

THE DAILY ENTERPRISE.

Published every day except Sunday.

WRIGHT & HENDRY, Publishers.

LIVINGSTON, MONT., JUNE 30, 1883.

After all the Fourth of July is not to pass in Livingston unobserved. It will be seen by the programme contained elsewhere in our columns, that a very interesting day may be spent, and if not a Fourth of July celebration after the regular form, it will at least be sufficiently enjoyable without the infliction of an "orator of the day" and a "reader of the declaration of independence." A commendable feature of the arrangement is that a portion of the money inevitably spent at a celebration of the Fourth of July will be diverted from private pockets and utilized toward the erection of a church in Livingston. Now let every one of our citizens who has a due regard for the national birthday, or who has an interest in the progress of church work, assist by his presence, and we shall have a very respectable celebration, and shall at the same time forward a worthy enterprise.

About Postoffice Matter.

LIVINGSTON, M. T., JUNE 29, '83.

EDITOR DAILY ENTERPRISE.—SIR.—I notice in to-day's issue of your most valuable paper complaints of our postmaster in regard to posting matter on the train instead of the office, in reply to which I will say that probably these parties who are posting with the mail car are in the same position as myself, and that position is this, that I have placed letters in the office here which have never left, and I can further prove that others are in the same position as myself, and if Mr. Wright doubts this assertion I can face him and tell him the same, or I can tell him through the columns of the ENTERPRISE. I demand that this article be published, not only for the benefit of myself but for others.

Respectfully,

JAMES WAIT.

[We give space to the above, as it is customary to give correspondents who sign their names, the privilege of publishing their views on subjects discussed in our columns.—Ed.]

Messrs. Townsend and Lewis, the Philadelphia gentlemen who were in Helena a week or two ago, and who were members of the party which navigated the Missouri from Stubbs' Falls to Benton last week, had a little experience with road agents on their way from Benton to Fort Maginnis. They were riding along peacefully in their wagon, not paying much attention to what was in front of them, when on looking up they saw six horsemen, with handkerchiefs tied over their faces, in front of the team. The robbers surrounded them and after nosing around the wagon a little rode quietly off into the brush without molesting the travelers. It is thought that the marked rascals were watching for the paymaster.—Independent.

The postoffice department has received information that the Australian colonies have resolved to apply for admission to the Universal Postal Union. If the application is successful, Bolivia will be the only country with an organized postal service not included in the union.

North of Machine Shops. Very desirable property for investment.

All wishing residence lots, come and investigate for yourselves before purchasing elsewhere, and buy only first-class property. Be sure and do not buy property which will separate you from the best part of the town, and those who have examined the Park and Palace Additions acknowledge them to be far superior to all for residences. We have already sold lots to persons who will build immediately, and in some instances bring their families. We aim to constantly keep houses for sale and rent, thus to accommodate those who wish to go to housekeeping in great haste and not having time to build. We are selling houses very cheap, and wish those who anticipate buying would carefully examine ours, and see for themselves we do not prevaricate.
