LIVINGSTON, M. T., AUGUST 8, 1888.

It will be noticed in our report of the Board of Trade proceedings last evening that a member of that body was appointed to endeavor to secure the abatement of certain dangerous nuisances said to exist within the limits of town. We cannot say of our own knowledge that the specified agents are dangerous in their character, but they were surely considered such by the board. If the influences of these institutions be really mischievous we trust that their owners will use their best efforts for their removal, and as quickly as may be. The public health and the safety of the community are paramount considerations and their preservation always takes precedence of individual convenience.

The week ending August 4th was pregnant with financial disaster, and trade was disturbed from one end of the country to the other. Heavy failures were frequent, stocks were generally depressed, and leading clearing houses report a heavy decrease in clearances for the week. The same state continues through the opening days of the present week. In this there seems a correspondence with the existing telegraphic difficulties. Though it may not be a case of cause and effect, it is a coincidence that cannot but have that appearance. Stocks, particularly those at the mercantile exchanges, decline with every rumor of fresh telegraphic difficulties, and every prospect seems to indicate further weakening while the strike continues.

**TELEGRAPHIC NOTES.**

NEWARK, August 6.—Elliott, a former champion of England, easily defeated George Gaisell, of New York, in a three mile row boat race on the Passaic. The time made was 21 minutes.

St. PAUL, Min., Aug. 6.—W. W. McNair, nominated for governor by the late Democratic convention, declines to accept the nomination, and his successor will be chosen by the State Central Committee.

NEW YORK, August 6.—The officers of the Alabama & Lackawanna railroad say that the order of Mr. Campbell to the operators on that road to leave their posts to-day was not responded to by a single employee.

BOSTON, Aug. 6.—A special to the Journal from St. Albans, Vermont, says: Hon. Bradley Barlow, president of the Vermont National Bank, of St. Albans, also president of the Southeastern Railroad, states that he has failed, and that the bank has closed its doors. Barlow says his embarrassment is due to unsuccessful railway enterprises.

ODESSA, Aug. 6.—At midnight returns from three precincts constituting the city showed that the average Mormon vote cast was 825. As compared with the last municipal election less than one-half of the voting strength of the city was cast. It is stated that not a Gentile vote was cast in the city. Returns from the various counties throughout the Territory up to a late hour to-night indicate that the People's Party, or Mormons, elected everything in every county in the Territory, with the exception of Summit, which is conceded to be close and in doubt. The majority of Gentiles refrain from voting.

LOUISVILLE, Ky., Aug. 6.—Returns from the State election come in very slow. Those received indicate that a light vote has been polled, with no falling off in the Democratic comparative majority throughout the State. So far as heard from the counties usually electing Democratic legislators have done so to-day, while the Republicans have held their own in counties generally carried by them. The majority for Knott for governor will be about 45,000, which statement is based upon returns now in and comparison with the vote in the same counties two years ago. It is impossible to supply detailed returns owing to the telegraphic difficulties. In this city a small vote was polled, but Knott's majority will be 4,000 or 5,000. Solid Democratic delegation elected to the senate and legislature; Thompson, Democrat, re-elected city judge; Henry Clay, grandson of the great Henry Clay, is defeated for the legislature after the hottest political fight ever had here. Both he and Caldwell, who defeated him, are Democrats.

**Additions**

AND MINNESOTA ADDITION,

North of Machine Shops. Very desirable property for investment.

All wishing residence lots, come and investigate for yourselves before purchasing elsewhere, and buy only first-class property. Be sure and do not buy property which will separate you from the best part of the town, and those who have examined the Park and Palace Additions acknowledge them to be far superior to all for residences. We have already sold lots to persons who will build immediately, and in some instances bring their families. We aim to constantly keep houses for sale and rent, thus to accommodate those who wish to go to housekeeping in great haste and not having time to build. We are selling houses very cheap, and wish those who anticipate buying would carefully examine ours, and see for themselves we do not prevaricate.
