Gen. Washington Lee, of East End, Canada, age 46 years, and Kathryn Demars of Park Falls, Wis., age 37 years.

Bainville Land Contest  
Case Is Heard

Bainville Tribune: The land contest case of J. W. Jones vs. Joe Neilson was heard before U. S. Commissioner Von Eschen Tuesday afternoon. The land involved is located north of town and has been held by the defendant who resided upon it for some time and made considerable improvements. The case seemed to hinge upon the right of any entryman to leave the land and engage in farming on a larger scale as was done by so many during the war. The defense was represented by Atty. Kings of Glasgow and the plaintiff by Atty. Roberts of the same city.

In order to help make a real successful celebration, I will give 15 percent discount on all shoes and clothing during the two days of celebration to be held at Medicine Lake.

## Edw. Stubban

### SLETTE-DICK

Culbertson Searchlight: A marriage license was issued to Oliver Slette and Madge Dick of Culbertson, at Monday, June 27th. This comes rather as a surprise to their many friends here as it seems to have been a secret for some time.

The marriage ceremony was performed at Poplar by Father Raah on Wednesday, June 28th. Mr. Slette and his bride left immediately on their honeymoon in Western Montana. We understand they are to make their home in Antelope, Mont., where Mr. Slette is in partnership with A. G. Strom in the hardware business.

The bride is the daughter of Mr. and Mrs. Geo. K. Dick of Culbertson and for the past three years has been Assistant Cashier of the State Bank. She is one of Culbertson's most popular young ladies and she will be greatly missed by her friends here.

The groom is the son of Postmaster K. O. Slette of Culbertson, and has lived here from early boyhood and finished school here. He was for a long time teller in the State Bank and for the past year has been located in Antelope.

The young folks are to be congratulated, and the Searchlight joins their many friends here wishing them a world of happiness through life.

### Bainville Farmers Elevator Company Elects Officers

Bainville Tribune: The annual meeting of the stockholders of the Bainville Farmers Elevator was held here Tuesday afternoon and the business of the past year checked over. Everything was found in a most satisfactory condition and the entire old board of directors were elected. They are:

Geo. Leeson, president.  
Carl Peterson, vice president.  
Chas. Caldwell.  
R. M. Kellogg.  
H. A. McCracken, directors.

### FROID SOUTH ROAD IS BEING IMPROVED

Froid Tribune: The south road out of Froid known as the "Sand Road" that has been a source of grief to the traveling public for the past many years, is now being fixed up in good shape by the county under the supervision of George Waters.

The length which is undergoing the improvement consists of about two miles of which a mile and a half will be graded and gravelled, this part of the work having started Thursday morning.

In years past this particular piece of road has been the next thing to impassable on account of the depth of sand.

### CULBERTSON TO HAVE SUMMER RESORT

Culbertson Searchlight: At last Culbertson is to have something that will fill a long felt want. A real summer resort on the banks of the Missouri just two miles south of Culbertson near the power ferry. A number of people from town have been spending their evenings clearing away underbrush cutting down the dead trees and getting everything in fine shape for summer picnic parties or anyone else who might wish to spend an evening or a quiet Sunday there. Swings will be put up for the kiddies, benches will be made, and the best part of it is that everything will be free.

It would be hard to find a more beautiful natural park. There are plenty of large trees for shade purposes and there is a fine stretch of sand beach making it an ideal place for swimming. There is still much to be done on fixing it up, so it is hoped that everyone who can will donate an hour or two of his time after supper to help make this a real park. The work so far has been done by only a few of the public spirited citizens of Culbertson. Culbertson needs a park, so it is up to us to make this possible.

The land on which the Park is to be situated belongs to Mr. Murry, but he has turned the use of it over to the city, and also promises to fence it.

### Too Late to Classify
