Mr. Zemple still owns two farms in this country and says he sure feels at home here and has lots of faith in Montana. He expects to return to Faribault, where he operates a farm, he latter part of September.

Bureau of market experts have never explained why wheat under 60 pounds to the bushel should be docked and why, if it should, wheat over 60 pounds to the bushel should not get a premium. Perhaps it is rather hard to explain a "heads I win and tails you lose" proposition, and the less said the better.
