## BEACH WILL CELEBRATE 4TH IN THIS CITY

### Special Train For Wibaux

#### Large Delegation of Fans Accompanied Tigers to Dickinson

A special train of three coaches, under the management of Agent B. D. McMasters, and bearing large banners on either side with the inscription "Wibaux Baseball Club," pulled out for Dickinson on last Sunday morning, loaded almost to its capacity with local fans, who accompanied the Tigers to that place to witness what proved to be a very interesting game—although the interesting part came in the ninth inning, as usual.

"OH! YOU FATAL NINTH!" The game stood 8 to 3 in the Tigers' favor up until the last half of the ninth, when they made a couple of misplays, together with a couple of passes by Armstrong, scoring two men and filling the bases, with only one man down. At this stage of the game Armstrong, who had pitched good ball for eight innings, was pulled out and substituted by Cadreau, who retired the side after two men had scored on him, boosting the score to 7 and 8.

The Dickinson club had a new pitcher on the mound, who had been pitching for Madison "U," in the person of Mr. Bentz, who seemed to have everything, but he could do nothing with the Wibaux Tigers, who had their hitting clothes on Sunday.

The features of the game were a sensational catch in right field by Cadreau, who went clean to the fence and caught a ball that looked impossible, and the way Dave Tucker held down the first sack wasn't slow—he looked like a real Hal Chase. Bob Jennings got three hits Sunday out of four times at bat.

### Wibaux Citizens are Making Great Preparations to Accommodate Visitors on the Fourth—Nothing will be Left Undone to Make Celebration a Gigantic Success

## \$400 PURSE FOR BALL GAMES

### Committee Accepts Offer for Areoplane with Guarantee of \$1,100 Providing Two Flights are Made on July 4th

Just before the Pioneer goes to press a meeting was held by the Fourth of July committee to complete plans for the big celebration at Wibaux. Various committees were accordingly appointed, and every detail will be handled in a systematic manner.

The matter of securing additional peace officers for that day was discussed, and agreed that committee ask for two deputies and three city marshals.

To avoid accident a speed limit of 8 miles per hour for autos within city limits will be enforced. Among other ordinances agreed upon for that day was to shut out all vehicle traffic on Wibaux street, between Orgain avenue and First Avenue South, and that no autos be allowed in the ball park.

In addition to the usual sports, such as racing, rough riding, etc., the committee is endeavoring to

secure an aviator who will guarantee two flights with an areoplane on this occasion. Two good ball games have been scheduled with the Beach Giants, and the Beach Cornet Band of 18 pieces has also been engaged to assist the Wibaux Cornet Band of the same number. Every effort will be made to provide accommodations for the visitors, and to entertain them every minute in the day.

Shortly before the meeting adjourned, a communication was read by Mr. Kinney from a wrestler who wished to arrange for a match here, and following a short discussion it was agreed to provide for same.

A purse of \$1,000 will be hung up for the ball games, \$200 of which is guaranteed for the losers in each game—in fact liberal purses for all kinds of sports will be awarded.

A good live bunch of committeemen have been appointed to conduct the celebration, and suffice to say that unfavorable weather is the only obstacle that can possibly prevent the grandest celebration in the history of Wibaux.

Remember—All roads lead to Wibaux on July 4th, and if in search of a good celebration to participate in, you need not go beyond this point. There'll be something doing every minute in the day—and you are welcome to come and celebrate among the "live ones."

Following are the various committeemen who were appointed at the meeting:

Priveleges, W. A. Bell; racing, W. A. Orgain, assisted by J. C. Kinney; grounds, T. J. Bushell and Al Davis; minor sports, Rex Chappell and W. A. Orgain; music, W. H. Rucker.

### Tigers Scalp Beach Giants

#### The Yellow Boys Defeated in Fast Game Here on Wednesday

Wednesday afternoon the Tigers, feeling that they needed a little batting practice, crossed bats with the Giants from across the line, and they sure did fatten their batting averages at the expense of Beach's imported pitcher—the famous Nelson, of Glen Ullen, who is said to have turned down several big league contracts. And, we understand, that a number of Wibaux pocket-books were fattened at the same time. How about it, Beachites?

Our own "Chief" had the "lemon" Giants swinging like garden gates, and it certainly aroused our sympathy to see so many of Beach's premier batters hitting the empty air, but it was their own fault—they should have had sore hands or something of that sort and sat on the bench if they wanted to maintain their records as heavy hitters. We noticed that Malloy, Beach's best batter, was wearing a bandage on one of his "mitts."

The crowd was satisfied with the umpire, Mr. Elliot, of Dickinson, who appeared to be fair at all times. The features of the game included the fielding of Starr, our new Indian, at second, who got everything in sight, the hitting and base-running of both "Rabbit" and "Pete"—Peterson stole third and home in the seventh while Nelson pitched one ball to Geist.

The following box score will explain the slaughter more fully:

### City Council Held Meeting

An adjourned meeting of the City Council was held this evening, when a number of ordinances were passed and several appointments were made. Alex Keechle received the appointment of city marshal and street commissioner, and T. J. Bushell as police judge, while the offices of city treasurer and clerk were deferred until next meeting.

An ordinance was passed, fixing salaries and bonding officers, and also several good ordinances relating to sanitary conditions of the city. A dumping ground was selected some distance east of the city, where all refuse may be hauled, also an ordinance prohibiting further construction of cesspools, which are not approved of by the board of health, such as ceptic tanks. An ordinance prohibiting throwing of filth refuse in or on the banks of Beaver creek; a similar ordinance relative to throwing refuse and waste paper on streets, and a separate ordinance prohibiting the filling in of vaults without the permission of the board of health. An ordinance prohibiting the burying of animals within 2 miles of the city.

Among other important ordinances was one prohibiting careless and reckless riding and driving, with penalty fixed at \$100, and a speed limit of 8 miles per hour for autques. The council adjourned to

meet next Tuesday, when the balance of the officers will be appointed.

Glendive has been placed on the list of towns which are to have postal savings banks. The institution will be in operation some time next month.—Monitor.

### Hokola Still a Winner

Hokola, the bay trotting horse and once the pride of Wibaux—formerly owned and trained by S. M. Wills, of this city, is still delivering the goods, as will be noted by the following clipping from the Minneapolis Journal of June 14:

"Miller, S. D., June 14.—At the corn belt race meet here, the 2:20 trot was won by Hokola of Montana, with Boumains, of Miller, S. D., second and Carrie S. B., of Wisconsin, third. Best time, 2:19½. The 2:45 pace was won by Peggies Pepper, of Minneapolis, with Little Joe second and Melero third. Best time, 2:22½. Races continue today and tomorrow."

It will be remembered by many of our readers that Mr. Wills sold this prize piece of horse flesh about two years ago to Fargo parties, while on a race circuit in the eastern part of North Dakota, and its sufficient to say that the purchaser was handed no lemon in the deal, for Hokola is still a winner, rather than a "has been."
