda, let the interested villages send detectives to get the facts. The assertions of the Producers News can be verified.

He sent to his own paper, the Tribune, and the other corporation papers that he represented, was always in the interest of the "Kopper Kompany." His newspapers have always been friendly to these interests.

Harry Mitchell is now being supported by every big business paper in this district. This fact alone should be enough to decide anyone not in sympathy with the profiteers.

We are informed through W. C. T. U. and Anti-Saloon League sources, that Harry Mitchell has always been an ardent champion of the liquor interests.

Mitchell ran for congress last election, and in a democratic year ran away behind his ticket both in his home county and throughout the state generally, and was defeated by Miss Jeannette Rankin for congress on the republican ticket, while his running mate, Congressman Evans was elected in the same district, both congressmen, running at large, by a large majority.

Riddick is very popular in his home county among the farmers. It always speaks well for a man when he is well thought of among his own neighbors. Last year, in a democratic county, in a race for county assessor, he ran 5,000 votes ahead of his ticket and was elected by a big majority, receiving the farmer vote solid.

In another column, in a political ad, you can read what his neighbor farmers have to say about him, most all of which farmers are members of the Nonpartisan league.

Carl Riddick is right on prohibition. He is a farmer and will probably be right on all measures in interest of agriculture.

He is opposed by the big interest. This makes him the "best bet."

As a basis for this conclusion, we submit the following facts:

Carl D. Riddick, the republican nominee, is a farmer. His opponent, Harry D. Mitchell, the democratic nominee, is a corporation newspaper man, being a heavy stockholder in the Great Falls Leader, a republican paper, and the Great Falls Tribune, the democratic daily. For a long time he has been managing editor of the Tribune, but quit that job last spring to run for congress and if he is defeated he will probably again assume the duties of the editor of that paper.

At the last session of the legislature he attended, and "the dope that

per month from the county as official and deputy official, beside what is being paid to those who do the work.

A very few of the taxpayers can understand that what is virtuous on the part of the present county auditor,

is a vice on the part of Mrs. O'Grady, our next auditor.

However, Mrs. O'Grady will stand by her promise.

Her opponent is not making any promises.

## County Division

The expose last week of Henry Lowe's county seat plot fell like a boom in the camps of the Philistines. Its very amusing to the members of the League scattered as they are, rather thickly, over Sheridan county. Most of the farmers are not particularly interested in the county seat game. They are more interested in raising wheat. However, the business men in the different towns along the line never allow their hopes for a county seat some day, to sleep for a moment. As a result, each town is laying awake nights, planning some scheme, to put one over" on a rival town.

The scheme of Culbertson, must be admitted, is smooth and clever. All of the towns along the main line are so wrought up over the prospects of the league victory this fall that they have lost their wits. The Culbertson business men divined the above condition. In order to defeat Clair Stoner the business man vote has to be delivered solid for Banker Lowe of Bainville and Culbertson. Scobey has gone "nuts" over the league. Now was the time to capitalize the dread of league victory, and Culbertson got busy.

Banker Lowe was put on the ticket for Senator; Attorney Davis of Scobey was withdrawn. Henry Lowe, so we are told on good authority, makes a promise to the effect that he will not support county division during the period of the war, knowing very well that before his term of four years were up, that the war would be over, and in order to make assurance doubly sure, if the businessmen of Culbertson got impatient, he would have a friend in the senate introduce a county division bill and he would of course vote for it when the time came. So much, so good.

## The Best Bet

The Nonpartisan League of this congressional district made no endorsements for congressmen. Therefore, in voting for representative in congress, the farmers are not bound in their choice. They are at liberty to vote as they happen to feel for either the republican or democratic candidate for congress.

Neither the man, Carl D. Riddick of Lewistown nor Harry Mitchell was satisfactory to the league, therefore the league did not care to become responsible for either one and as the league has endorsed neither, neither candidate has any claim whatsoever upon the league nor has, the league any claim upon either of them, nor is the league responsible to or for either in any way, shape or manner.

However, there is as a usual thing a choice between any two candidates. And it is the opinion of the editor of the Producers News, submitted to the farmers for only what it is worth, and to consider or not as each one happens to feel, that Carl D. Riddick of Fergus county, is by far the "best bet."

As a basis for this conclusion, we submit the following facts:

Carl D. Riddick, the republican nominee, is a farmer. His opponent, Harry D. Mitchell, the democratic nominee, is a corporation newspaper man, being a heavy stockholder in the Great Falls Leader, a republican paper, and the Great Falls Tribune, the democratic daily. For a long time he has been managing editor of the Tribune, but quit that job last spring to run for congress and if he is defeated he will probably again assume the duties of the editor of that paper.

At the last session of the legislature he attended, and "the dope that

per month from the county as official and deputy official, beside what is being paid to those who do the work.

A very few of the taxpayers can understand that what is virtuous on the part of the present county auditor,

is a vice on the part of Mrs. O'Grady, our next auditor.

However, Mrs. O'Grady will stand by her promise.

Her opponent is not making any promises.

The only thing that now remains is to get the town vote to stick for Lowe and get the farmer vote to divide on Stoner and Levang if possible. Observing how the "kept" press are now bowing Levang, telling the farmers that he is also a leaguer and a better man than Stoner. The idea is to divide the county vote, for every farmer vote cast for Levang is a vote for Henry Lowe, for Levang has no hopes of being elected and we are positive in making the campaign for the sole purpose of aiding to defeat the Nonpartisan candidate.

As said before, the Producers News recognizes the fact that before four years more rolls around there will be some kind of a county division. This paper has no favorites or suggestions to offer. The people concerned are the ones to divide the county and locate the county seat. We are not even antagonistic to the aspirations of Culbertson. But we do call attention to the Culbertson intrigue.

It amuses the farmers to see the villages and the opposition to the league cut each others throat.

## ADVERTISE CONTINUALLY

Among the timely topics that the wise business man has not permitted to slip by unnoticed during the tising. At no time has the man behind the bank account and pay roll received only "necessary" attention. Intensive advertising, now as well as in time of peace, is the slogan of the successful merchant, for he properly deduces that unless he constantly appeals to his customers he will lose them to his competitors who do so after the business conscientiously and persistently.

It is needless to state that there are times when the ordinary newspaper reader is more interested in some big piece of war news—but war news is only good for the day, or the hour, as it is constantly changing. But store news is good today—all day tomorrow, the next day, the next week, the next month and, in fact, for years to come; but this advertising must be dish up freshly and attractively in each issue of the newspaper to get the results.

A wise advertising manager once said: "Allow me to have a quarter, half or full-page talk with the readers of the home newspaper every week—every week, I said—and I do not care who is president of the United States. I will get the business. It takes constant and careful appeal to the common sense of the newspaper readers—they will do the rest."

Advertising under no conditions should be permitted to miss an issue if the business man hopes to hold his trade, for there is always some one else looking for the business that the merchant does not want—the business that he does not advertise to get.

Isn't it a little funny the way the "patriotic" special interests attack every organization supporting the program of the president?

J. J. GUNTHER FOR COUNTY ATTORNEY

Born at Jamestown, Grant County, Wisconsin, July 20th, 1877. Moved with parents to Nodaway County, Missouri, in the winter of 1888-1889. Received common school education in Nodaway county, Missouri. Graduated from the Teachers Course of the Stanberry Normal School, at Stanberry, Missouri, on the 8th day of August, 1900. Graduated from the Scientific Course of the Stanberry Normal School on the 27th day of July, 1901. Graduated from the Law school of the Missouri State University and received the degree of Bachelor of Laws, June 6, 1906. Admitted to practice law by the Supreme Court of the State of Missouri, June 9th, 1906. Admitted to practice law in the Circuit Court of the United States, Central Division of the Western District of Missouri, June 6th, 1906. Admitted to practice law before the District Court of the United States, General Division of the Western District of Missouri, June 6th, 1908. Admitted to practice law by the Supreme Court of the State of South Dakota, October 22nd, 1907. Came to what is now Sheridan County, Montana, in March, 1909. Admitted to practice law by the Supreme Court of Montana on the 15th day of June, 1910. Admitted to practice law before both the Circuit and District Courts of the United States for the District of Montana, 3rd day of June, 1910. Was the first attorney to practice law in what is now Sheridan County, Montana, north of Culbertson. Was also the first school teacher in what is now school District No. 20, (Plentywood District), having taught the public schools here in the years 1909 and 1910. Was elected mayor of Plentywood, April, 1911, over George E. Bolster, by a vote of over three to one. Married to Miss Anna J. Rasmussen, of Outlook, Montana, December 17, 1917. Has been in the active practice of law over twelve years. Was endorsed by the Nonpartisan League for County Attorney on the 13th day of July, 1918. He hopes to be elected.

JOHN ANDERSON FOR COUNTY COMMISSIONER

John Anderson, the Republican nominee for County Commissioner, endorsed by the Farmers Nonpartisan League, is the farmers' choice and will be elected at the general election.

Mr. Anderson is a prominent farmer of the Froid community and has been identified with all progressive farmers' movements during his long residence in Sheridan county. This he will make a capable and responsible county official and work for the interests of the taxpayers; is hereby necessary to mention, because as one of John's impulses to do the right thing.

Remember his name is on the public ballot. We'll Stick With Win!

**Beware of the 'Roarback's'**  
Next week the opposition may 'spring' last minute sensations to confuse YOU—its an old political trick—**BEWARE!** Vote The Farmers Ticket—your choice.  
The opposition has had plenty of time to print political news in time to be answered by this paper.
