Insurance!

Six of the oldest and strongest companies doing business, which personal acquaintance and experience enables me to endorse. Good policy forms that insure prompt payment on honest losses.

Office on Park St., Livingston.

PRESIDENT CLEVELAND.

Providence Has Smiled on this Country
Once More,

And Victory Has Perched on the Banners of the Democracy.

In Spite of Republican Expressions of Doubt We are Delivered from Blaine.

In the South They Burn the Red Shirt and Shout the Joy of a People Emancipated a Second Time.

THE RESULT AS IT IS.

Associated, press telegram 7th, 1 a. m.:

The official vote by counties cuts down Blaine's plurality, and by districts it would indicate that Cleveland will have a plurality in the state. The official vote of 56 counties gives a plurality for Blaine of 59,384; Cleveland, 69,207. An estimate on the four counties not in gives pluralities for Blaine of 1,214 and 487 for Cleveland, which would give Cleveland a net plurality in the state of 931.

Mr. A. S. Gorman, chairman of the national democratic executive committee, telegraphed yesterday to Major Martin Maginnis that he believed that though New York was close he believed the party had carried it together with Indiana, Connecticut and New Jersey.

A call was issued yesterday afternoon by Cleveland and Hendricks campaign clubs for a meeting this afternoon in front of the Washington statue, New York, to take action in regard to the probability of a scheme to defraud Cleveland of the election. The meeting was afterward postponed—an indication that the necessity had departed. All New York papers yesterday morning, except the Tribune, conceded Cleveland's election. The Evening Post said "Cleveland President—his election is assured."

D. C. Manning, chairman of the democratic state committee of New York yesterday afternoon issued the following: "By the official returns reported from every county, Cleveland and Hendricks have carried New York State by a safe and sure majority. No machinations, false claims or reported frauds of Blaine's managers can change this result. The friends of honest election can be everywhere assured that the Democrats of the State Board of Canvassers will see that the true vote is correctly declared."

Bulletins received at Livingston during the day indicate that Cleveland has carried New York by 800 to 1200 plurality. This insures his election as president.

This morning Jay Gould sent the following message to Gov. Cleveland: "I heartily congratulate you on your election. It is conceded by all that as governor of New York your administration has been wise and conservative and in the wider field as president you will do still better. The best interests of the country are safe in your hands." This telegram when posted on the bulletin boards in New York created the wildest excitement.

On Wednesday Charles A. Dana, of the New York Sun (opposition to Cleveland) telegraphed the following: "I believe that James G. Blaine is beaten. I base my belief on the fact that the returns are held back. This indicates that the news is not satisfactory to those who control the Associated Press. Butler got a large vote and I am satisfied with the result."

This morning J. H. McInerney, of Livingston, had a telegram from P. H. Kelly, of St. Paul, the most prominent democrat of Minnesota, saying that he had received

liable advices that Cleveland had carried New York and was elected.

At 1:15 p. m. the Western Union bulletin boards in New York said "Cleveland and Hendricks are elected."

The New York Evening Journal (republican) and the Herald (independent) at 2 o'clock this afternoon admitted Cleveland's election.

The report of a riot and fire in New York this afternoon must have been manufactured as the operators here say no such telegram has gone over the wires.

3:30 p. m.—Still the Cleveland bulletins keep pouring in. Nothing but democratic reports now; the republicans have stopped sending out "bluff" reports. One says that 500 has been added to Cleveland's plurality in New York. A. P. Gorman, chairman of the executive committee of the democratic national committee sends out his official assurance that Cleveland has carried New York, Connecticut and New Jersey and is elected. In the south the inhabitants are having a gala day over democratic success. In the capital of Georgia a great and enthusiastic crowd took the legislative halls by storm, forced the legislature to adjourn and join them, seized Gov. McDaniel and bore him aloft to some distance and then burned a red shirt they had been bearing. This as a token that the "red shirt" will no longer be waved.

VERY CLOSE.

The Territory Cannot Yet Be Considered Certainly Democratic.

Helena telegraphed the following county majorities on delegate to congress this morning:

	Toole.	Knowles.
Choteau	120	
Jefferson	200	
Gallatin	65	
Lewis and Clarke	73	
Deer Lodge	75	
Dawson		125
Yellowstone		75
Beaverhead		100
Missoula		150
Silver Bow		80
Totals,	533	530

Majority for Toole, 3.

Custer, Meagher and Madison yet to hear from. Custer county two years ago gave a democratic majority but may give a small republican majority this year. Meagher county will give a good democratic majority. Madison county was republican two years ago but is somewhat in doubt this year. The returns received at Helena up to this morning cannot be considered exactly reliable as in every county there must necessarily be precincts that had not then had time to make returns. We yet believe that Toole is elected by a good majority.

The Crows and Their Reservation.

Of the 4,713,000 acres belonging to the Crows at least one million acres are capable of the highest cultivation. Yet, during all of last year and up to the present date, there were but ten acres cultivated by the Government for the Indians, and 125 acres tilled by the Crows themselves without assistance from anybody. From the 125 acres handled by the Red Men were obtained about 1,500 bushels of vegetables, which were consumed entirely by themselves. Last year the Crows put up thirty-five tons of hay and cut over 300 cords of wood. The winter months, as is the custom among all tribes, were spent in hunting for game among the mountains and on the plains.

Corrected Returns.

A telegram from Bozeman says that full returns show the election of George R. Nichols to the legislature in place of W. M. Martin. The legislators from this county will therefore be Frank K. Armstrong, councilman; J. M. Robinson, Alfred Myers, and George R. Nichols, representatives—all democrats but Nichols. T. P. McDonald, democrat, has been elected assessor and Miss Hamilton, independent, county superintendent of schools, and the balance of the county officers will be republicans. Hon. Joseph K. Toole carried the county for delegate in congress and Blake for district attorney.
