LOCAL LAYOUT

J. A. Savage has returned from his attendance at court in Bozeman.

These are fine goods just opened at the St. Paul Clothing Store.

In this issue the fire company advertises for necessary implements.

The last rose of summer is beginning to fade, the first gentle reminder of a heating stove for winter. Lawrence & Stuff have a fine selection.

Mrs. F. F. Fridley has left to spend the winter in Los Angeles, California.

A large stock of fall and winter clothing just opened at the St. Paul Clothing Store.

The Fire company has made arrangements for its dance on Tuesday night, to be held at Wetzstein's Hall.

Go to Matthiessen's three stores for fresh fruit and vegetables of all kinds, confectionery and fancy groceries.

An oyster supper will be given on Saturday evening in Dodson's new building on Main street. Everyone should attend.

Those heating stoves of Lawrence & Stuff are daisies. Call and see them.

Union hall is being fitted up by Galway & Co. for their production of their diorama representing the National Park.—Bismarck Capital.

Lawrence & Stuff are daily receiving their winter supply of heating stoves.

Plenty of antelope are reported in scattering bands of considerable size along Shields river, and up the slopes of the Crazy mountains black-tail deer and elk are being killed.

Gents furnishing goods in great variety and hats and caps of every description including the famous Stetson hat, at the St. Paul Clothing Store.

The trunk thieves—Staples, Shannon, Adams, McGraw and "Scar Faced Charlie," were to have been arraigned for examination at Bismarck on Wednesday last.

What are the wild winds saying—only that winter will soon be here, and that Lawrence & Stuff have received a large invoice of heating stoves.

Col. J. T. Dodge, engineer-in-charge of the Mullan tunnel, and F. J. Becker, filling a like position at the Muir tunnel, spent yesterday with Col. Clough, at the engineers' headquarters.

Go to the Metropolitan bar for a good cocktail or anything in the way of drinks or cigars.

We hear of an offer of \$1,500 being refused for a lot in the business part of Livingston. The property belongs to a St. Paul firm, who are evidently fully alive to the value of lots in this town.

For fine Residence property, for sale or for rent, enquire of Fred Ward, at the First National Bank. Prices reasonable.

The sale of Wright & Holliday's business to Mr. Brown, of Butte, was not concluded. The intending purchaser forfeited \$100, which he agreed to do in case he did not take the property.

Not trouble to show clothing, hats and caps at the St. Paul Clothing Store.

The engineers' headquarters building is, as we understand, to be turned over to the operating department, under the charge of F. L. Richmond. It will probably be used as a private boarding house for the local railroad officers and their families.

War, Old Cap Collier, Wideawake, Lovell's, Franklin square, Munroe's, People's and Sea Side Libraries in great numbers at Mrs. L. E. Dennis' book store, Main street.

It is estimated that the Northern Pacific railroad has carried, this season, no less than three thousand cars of wheat, of which number, it is claimed, two thousand eight hundred and four were taken to Duluth, and only one hundred and ninety six to the Minneapolis mills.

Staple and fancy groceries at N. C. Matthiessen's.

The ladies of the M. E. church are to give an oyster supper and musicale in Dodson's new building on Saturday evening. A most pleasant evening is assured and none should fail to attend. Go and partake of the supper if you have not time to spend the evening.

Fresh Oysters at the Big Horn Stores.

Mr. Dabney, the local member of the firm of Dalney Bros., engaged in stock raising and farming in the valley above Livingston, is arranging his affairs to leave in a short time to spend

the winter months at his former home at Winterset, Iowa. We wish him a pleasant visit.

Go to the Big Horn Stores for fresh oysters. Savage & Elder yesterday sold lot 6 in block 29, for Alfonso F. Ireland to McDonald & Harvat. The consideration was one to establish the fact that Livingston real estate is still firm. McDonald & Harvat will immediately occupy the lot with their meat market.

The best Underwear for sale in the town will be found at the St. Paul Clothing Store.

McDonald & Harvat are about to move their meat market to Main street, next door to Dodson's brick block. At this rate of improvement Main street will soon represent a greater volume of business than any one street in any town or city between St. Paul and Portland. It nearly approaches that standard now.

Mulkern & Sherman of the Metropolitan bar, compound the best cocktail in Livingston.

Smith, Hagy & Co., have secured the lot on the southeast corner of Main and Callender streets, and are now engaged in moving their buildings from Park street to the new location. They have one of the finest buildings and stocks of goods in the town, and Main street will be a gainer by their establishment on the street.

Bankrupt sale of \$2,500 worth of clothing at the auction store, Main street. Clothing almost given away.

Albert B. Curry, of Livingston, who was unanimously nominated by the republican district convention as a delegate at large to the constitutional convention, respectfully declines the honor on account of business engagements. In view of the fact that the nomination was equivalent to an election the reason assigned for his declination cannot but be regarded as good and sufficient.—Courier.

Go to Mrs. L. E. Dennis', Main street, for blank books, stationery, etc.

From present indications it is somewhat improbable that the Muir tunnel will be completed by the first of January next, as had been calculated. The work has lately been through a broken shaly rock that has occasioned trouble. From economical reasons it was not properly timbered and has begun to crumble and cave, and the remedy for this trouble will occasion a delay of perhaps three weeks, prolonging the work of completion to a date about ten weeks hence.

Dr. J. M. Edmunds will open his dental rooms over Douglas & Weirick's drug store on November 6th. He will then be ready to attend to all operations known to the profession. Gold and amalgam fillings a specialty. The best of reference given when wanted.

There is considerable excitement in Cooke City over the extensive deposit of rich ore found in developing the Homestake mine. The body of ore found is reported to be so large that many question its probability, and what is fully as remarkable, it appears to be all smelting ore and assays from \$100 to \$400 per ton in silver. The mine is owned by Geo. W. Smith, a well known blacksmith, formerly of Bozeman, Geo. Huston, Joe Dewing and others, and will doubtless yield to them all a princely fortune.—Courier.

Miss L. E. McClaren has received her fall and winter stock of hats, bonnets, and fancy goods. The ladies of Livingston are invited to call and inspect her stock.

To-morrow the engineer corps, under Col. Clough, will disband for the winter. The colonel will return to his home in Minneapolis; M. G. Grant will winter in Massachusetts where his relatives reside; C. A. Dawar, J. C. Isaacs and T. C. Armitage will go from here to Billings, where all have some property, and from there will probably go eastward. The engineers of the Northern Pacific have been in Livingston throughout the summer, and while all have been too closely engaged with their own duties to mingle in our inter-social life, we shall miss them and there are none whom they leave behind but will regret their departure.

1000 Libraries of all kinds just received by Mrs. L. E. Dennis, Main street.

The Bozeman Courier is greatly annoyed because the Livingston papers claim that Dr. Newcomb's smelter will benefit Livingston, and further states that the smelter was located at Chickory so that it would be handy to his home in Bozeman. We have yet to learn that the gentleman has or ever will make his home at Bozeman. He says he is going to build a residence at Chickory, and we regard him as pretty good authority upon his own affairs. As the smelter and the adjacent mines are only an hour's ride by rail from Livingston and are about thirty miles by mountain trail from our sister

town, the chances seem favorable for benefit from working them resulting to this town rather than to any other. The mines of Gallatin county are cut off from Bozeman by a great natural dividing line.

District Court Doings.

BOZEMAN, Oct. 24, 1883.—Third day of court.—Beside the cases of Christie and Gillette and Downs the time of the court was occupied during the day with the trial of John McMahon, of Livingston, for shooting and wounding Thomas Riley at Livingston in August last, with intent to kill the said Riley. The case will be submitted to the jury this evening.

CORRESPONDENT.

We are glad to see that E. Callaghan, of Stebbins, Mund & Co.'s bank, has returned from his sojourn at Hunter's Hot Springs and White Sulphur Springs, much improved in health.—Herald.

Evans & Plummer
