## WILL START FROM JENNINGS

The Libby News Has a Straight Tip.

### LIBBY WILL BOOM.

County Division in the Dim Distance. The News Has Rubbed Aladdin's Lamp and Sees Things.

The building of the Great Northern road to the northern coal fields by way of Jennings is now an assured fact, says the Libby News. Engineers are now engaged in surveying a route and inside of six weeks the graders will be at work. The branch will be built with all possible speed. The selection of this route also means the complete abandonment of the "cut-off" which has been talked of so much, and Libby will continue to be the principal city of the western part of the county. The building of the new road will also open up a large territory of undeveloped country, up the river and around Tobacco Plains, and much of the trade that now goes to Kalispell can be diverted to Libby if the local merchants only make a bid for it. While it may be a little premature to mention the matter the rapid settlement and development of this section may lead to the division of the county two years hence, and in that event Libby will be the county seat. The resources are such that the population will be vastly increased in two years, and it is only a question of time until the county is divided.

The news of the proposed building of the road from Jennings to Tobacco and thence on to the Northern coal fields, was first given publicity through the columns of this paper. It can also be stated that this paper knew of it for some time, but was not at liberty to divulge the information. As stated, work on the road will begin in a short time. An engineer rode over the route last week and made mental memoranda of the topography of the country. Now a full corps of engineers are surveying the route and just as soon as they have made definite locations of the line another corps of engineers will begin cross-sectioning. Contracts will then be let and inside of a month dirt will begin to fly at a great rate. Jennings will be a boom town this summer, but the permanent prosperity will be at Libby. The effects will be felt in a short time, and as soon as the road reaches Tobacco all of the trade of that territory will naturally be diverted to Libby. This is going to be this summer, the liveliest town in Montana and permanent, substantial and rapid growth is assured from this time on.

A special sale of extension tables is on at McIntire's. He is offering the regular \$12 kind for \$9.75. You don't get a chance like this every day and remember Saturday is the last day of the sale.

**Look At This.**  
Don't you need a new spring suit? I have a fine line of imported and domestic novelties for spring and summer trade. Come in and see my stock, and let me make you a spring suit. W. L. Smith.

#### TREATMENT IS GOOD.

**Discharged Patient Says No One Need Fear to Go There.**  
The county health board need to have a good word said for them," said T. J. Luechen, yesterday afternoon. "The patients at the smallpox hospital get the very best of treatment, it is kept clean, and the food is the best to be had. Those people who have been exposed to the disease need not fear being sent there and persons who think they have the disease and attempt to dodge the physicians so that they cannot be sent there are certainly fools."

Mr. Lusker was taken to the smallpox hospital from the Conrad house about five weeks ago and was discharged yesterday. His case was not a severe one and other than having the appearance of being flushed his face has no sign of the disease. His statement regarding the management is certainly complimentary to the county officials, coming as it does from one who has been in a position to know what he is talking about.

#### A MURDERER ON TRIAL.

**Horse and Cattle Thieves Will Be Given Attention at Choteau.**  
Judge Smith will probably leave for Helena Saturday night, to witness some of the closing scenes of the legislature and then proceed to Choteau, where he will preside over the March term of the district court which commences on the 9th inst. There are a number of important cases to come up for trial, and many criminals will be brought up, among which are a murderer and about ten grand larceny cases, mostly horse and cattle thieves.

### CHINOOK TO INCORPORATE.

**Choteau County Town to Become a City.**  
A petition signed by more than 110 voters of Chinook has been filed with the county clerk as a preliminary to incorporating as a town under the statutes, says the Fort Benton Press. The law provides that, on such petition being presented, the commissioners shall appoint an enumerator and if his report shows that there are 300 or more residents within the proposed boundaries they shall order an election to decide for or against incorporation. If the proposal carries another election is ordered at which a mayor is chosen as well as two aldermen for each ward. The petitioners advocate the incorporation of Chinook principally to aid in securing an adequate water supply, and to make it easier to regulate certain local affairs by the police power of the town.

#### EX-GOVERNOR SATISFIED.

**Will Be Ready To Plant Trees This Spring.**  
Ex-Governor Robert B. Smith has returned to Butte after making an inspection of his property on the east side of the lake. The timber on that part of his place which it is the intention to clear this season has all been cut and as soon as the ground has thawed the stumps will be pulled. It is hoped that several acres will be in condition to put out trees this spring. James Grant, who has the contract for placing the soil in condition for spring planting and clearing the ground, has been given the contract for getting out the timber for the house which will be built for the ex-governor.

#### SOLOMON PARSONS ESTATE.

The inventory and appraisalment of the estate of Solomon Parson who died Oct. 25, 1900, has been filed with the clerk of the district court. The value of the personal and real estate is placed at \$2,610. His will, which was filed for probate leaves everything to his wife, Hannah Parsons.

Have you seen the new line of Wilson Brothers colored shirts Cannon is selling for \$1?

#### ICE IS GOING.

The recent rains and accompanying thaws have made themselves felt upon the past week in the streams of the county during the past week and as a consequence the ice has broken up and is rapidly moving out. Fishing through the ice this season is a thing of the past.

Leave orders for hay and oats at K. I. C. office.

#### GOING TO MOVE.

Miss Bessie Kauffman, will shortly move from this city to Priest River, Idaho, where her sister, Mrs. Jones, resides. She will remain there until she decides upon a permanent place of residence. Miss Kauffman is disposing of her household goods.

#### THE LAST BOX RENTED.

The last of the 600 mail boxes at the local postoffice was rented yesterday afternoon. But few residents of the city are aware of the fact that there are the number of boxes spoken of in the office, and the fact that not a single one remains empty is a guarantee of the city's prosperity.

#### DAYTON CREEK VISITORS.

A party consisting of Barney Branigan, Edward King, Christ Wilhelm, Edward Mull and Theodore Sewell were in the city yesterday. Messrs. Wilhelm and Mull met members of their family who had just arrived from Wisconsin.

**Another Right of Way.**  
Edward and Martha Beyreis have deeded to the St. Paul, Minneapolis & Manitoba railway company a right of way 100 feet wide through their property in sec 8 tp 27 n, r 22 w; consideration is given as \$250.

## The Week in Society.

Wednesday afternoon Charlotte Dixon entertained a party of her little friends, who enjoyed themselves as only little folks can. They danced and devoted considerable time to various games, after which they were served dainty refreshments.

Mr. and Mrs. Louis Klenk gave a progressive euchre party Monday evening. Five tables were used and a well contested game made the evening a pleasant one. The neat prizes were won by Mrs. Gould and Mr. Emery Walker, and the consolation prizes were awarded Mrs. Stocking and Mr. Broderick.

The Century Club met with Mrs. Frank Nash Friday afternoon. Two interesting papers were read and were greatly enjoyed. The program was: Strange Sights and Wonderful Displays at the Exposition.

**The Development of the French Novel of the 19th Century.** . . . . . Mrs. Listle  
**Discussion.** . . . . . Conducted by Mrs. Nash on True Household Economy.

The Chautauqua club had a most interesting meeting Tuesday evening. Considerable business of importance occupied the attention of the club. One paper was read "The Character Study, Victor Hugo," by Mr. Swaney. The closing hours of the meeting were made enjoyable by conversation and the serving of refreshments, Mrs. J. H. Williams being hostess.

The meeting of the Mozart club Thursday afternoon was one of the most pleasant of the season. The program was greatly enjoyed and follows:

- Musical Notes . . . Rev. Mr. Carswell
  - Paper—Modern Schools of Music. . . . . Mrs. J. H. Williams
  - Discussion of Sacred Music, Led by . . . . . Mr. A. N. Tobie
