

The Wibaux Pioneer

VOLUME 2

WIBAUX, DAWSON COUNTY, MONTANA, THURSDAY AUGUST 6, 1908

NUMBER 30

SECOND YARD

Thronson and Witting will Establish Lumber Yard Here Soon

In a recent issue of the Pioneer we made local mention of the fact that a rumor had been circulated to the effect that the Thronson & Witting Lumber Company, of Blackduck, Minn., had sent in application to the Northern Pacific Ry. Co., for a lease on a certain site in this town with a view to establish a lumber yard, but, however, we were unable to learn anything definite concerning the matter at that time.

This week a communication from the above mentioned lumber dealers, handed in at this office by a citizen of Wibaux, is sufficient to confirm the former report.

In part the communication reads as follows:

"We received your letter, and have been waiting for the lease of the ground you applied for, for us. We are ready to begin loading cars with material for this yard just as soon as we know, for sure, where to pile it."

The company also seeks information relative to the assurance of their lease, and, in reply to their statement the writer has been authoritatively informed that everything is "O. K.," and that Wibaux will undoubtedly have another lumber yard in the near future.

The new yard will be located on the ground formerly used for J. L. Collins & Son's camp, on the east side of Beaver creek and south of the road running east from the big steel bridge.—Here's success to the new enterprise.

You can't afford to be without hail insurance. Have your crops insured against loss by hail at the First National Bank.

A NEW CAFE

Will be Run on European Plan in Connection with Graham

T. J. Lynch, of the firm of Lynch & Bushell, is making preparations to open up a first class cafe which will be conducted on the European plan, in the building formerly used by the Jordan-Pickering Company.

On the first of August Mr. Lynch severed all connections with the firm which was known as Lynch & Bushell, and since that time the Graham hotel has been run under his management.

In an extended conversation Mr. Lynch informed the writer that he expected to discontinue the dining service at the Graham, and use the building exclusively for sleeping quarters, though it would be operated in connection with the cafe, to be opened on the opposite side of the street. The new cafe will be open for meals at all hours, with popular prices.

A good cafe run on European plan, open night and day, is something that Wibaux has been greatly in need of—in recent years, especially—and we feel safe in saying that such an enterprise will be appreciated by the public.

The promoter of the new venture has had considerable experience in the hotel business, having been an active manager of the Graham, for the past year, and as for his capability he needs no recommendation.

TIPPED FROM BUGGY.

Mrs. J. D. Wynn was quite seriously injured last Tuesday evening while driving to her home, three miles south of town. She was accompanied by her two little daughters, and in her efforts to turn out, while approaching an automobile, the wheels on one side of the rig went up on the bank, tipping the rig and throwing its occupants upon the ground. The children escaped with slight bruises, but Mrs. Wynn received quite severe injuries. They were taken back to town in the auto, where Mrs. Wynn was in the doctor's care. At this writing she is reported to be doing nicely.

Notice To Horse Owners

A dipping plant is in operation at Jerome Wolfe's ranch, about 15 miles Southwest of Wibaux and all parties owning horses on Cabin creek, and east therefrom to Dakota state line, and south of the N. P. Ry. must proceed to dip said horses at once. By orders of the Montana State Sanitary Board.
Jerome Wolfe, Deputy.

GLENDIVE SALE

Over 1,000 Head of Fine Horses sold--Sale is Very Successful

From every indication the horse sales held at Glendive last Tuesday and Wednesday was a success beyond all expectations, a large number of buyers from Minnesota, Wisconsin, Iowa and Illinois were in attendance, and not less than 1,000 head of horses were sent through the ring all selling at reasonable prices. The sale was conducted by Messrs S. B. Chappel and Geo. M. Beasley while Mr. Baird, of the Zimmerman Horse Market, at Midway, Minn. acted as auctioneer.

Experienced horse buyers say that there were more good, to first class, horses sold at this sale than any other sale in this section, this season. One team of four-year-olds sold at \$370. In an other sale there was a carload lot which sold at \$140 per head. The bulk of the sales were made to eastern parties who shipped the horses east on the day following the sale.

Wibaux, as well as Miles City, was well represented, both as buyers and sellers, and all seemed well pleased with the result. We understand that the Yards will be enlarged before the next sale, which will be held on Tuesday and Wednesday, Sept. 1 and 2.

OPEN FOR ENTRY

Settlers Can File on Township 16, After Sept. 15.

Authoritative information was recently received at this office from the Register and Receiver of the U. S. Land Office at Miles City stating that plats of township 16—North, Range 60—East had been filed at that office, and that the above mentioned township would be open for homestead entry on and after Tuesday, Sept. 15, 1908.

The above described land was recently classified as coal land and set aside from entry except under the coal land laws, though previous to the date of this action many settlers had already filed or squatted on the land, hence they were

(Concluded on page 27c.)

LIVE STOCK

Shipments Heavier This Week with a Slight Decline in Prices.

So. St. Paul, Aug. 3.—Cattle receipts were estimated at 8,400 head of cattle and 500 calves, which was considerably above the run of last Monday and nearly four times as large as the supply for the corresponding day last year. Last Monday the run totaled 5,172 cattle and 448 calves and this day last year 2,158 cattle and 415 calves.

The supply of butcher grades was fairly liberal today but the quality of the offerings was nothing extra, common to fair grades making up the bulk of the supply. A considerable part of the supply was western stuff, but the bulk of the run came from Dakotas. Offerings of native cattle formed the small end of the run.

The market had an easier tone today, heavy runs being reported at all points. Early reports all indicated losses. Here prices were down 10 to 15 cents from the close of last week, on steers and butcher cows, with bulls about steady at the decline in prices noted last week.

There was a moderate run on veals today and the quality was pretty fair. There was some shipping demand and the market had a strong tone at closing values last week.

Quotations.

Grain fed
Steers, good to choice, \$6.00@6.75
Steers, fair to good, 5.00@5.75
Cows-heifers, good to ch 4.00@5.00
Cows-heifers, fair-good 3.50@4.00
Grass fed steers 4.00@5.00
Grass fed cows—

Fair to good 2.50@3.00

SUNDAY GAME

Just a Little Bit Better Than All Previous Exhibitions.

What might prove to be the last, but by no means the least important and interesting game of the season, was that between Wibaux and Dickinson, on the latter's diamond last Sunday.

Although the writer was not present to witness the contest—and thus unable to give a detailed account of the game—but the final score was 2 and 3 in favor of Dickinson, and, any one who knows anything about base ball will readily note, by the above score, that the contest could not have been a much closer one, and allow either of the contestants to carry off the honors.

Dickinson made a score in the first inning, followed by five shut-outs, and two scores in the seventh followed by another shutout in the eighth. Wibaux got but two scores to her credit and those were booked in the third and seventh innings.

The game was not what you would call an errorless one, but, each contestant played with might and main, from start to finish—with exception of a short intermission at intervals, for which to "chew the rag."

Seeley and Henderson pitched for Wibaux, while Green caught. Fischer was umpire on the start but the game was tied at 1, in the sixth, when a new man was put in.
