All trains stop at Livingston for meals.

LOCAL LAYOUT.

A. L. Brown is erecting a building in the Montana Lumber Company's yard for the storage of the company's lime.

Remember that three dollars worth of work done at the F. Easton's, watchmaker, entitles you to a ticket to the free drawing, for a \$50 watch. Opposite the bank.

James Gelaty, C. W. Savage's chief clerk at Miles City arrived to-day to take charge of the Livingston business.

Any quantity of fresh lmons at People's Cash Grocery.

Warren Stilson, of the firm of Stilson & Mann, manufacturers of effervescing waters in Billings, is in Livingston.

Fine lemons at Donovan's.

Messrs. French and Dodson are erecting a very commodious double dwelling house just east of the business portion of town.

Two dollars and a half boots at Gilbert's.

W. D. Knight is expected back from his visit to Miles City to-day. He has been delayed much longer than he expected to remain.

Goughnour's for lumber.

C. W. Savage started yesterday for a trip to Miles City. His business there and at Livingston keeps him traveling pretty constantly.

Four dollar summer suits at Gilbert's.

Wakefield & Hoffman's line of Concord coaches to run from Livingston, and later from the end of track to the Park, are to be put in operation about July 15.

For lumber go to Goughnour's.

The boarding cars for the Park branch track-laying force pulled out on the branch yesterday afternoon, and to-day the work of laying iron will go forward in good earnest.

Gilbert for bargains.

An engine went off the track up near the Park branch switch yesterday at noon. It so remained nearly an hour but was finally replaced on the rails with the assistance of another engine.

Call on Goughnour before buying lumber.

By a misunderstanding the eight lots sold by Frank Bush a day or two ago were mentioned in yesterday's edition as being in Park addition when they are really in the original townsite. Mr. Bush handles no property in the additions.

Best custom suits at Gilbert's.

Major Eaton's smelter for the Republic mine in the Clark's Fork district still remains on the cars in the Livingston yard. It is difficult, as we understand, to get freighters to undertake its transportation to the mines in the present condition of the roads and with every stream swollen. Just received a lot of canvased hams and breakfast bacon at Burr & Park's.

by the melting snows.

Capt. John Smith, the bonanza saloon man of Montana, is about to move a stock of liquors and cigars into the Park, where he has the bar privileges. He will have everything in readiness for business by July 15th, which is the date for the opening of Park Improvement company's hotels for the accommodation of tourists.

Goods sold strictly at state prices at Gilbert's.

About August 1st President Arthur will leave Washington on a tour through the northwest, including a visit to Yellowstone Park. So say the Washington dispatches. He will consume about six weeks or two months on the trip. We of Livingston may therefore expect an early visit from the chief magistrate of the nation in addition to the other notables who have already been here.

All goods at states prices at Gilbert's.

The iron rails on about seventy miles of track on the Missouri division of the Northern Pacific are being replaced with steel. This track was laid in 1878 and 1879 and of late has given much trouble both from the rails spreading and from their being battered and worn at the joints, thus making a rough track. As the old iron is being removed it is being brought to Livingston to be utilized for a time on the Park branch.

Go to Burr & Park's for fresh candy and nuts.

At the meeting of the Board of Trade next Monday evening the committee of citizens appointed to secure the improvement of the White Sulphur Springs road will report what has been done and give an account of all monies received and expended in this behalf. Every person interested in the matter, either by contribution of money or otherwise, should make it a point to be present.

Oranges and lemons just received at Burr & Park's.

Yesterday afternoon Sam LeRoy and Gus Losekamp went in search of the horse and saddle which the former was forced to abandon in his journey to the mountain peak to unfurl the Fourth of July banner, which journey closely resembled and proved almost as perilous and eventful as that of the hero of Longfellow's poem "Excelsior." The horse was found yesterday but was so full of natural cussedness that when held by the pickett rope the animal made a bolt which drew the rope through Mr. LeRoy's hands so rapidly that it left his palms almost covered with blood blisters. The last end of the flag trip and its consequences was almost as bad as the first.

Hair and plaster paris on hand at the Montana Lumber Co.'s yards.

On Wednesday evening ten car-loads of silver bullion passed through Livingston, and last evening twenty-six car loads of the same precious stuff came in from the west. This is a portion of the shipment of 1,000,000 pounds of bullion from the mines in the vicinity of Helena shipped on the 4th of July and bound for the refining works at Newark, N. J. This is the first bullion shipped from Helena over the Northern Pacific, and may be considered the vanguard of many such shipments of precious metals from Montana mines. This, however, is not the first consignment of Montana bullion to pass over the Northern Pacific. During last winter several car-loads of bullion from the Barker mines were shipped from Billings.

Be sure to call at the Montana Lumber Co.'s office and get prices before purchasing building material.

We Notice.

That when complete, the town jail will be as secure as a state's prison.

That railroad travel both east and west shows no sign of abatement.

That the hotels in Livingston are all crowded to their utmost capacity.

That merchants in town are doing a good trade.

That real estate agents are full of business.

That we ought to have a daily mail from Livingston to the Park.

That there is no complaint about the heat these days.

That everyone who comes to Livingston is mightily pleased with the town.

That there is much talk among railroad men that the Benton branch will be started from Livingston before many months.

That the Opera House draws a crowd every night.

NOTICE TO CONTRACTORS.

Bids will be received at my office—where plans and specifications may be seen—until Friday noon, July 15th, 1883, for the erection of a Methodist Episcopal Church in Livingston, Montana. The right to reject any and all bids is reserved. H. T. CEPERLEY, Secretary of the Board of Trustees. Livingston, M. T., July 6, 1883.

New goods arriving at Lawrence & Stuff's hardware depot every day. Get their prices and look at their stock before purchasing elsewhere.

Lawrence & Stuff have secured the services of the only first-class tinner in Gallatin county and guarantee satisfaction in this line to customers.

Gilbert for boots and shoes. Stop into Lawrence & Stuff's and inspect their new stock of silver-plated water pitchers and waiters and glassware, without exception the handsomest in the town.

Card of Thanks.

James Fowlie would thank his many friends in Livingston for their liberal patronage last evening at his opening dance.

Dropped to it.

It is an evident fact from large sales the past week, that the people of Livingston appreciate a large stock of goods to select from, and where they can get goods once more at eastern prices. At Charles Gilbert's Evergreen front, Main street, Livingston.

RIVERSIDE ADDITION,

The best evidence of the quality and popularity of property is in the selection of locations made by actual settlers—parties who bring their families before they buy and are here to stay. We have to-day in Riverside Addition five times as many families who own their property as there are in any other Addition in town. These people come here with their eyes open and money in their pockets. They are under no obligations whatever to any one.

Why, then, do they buy their Residence Lots in Riverside Addition? Simply because it is the pleasantest and most desirable place to live.

**Pure Spring Water,
Grassy Lawns,
Natural Shade,
AND GARDENS**

Without Irrigation,

being among the attractions. We still have choice lots at low prices. I am directly interested in the property and can make you to me to suit your circumstances.

Come and see me before you buy. Correspondence solicited
