Business Reverses.

Information from Benton states that W. S. Wetzel & Co., of that place have assigned to the Bank of Northern Montana, one of their heaviest creditors. The firm's liabilities are variously stated at from \$120,000 to \$140,000, of which about one-third is due Montana creditors, mostly banks, and the balance to eastern dealers. Attachments are being filed by territorial creditors, and they will probably secure themselves against all loss. The assets are very large, and it is believed will almost, if not quite, cover the debts of the firm. Wetzel & Co. was one of Benton's heaviest general merchandise concerns, and was regarded as very substantial. Losses by the Barker failures and a dull season's trade are stated as the cause of the suspension.

Private intelligence received this morning by letter to the ENTERPRISE from Dillon states that on Monday last two heavy failures occurred in that town. Kirkpatrick Brothers, general merchants, and E. W. Butts, furniture dealer, both assigned, and another big firm, whose name is not given, is regarded as shaky. It was thought that Kirkpatrick Brothers might relieve themselves of their difficulties and resume business, but the other was hopelessly involved.
