KALISPELL BRIEFS

The Fair THE PLACE TO SAVE MONEY

A son was born to Mr. and Mrs. Ed McConville Sunday.

Mrs. James Broderick has been quite sick for the past week.

Mrs. Jack McCarthy is visiting with friends in Columbia Falls.

B. Gilliland is building a brick dwelling house in the high school addition to Kalispell.

The quarterly meeting of the school boards in the county will be held tomorrow.

Jack McCarthy has gone to Butte on a business trip, and expects to be absent about ten days.

Miss Louise Adron of Des Moines, Iowa, is visiting with Mrs. P. L. Forcum.

Mr. and Mrs. W. N. Noffsinger left Wednesday night on a visit with friends in Portland.

Rev. A. Carswell will hold services at the Columbia Falls Episcopal church Tuesday night.

Mr. and Mrs. R. D. Stanley have returned from Banff, Canada, where Mr. Stanley had charge of the sanitarium.

Mrs. Frank Swim of Billings, Montana, arrived in Kalispell last night, to attend the funeral of her brother, John Elliott.

August R. Adams, who was badly scalded in the Great Northern wreck several months ago, is in Helena on a business trip.

A number of young people from the city went up to Foy's lake last night and passed a merry evening boat riding and dancing.

H. G. West, superintendent of the Pacific Northwest Mining company, with headquarters at Libby, was in the city Wednesday.

The regular meeting of the Library association will be held at the Parish house Monday, July 21, at 3 o'clock. Mrs. W. A. Conrad, Secretary.

Coroner Nelson Willoughby has gone to the reservation warm springs in hopes of benefiting the rheumatism that has afflicted him for some time.

A. G. Smith, living west of the city, brought in the first home grown cherries of the season this week. The fruit was of an exceedingly fine quality.

Mrs. J. E. Rickards and little Rachel are recuperating at their summer home at Big Fork, and will be joined shortly by ex-Governor Rickards.

The new addition to the Methodist church will be completed this week, and services will be held in that edifice Sunday for the first time in several months. Rev. Hiff of Philadelphia, Pa., will preach the morning sermon.

James Paul and Tom Hannah left Thursday night on a fishing trip along the Flathead river and expect to be gone about two weeks. They will first go to Essex and will then come down the river by boat to Kalispell. They took a complete outfit with them and expect to return loaded down with all kinds of fish.

Divorce proceedings were commenced this week by Barney Stott against Hazel Stott, on the grounds of adultery. The couple were married in Kalispell July 5, 1900, and the plaintiff in his complaint alleges that since that time the defendant at different times has been intimate with other men.

Special Notice.

GOOD MORALS MUST PREVAIL

Mayor Logan Would Enforce Strictest Quarantine and Regulations.

IN THE RED LIGHT DISTRICT

Directs the Chief of Police to Investigate Notorious Characters and to See That Houses of Ill Fame Are Conducted Only Within the Prescribed District.

The morals of this community are not to be corrupted more than necessary under the administration of Sidney M. Logan, mayor by the grace of God and the voice of the people of the city of Kalispell. Something has been brewing in police headquarters for the past week or two, which has culminated in the issuance of the following open letter to Chief Johnson.

"Kalispell, July 17, 1902.

"To the Chief of Police: "Sir—It has come to my knowledge that a certain notorious character known as "Big Frankie" has in her custody and under her control a 14-year-old girl, said to be her daughter. It is also reported that this woman was formerly a prostitute, and is now living in open adultery. You will promptly investigate this matter and, if the report is found to be true, you will cause proceedings to be commenced in the district court, looking to the removal of the said child to the state reform school. In your complaint for this purpose you will simply charge that the child, "for want of proper parental care is growing up in mendicancy, vagrancy and incorrigibility." In order to allay any unnecessary anxiety on the part of the parent and the child, before proceeding in the case you will fully explain the nature and purposes of the reform school, and the fact that it is not a penal institution in the ordinary acceptance of the term, but that it is instituted and conducted on the most humane and enlightened principles, and that its main purpose is the education, advancement and care of children not otherwise adequately provided for.

"In the case of the boy arrested yesterday in company with tramps, you will take the same steps. "You will also notify all sporting men and women, living in open adultery, who may be maintaining habitations on Main street, First avenue west, or in any other locality outside of the precincts hereinafter described, to leave the city within 60 days or within that time to take up their residence within the following described limits; that is to say, Second avenue west, between Second and Third streets; Third street, between First avenue west and Second avenue west; provided, that no house of prostitution shall be permitted to face on First avenue west.

"In the cases of women who are now residing on Second avenue west, between Third and Fourth streets, you will permit them to remain; but under no circumstances will you permit any more sporting women to move into said last described district, either as owners, tenants, lodgers, roomers or inmates of sporting houses.

"You will also notify all sporting women that their appearance on the street in any other than street dress, or in an intoxicated condition, will not be tolerated, but will be followed by prompt prosecution, and in the event of a recurrence of the offense by banishment from the city. Disorderly conduct on the streets, or in any of the houses in such district will be punishable in the same manner.

You will cause such part of this order as may be applicable to be printed and posted in every saloon and public house within the limits of the sporting district and give all patrolmen strict orders to enforce it to the letter. Very respectfully, yours,

"SIDNEY M. LOGAN, Mayor."

The order of the mayor was not made on account of any special protest, but was the result of a general discussion on the question, held at the last council meeting. The residents of the blocks bordering on Second avenue west, especially in the vicinity of the west side school house, have been justly opposed to any more houses of ill fame being started on Second avenue, south of Third street, as the children in going to school would have to pass by them. In order to obviate this, the order forbidding any more to locate south of Third street was made.

It has been a matter of almost gen-

eral knowledge that there has been several places on Main street, as well as Second street, where girls were kept for immoral purposes. Not only on Main street, but in other localities outside of the prescribed limits, were houses of ill fame run under the guise of furnished rooms. To this fact is due the order to locate them in one vicinity.

The boy mentioned in the order to the chief of police, was with the bunch of eight who were rounded up at the brickyard Wednesday evening. It is probable that the county will see to his disposal, and the city authorities will have nothing to say in the matter.

There is another boy whom the order does not specify; that is the son or supposed to be the son of a woman who has charge of the cooking and housework at Ruby Scott's place, on Second avenue west. The boy is about nine or ten years of age and will probably be sent to the reform school with the girl of "Big Frankie."

The order referring to the women was in the nature of a bombshell to the inmates of the bad lands, and the members of the demimonde were thrown into fits of consternation. The order is to be strictly enforced and all violators will be punished.

BAPTISTE ROYAL DEAD.

Aged Prospector Dies in His Cabin Away From Friends.

The body of Baptiste Royal, an aged prospector, was found in his cabin, on the South Fork of the Flathead river, about 45 miles north of Coram, this week. The discovery was made by a prospector, who was passing by the cabin, and being struck by its desolate appearance he attempted to enter. The door was locked, and when he succeeded in breaking in he found the body of Royal lying on the bed. Decomposition had set in badly and it is thought he had been dead for several weeks, if not months. Coroner Willoughby was notified, but being ill, he was unable to make the trip, and deputized Justice Miller of Columbia Falls to make the necessary investigations. The body was buried near the cabin, as it was impossible to move it. No marks of violence were found and it is supposed some illness carried the aged prospector to his last strike.

Baptiste Royal had been a resident of the county for many years, the major part of the time following the life of a prospector. Several years ago he located some promising claims on the South Fork of the Flathead river, and each fall and winter he would work on them, after earning enough elsewhere throughout the summer to grub stake him for the winter.

OFFICERS' LIST COMPLETED.

Non-Commissioned Officers of Company H Are Appointed.

The following non-commissioned officers of Company H were appointed at the meeting held Wednesday night: First Sergeant, Harry J. Kubler; quartermaster sergeant, George C. McCanley; first duty sergeant, Robert N. Eaton; second duty sergeant, Chas. C. Bowers; third duty sergeant, Charles Houser; fourth duty sergeant, Ralph Harmon; first corporal, Ernest Walchill; second corporal, Bert Curtis; third corporal, Percy Dodds; fourth corporal, J. R. Thompson; fifth corporal, James J. Snell; sixth corporal, I. D. Busey; artificer, Henry Lowe, Jr.; buglers, Oliver C. Bowers and Mark Doering. Four new recruits were added at the meeting, making a total of about 60 members in the company.

JOHN ELLIOTT KILLED.

Struck by a Train at Sultan, Wash., Monday Morning.

John Elliott, son of Mrs. Eliza Elliott, living near Holt, and a well known resident of the lower valley, was killed near Sultan, Wash., at an early hour Monday morning, by being struck by a train. Full particulars of the sad affair are lacking, as all that is known was conveyed in the brief telegrams from the coroner of the county in which the accident occurred. The body arrived in Kalispell Thursday night.

The deceased was 37 years of age, and came to Flathead valley 22 years ago and has lived here most of the time since. Besides his mother, Mrs. Eliza Elliott, he leaves two brothers, Oscar and Will, and two sisters, Mrs. Joseph Ramsdell and Mrs. Frank Swim. The latter is a resident of Billings.

The family are prostrated over the sudden blow, and they have the sincere sympathy of all. The funeral will be held from the Presbyterian church in this city Sunday at 1 o'clock. Interment in the Fairview cemetery.

Only 12 days left of the Great unloading sale at Wilson's.

THREE WERE DISCHARGED.

But the Question of Who Own the Horse Remains Unsettled.

The trial of John Atteberry, John Helm, Tom Julian and Frank Schumm, who were charged with was held before Justice Sullivan Tuesday afternoon, and all were discharged with the exception of Julian, who was bound over. The trial was the result of the raffle held for a horse, and which was won by Sauerbier and was sold by him to the four defendants, as related in a recent issue of the Bee.

Sauerbier claimed that the defendants made him believe the raffle had been postponed and in that belief he had sold them his chances on the horse for a small sum. As a matter of fact, he had won the horse, but did not know it. After purchasing his tickets the defendants secured possession of the horse and sold it. When he learned how he had been duped, Sauerbier had them arrested. At their trial there was nothing to prove that the other three defendants were implicated with Julian other than being with him when he secured possession of Sauerbier's chances and they were discharged. Sauerbier was not satisfied with the outcome of the trial, and has commenced suit in the district court against all four.

BRIDGE PETITION.

County Commissioners Asked to Build Bridge Across South Fork.

A petition is being circulated, asking the county commissioners to construct a wagon bridge across the South Fork of the Flathead river, at or near a point where the county road from Belton crosses the river. If the bridge is built it will be possible to drive from Kalispell direct to Belton, and into the oil fields, whereas at the present time it is necessary to ship the horses to Belton. It would increase the travel to the oil fields as well as to Lake McDonald and make access to the country along the South Fork an easy matter and do away with the difficulties now experienced in making the trip. There is a fairly passable road at the present time, but, owing to the fact that it is almost impossible to cross the South Fork by fords for the larger portion of the year, the road is used but little.

The petition is receiving many signatures, and it is probable that the commissioners will grant it, in view of the large amount of good such a bridge would do.

Wilson's unloading sale ends July 31. Greater bargains than ever for the next 12 days.

Notice to the Public.

The public is hereby notified that after this date I will not be responsible for any debts contracted by my wife Hazel Stott.
