

THE MARKET GARDENER IS HONEST WITH THE GOOD JUDGE

MAN the taste of "Right-Cut" is so satisfying and so lasting that a ten-cent pouch of the *Real Tobacco Chew* lasts you twice as long as the same money will buy in your old kind.

Why, the only thing about "Right-Cut" that isn't a luxury is the price. You'll be glad of the day you start with the *Real Tobacco Chew* if you are critical about the tobacco you chew.

Take a very small chew—less than one-quarter the size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without gratifying, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is *The Real Tobacco Chew*. That's why it costs less in the end.

NOTICE TO THE PUBLIC
Effective December eighth the first truck operator will be taken off at this station and I will have charge of that department in addition to my other duties as agent. This will make it necessary for me to reduce all the clerical work possible and therefore I will be obliged to cut out all credit accounts, and after that date all freight, western union and express bills will have to be paid at the office. There will be no up-town collecting and bills will have to be paid at the time of service rendered. I trust that the public will bear this in mind and make their arrangements so there will be no trouble or delays.
B. D. McMATERS,
Agent, N. P. Ry.

The Geography Hunt.
By Lora Sly

It was nearing the end of the school year, at Jack Oak, a rural school in southern Iowa, when one Monday morning our teacher, announced that the next Friday afternoon would be spent in the playing of games. These games were to be chosen by the two pupils who had come to class with the best lessons during the week.

All the students studied hard that week, for each wished to win the honor of naming a game. On Friday this lot fell to two girls, Sylvia Sams, and Alta Martin who were in the "F" class.

We were all very anxious to hear what they should choose, and were hoping it would be something good. Sylvia chose a "Geography Hunt", and Alta said she would like to have a ciphering match, as she was quite a mathematician. There was some discussion as to which we should do first, but at least the question was submitted to a vote of the school, and the former was decided upon.

Two boys in the "B" class were allowed to choose sides. Then we sat three in a seat on opposite sides of the room. Each seat full was furnished with a large map of the world, which contained all the principal cities, rivers, mountains, etc. The teacher sat at her desk with a map similar to ours to keep an account of our answers for the final reckoning. She would read some name from the map, and then we were to find it and tell where it was found, and what it was the name of. Whichever side found it first, were to raise their hands, and each find counted one.

There was quite a race between us, and not a little fun. In fact we became so interested that the clock said ten minutes to four all too soon. Our side won with a majority of seventy to fifty-three. By the time we had put our maps away, and order had been restored there was no time for the ciphering match, and not very many were sorry, for that was not much liked in our school.

High School Notes
Last Thursday afternoon Mr. Cooley the superintendent of the extension department of the Agricultural School at Bozeman, favored the High School with a talk on the different branches of agriculture. Mr. Cooley's address was very interesting. He said that he was greatly pleased with the school in every respect.

Friday afternoon Mr. Puehler, State Secretary of the Y. M. C. A., residing at Billings, gave an address before the High School. Mr. Puehler was in Wibaux to take part in the dedication program of the Community Club House.

Tuesday morning declamations were given by Peter Bold on "American National Poets", Carl Caldwell on the "Death of President Garfield".

The pupils in all the lower grades have placed Christmas decorations, made by themselves upon the walls of the rooms. The girls of the sixth and seventh grades have made a border of holly and Christmas bells around the top of the blackboard, while those of the fourth and fifth grades have completed art calendars.

School will close for the Christmas vacation on Wednesday, December 23, and will reopen on Monday, January 4.

A musical program will be given at the High School Wednesday afternoon, December 23, to which all parents and others interested in the school are invited. At this program songs will be sung by the pupils of various rooms, and a number of fine records will be played on the new Edison phonograph. This will be an opportunity for the parents to observe the results thus far obtained from the introduction of music into the grades, and to hear the machine which their patronage of last year's school entertainments made possible for the school.

The Lamp You Have Been Waiting For
Meets Every Need of Those Who Read
NULITE FAVORITE TABLE LAMP
your home cheerful and pleasant by using Save your eyes and your money and make this beautiful Nulite Portable Lamp.
Better light than gas or electricity. Cheaper, than kerosene. No wires or tubes to bother, no chimneys to clean, no wicks to trim, no smoke, no smell, no dirt. Guaranteed safe, will burn in any position can be turned upside down or rolled on the floor without effecting the light. Burns ordinary stove or motor gasoline 60 hours on one gallon.
It is equipped with our famous patented automatic cleaning device which makes it impossible for the lamp to clog or cause trouble in operating.
Ask for a demonstration Holds one quart, operates 15 hours on one filling, 250 candle power at 1-3 cent per hour. Accept no substitute. Insist on the Nulite. Price \$6.50

THE ACME AIRLIGHT GAS SYSTEM.
Installation permitted by the National Board of Fire Underwriters without extra charge for insurance. The Acme Airlight Gas System is the last word in gasoline lighting. With it the generating is all done at one point and the gas piped to the lamps, where it is lighted with a match the same as city gas. No separate lamps, no gasoline in building. Each lamp has its own cutoff valve with which the light can be turned high or low at will. There is never any gasoline in the pipes, hence this system is absolutely safe.
The Acme System is without question the best, safest, most economical and practicable system for lighting churches, halls and also stores. One five hundred candle-power mantle on this system will operate from 35 to 60 hours on one gallon of gasoline. All Acme Airlight Systems guaranteed for five years.

BUY A USEFUL CHRISTMAS GIFT.
Why not a sanitary closet. The absence of odor from the closet makes it desirable for installation in a bedroom as well as any other convenient part of the home. No running water, or sewer is required. Give health to your family and your Xmas gift is always before them. Cold weather does not make you put off nature's calls when you have a sanitary closet. No bowel trouble when you have one of our sanitary closets. Fully guaranteed.
