The coal bins have been getting a severe jolt the past few days and the shuttles are complaining of being all worn out, but good dame nature is always the case has come to their rescue and Wednesday of this week had a break in the severe cold weather which has lasted for the past two weeks, and people can be out once again without fear of nipping their noses.

Mary Olivé Paske, daughter of Mrs. R. Paske of this city, was able to be out again Wednesday. A few days ago little Olivé was in a very serious condition with nervous trouble, but in a short time after Dr. York had been called was much better and has been steadily improving from that time. J. O. Melstrom arrived the first of this week from Glasgow and will take charge of this district for the Rocky Mountain Telephone Company. This district extends from Medicine Lake to Seobey and along the Soo Line. Mr. Melstrom's home is at Fergus Falls, Minn., and is a very courteous and industrious young gentleman who will no doubt keep up the excellent standard of the telephone service in this part of the state, which was close to 100 per cent. Frank Moeller, former manager of the Rocky Mountain telephone lines in this section of Montana, has been transferred to Malta, this state, where he will have charge of similar work. Mr. Moeller is one of those kind of people that makes friends wherever they go and his legion of friends in this city will be sorry to miss him from their circles, but all join in wishing him the best of success in his new position and the telephone company by whom he is employed are to be congratulated on having the services of such an estimable young man. LEGISLATURE TO MEET JANUARY 1. For the second time in the history of Montana the state legislature will convene this time on New Year's day. The state constitution provides that the Montana legislature convene on the first Monday in January, which this coming year, falls on New Year's day. The only other time the time for the convening of the legislature fell on New Year's day was when the Fifteenth assembly convened in 1917. The legislature will convene at noon, each branch meeting separately. The new state senators will be given the oath of office by the chief justice of the state supreme court, and the members of the house will be sworn in by the secretary of state. Following that procedure each branch will organize by naming a secretary of the senate and a chief clerk for the house. Each house will name a committee for the first time Wednesday, on account of the weather warm-up it will not freeze as rapidly as previous days, but no doubt will be ready for the Christmas season. They say Santa Claus is bringing a large number of ice skates for both old and young in connection with the opening of the rink.
