

WHERE DOCTORS FAILED.

An interesting case from Salem, the Capital of Oregon.

F. A. Sutton, R. F. D. No. 4, Salem, Oregon, says: "Acute attacks of kidney disease and rheumatism laid me up off and on for ten years. Awful pains started from the kidneys and coursed down through my limbs. I sought the best medical treatment but in vain, and when I began using Doan's Kidney Pills I was walking with two canes and suffering continual pains, headaches and sleepless nights. I improved quickly and after taking three boxes felt better than I had for 15 years. The effects have been lasting."

Old Romans. The committee of the Roman senate found Cincinnatus plowing with a team of flea-bitten mules.

"Cincy," the chairman remarked, "we have been sent by the senate to tell you that you have been chosen dictator."

The old man chuckled. "Boys," he said, "the distance intervening between a tater digger and a dictator isn't so great after all."

Well pleased with his witticism he tied the mules to the fence and went back to town with the committee.

ALMOST A SOLID SORE.

Skin Disease from Birth—Fortune Spent on Her Without Benefit—Cured Her with Cuticura.

"I have a cousin in Rockingham Co. who once had a skin disease from her birth until she was six years of age. Her father had spent a fortune on her to get her cured and none of the treatments did her any good. Old Dr. suggested that he try the Cuticura Remedies which he did. When he commenced to use it the child was almost a solid scab. He had used it about two months and the child was well. I could hardly believe she was the same child. Her skin was as soft as a baby's without a scar on it. I have not seen her in seventeen years, but I have heard from her and the last time I heard she was well. Mrs. W. P. Ingle, Burlington, N. C., June 16, 1905."

Didn't Want 'Em to Misunderstand. "That boy in college has writ home again for \$100," said the old man.

"What fer?" "Fer a wine supper!" "Did he write it in Greek?" "No, by thunder! It's writ in plain Georgia, with 'God bless our home,' and 'How's all the family' at the end."

NO FOUNDATION FOR TALK OF WAR

JAPAN IS TOO WISE TO PICK A QUARREL, SAYS CHAIRMAN HULL.

MAKE APPEAL TO PRESIDENT

PEACE PROPAGANDISTS FEAR RESULT OF SENDING FLEET TO PACIFIC.

Washington, July 11.—Developments in Washington and elsewhere, as disclosed by official expressions here and dispatches from other important sources fail to indicate that there is any sound foundation for talk of war between the United States and Japan, but interesting sidelights on past discussions were thrown from many directions.

Congressman John A. T. Hull of Iowa, chairman of the house committee on military affairs, in an interview at Des Moines, said:

"Neither Japan nor the United States wants war at this time. There is a big element in Japan who would welcome war, but the ruling classes are too wise to pick a quarrel with the United States.

"If there is war we will at first lose the Philippines and Hawaiian islands, but we would triumph in the end, for the United States would build warships and fight out a victory.

"We are the only nation which can conduct a war and get rich at the same time."

View With Alarm. The executive committee of the Universal Peace union at a meeting in Philadelphia yesterday placed itself on record as opposed to sending a fleet of warships to the Pacific ocean.

Resolutions were adopted declaring that the sending of a fleet to the Pacific is unwise, inopportune and irritating, and appealing to the president to withhold any such demonstration.

At Boston the Anti-Imperialist league adopted resolutions appealing for action against "the continued and indefinite retention of the Philippine islands."

Fortify the Islands. There is to be no delay on the part of the war department in utilizing the appropriations made at the last session of congress for fortifying the American dependencies in the Pacific ocean.

In order that the keys to these possessions may be put in condition for defense as rapidly as possible, the department is arranging for the transportation of ordnance material purchased for American coasts to Hawaii and the Philippines, and will replace it at once with funds which became available on July 1.

Metcalf Not Warlike. Oakland, Cal., July 10.—Secretary of the Navy Metcalf deprecates the warlike aspect that has been given the order for the cruise of the great battleship squadron from the Atlantic to the Pacific coast.

The secretary said that the proposed movement was that of a practice cruise and that the fleet would not be kept in the Pacific permanently.

SIX YOUTHS DROWNED.

Sloop Is Hit by Sudden Squall and Capsizes. Bangor, Me., July 11.—Six young men of a party of seven were drowned in Penobscot bay late yesterday by the capsizing of the sloop Ruth E. Cummock of Brooksville. The sloop had reached the point off Castine when she was struck by a sudden squall and capsized.

MONTANA NEWS

SHOTS FLY IN CHASE.

Railroad Laborers Fight Thieves in Exciting Race on Rails.

After an exciting chase, in which shots were exchanged but no one was hurt, three robbers made their escape from their pursuers, only to be captured when they reached Dillon.

The three men robbed the bunk house of railroad laborers at Feeley, securing \$100 in cash belonging to the foreman and watches and jewelry which belonged to the other men. The robbery was discovered soon after it occurred and the alarm given. Meantime the bandits had seized a handcar and were rapidly making their way toward Dillon.

Another handcar was secured by the trackmen and a chase began. It was a question of muscle, and the robbers were apparently as well supplied as their pursuers. When the pursuing car came too close the bandits would fire a volley from their revolvers. The pursuers were not so well armed, but exchanged several shots. So rapid were the cars going, however, that the bullets flew harmless.

Finally, when the robbers were being overtaken, they jumped from the handcar and took the woods. The laborers continued on to Dillon, where they reported their losses. The police the next day took into custody the three men, who have been identified as the men wanted.

IS IN CELL 24 HOURS.

Land Fencer Is Put in Jail and Pays Fine, Too.

Joseph T. Carroll, a well known and rich Butte merchant who last fall was convicted in the federal court on a charge of illegally fencing public lands in Silver Bow county, and who was sentenced to jail for twenty-four hours and fined \$700 by Federal Judge W. H. Hunt, was last week a prisoner in the Lewis and Clark county jail, having surrendered himself to United States Marshal Merrifield.

Upon conviction Carroll appealed to the circuit court, and after hearing the argument that body affirmed the judgment of the district court. Carroll then announced his intention of appealing the case to the supreme court of the United States, but evidently reconsidered this, for upon the receipt of the mandate of the circuit court his attorneys wired that he would be in Helena Tuesday afternoon at 2 o'clock. He came on the afternoon train, but surreptitiously surrendered himself to the marshal, and it was not until 6 o'clock that he was committed to jail. The fine was paid and he was released the following day.

J. T. Murphy, the cattle king, indicted on a similar charge, pleaded not guilty, and the trial was set for July 22.

MYSTERY HOW MAN DIED.

The authorities are mystified as to the identity and mode of death of a man whose dead body was found in a pool of water along the railroad track near Durant.

The body was discovered by a gang of section men, lying face downward in the water. There were two jagged wounds on either side of the neck, but it is not believed that these wounds were deep enough to have caused death. There was no evidence of a struggle in the vicinity where the body was found. The coat which the man had worn was found upon the railroad track nearby, having been run over by a train. No papers or anything by which identity of the dead man might be established were found upon his person. The dead man was apparently about thirty-five years old and from his looks and appearance probably belonged to the working class.

Coroner Stevens' theory is that the man attempted to commit suicide and fell into the pool after cutting his throat. No knife or other weapon was found near the body.

25,000 ATTENDED WEDDING.

Under an immense bell, suspended from two welcome arches at the corner of Main and Sixth avenue in Helena, and in the presence of 25,000 people, Miss Erminie Crowell of Helena became the bride of A. Bertram, also of that city, thus bringing to an end three days' celebration such as has never before been seen in Montana.

The ceremony was performed by Justice of the Peace Laughorn. The couple were given many presents, varying from a building lot to baby carriage.

The wedding was followed by a grand pyrotechnical display. The celebration, which was in honor of the national holiday and the trip of Lewis and Clark to Montana and Idaho, consisted of orations, wild west shows, athletic exercises, sports, street carnival, confetti wars, innumerable parades and a reception to Secretary Garfield and Brig. Gen. McCaskey of St. Paul.

BULLET HITS SISTER.

Maggie Coskins, aged sixteen years, was fatally wounded by the accidental discharge of a revolver. She is in a critical condition at her father's home near Anaconda. Her brother James was taking some things from his trunk, in which was the revolver. In lifting the weapon from the till the trigger became entangled and the gun was discharged. Maggie was passing the door at the time, and the bullet struck her under the right ear, lodging close to the brain.

Faulty Statistics.

"The department of agriculture has figured out," he read from the paper, "that rats cost the people of this country \$100,000,000 a year."

"John Henry," replied his wife, "I don't believe a word of it. Why, mine only cost 35 cents, some women make their own and some wear their hair flat. Huh, can't tell me!"
