EIGHTEEN MAJORITY

In the Electoral College is How Cleveland is Fixed.

New York, Indiana, Connecticut, New Jersey and the Solid South Are With Him.

The Republicans Are Taking Their Medicine Like Men.

POLITICAL NOTES.

Stephen Grover Cleveland will be next president of the United States. He has carried New York, Indiana, Connecticut and New Jersey—66 electoral votes which, added to 153 from the south, gives him 219 in the electoral college—a clear majority of 18. No expressions of doubt, no monkeying with the returns will change these figures to Cleveland's defeat. He—the candidate of the democrats of the United States—will be the next president.

INDIANA.

On a basis of the latest official returns reported, Indiana has given a Democratic plurality of 5,500. E. D. Banister, of Indianapolis, yesterday telegraphed S. T. Hauser, of Helena, "Indiana eight thousand and plurality. Cleveland's plurality conceded to be thirteen hundred in New York. Glory!"

NEW JERSEY.

The New Jersey state republican committee has received reports from all the counties of the state. They show a plurality of 3,262 for Cleveland.

CELEBRATE TO-NIGHT.

W. H. Barnum, chairman of the national committee, yesterday issued an address to democrats of the United States, which concludes as follows: "Let them (the republicans) understand that you will recognize at noon to-morrow throughout the United States the actual election of Cleveland and Hendricks by firing national salutes. Meet to-morrow night throughout the country and express your opinions in a manner that cannot be misunderstood. Men of New York are resolved not to submit to the gross outrages attempted to be perpetrated upon their rights, and will speak for themselves."

BLACK JACK MUST GO.

A dispatch from Congressman W. M. Springer, of Illinois, to Hon. W. B. Hundley, mayor of Helena, says: "Oglesby (republican candidate for governor of Illinois) is probably elected, but the legislature is democratic on joint ballot." As a successor to John A. Logan in the senate is to be elected by this legislature of Illinois, Logan will hardly succeed himself.

THE NEXT CONGRESS.

The New York Herald gives the following as the complexion of the next house of representatives: Democrats, 185; republicans, 138; people's party, 2; democratic majority, 45.

CONFIRMATORY ITEMS.

John Kelly tells the people to rely on it that Cleveland has carried New York by over 1,300 plurality and is elected president.

Gen. Carr, secretary of state of New York, and a republican, says: "There is no chance of stealing this state not as long as I have charge of the affairs. I don't propose that anybody shall steal the state. If Mr. Cleveland has a plurality large or small he will get it. The same is true of other candidates. I don't propose to play any Southern game. No matter whether it's friend or foe with me he has to have his justice."

The Associated Press last evening gave the following result of a careful revise of figures in New York: For Cleveland, 559,886. For Blaine 558,426. Plurality for Cleveland, 1,460. There are 18 districts from which returns are yet behind or questioned. These in 1880 gave Garfield a plurality of 736. The counties in which are the lacking districts are Essex, Madison, Saratoga, Sullivan and Ulster.

BULLETINS TO-DAY.

Private advices received in Livingston to-day state that Cleveland's plurality in New York is about 2,500. A bulletin

received this afternoon says it will be about 1,400. The Evening Journal of Albany, N. Y., claims to have discovered a fraud by which one of the wards of that city may be thrown out, and if so Cleveland would lose 388 votes. It is not at all probable that he will lose these votes and if he should he can well stand the loss.

The votes in each county will be canvassed next Tuesday by the boards of supervisors. This work is merely clerical—adding up the figures—and will not change the result.

Custer and Dawson.

W. H. Dunne telegraphed the Helena Herald as follows from Miles City: Knowles has 23 majority in Miles City and Blake 60 majority. The county will probably offset Knowles' majority. Savage has 150 majority in the county. Brandenburg (Dem.) for treasurer, has fully 100 majority. The democratic county clerk, Luther Dear, has 200 majority. The democratic representatives are elected. The balance of the county ticket is divided between the two parties. The majority in Miles City for the constitution is 589. Dawson county elected the republican ticket excepting three nominees and Vivion for district attorney, who received 40 majority. The majority against the constitution in Dawson county is 240.

Blake Elected.

Judge H. N. Blake was on to day's Atlantic express on his way to attend district court now in session at Miles City. He says he is elected district attorney of this (the First) judicial district by a majority of about 200.

Toole Elected.

Hon. Joseph K. Toole is elected by a majority of over 200 votes and possibly as high as 400. He carried Madison county by 93 of a majority—a county that was heavily republican at last election. Livingston democratic, Gallatin county democratic, Montana democratic, and the United States democratic; what more could be desired.

Myers Not Elected.

We judge that Nichols has been elected to the legislature in place of Alfred Myers instead of Martin. That Myers be defeated is a consummation devoutly to be wished.

Texas Siftings: Kosciusko Murphy is not a very well informed young man, but he never misses an opportunity of having his say, and he frequently puts his foot in it. A few days ago two Austin gentlemen were talking in a restaurant.

"I hardly think Gen. Wolsley will get over the cataracts," said one of them.

"As I understand it the cataracts are to be removed," responded the other gentleman.

"Then he will get over it," interrupted Murphy, who was sitting at a table close; "I had an uncle who had two cataracts removed, and he got over it."

Shot and Killed.

A special dispatch to the Independent from South Fork, this territory, says: Craig the saloon keeper shot and killed instantly, "Yellowstone Jim," or J. Sullivan, in a drunken row this morning, shooting him six times.

Winter Sports in Dakota.

Mandan Pioneer of the 5th: "There has been some very good skating on the Heart during the last few nights, and the young folks have taken advantage of it. On Monday night some young ladies and young men living on the Syndicate went to skate on the slough, and fell through the ice. They got a good ducking, but beyond this sustained no injury." This is very interesting when we consider our warm and exquisitely pleasant Montana weather.

Missoula Times: Messrs. C. W. Sedgwick and C. B. Sanders returned Sunday from Anaconda, where they disposed of a drive of 109 hogs, on foot, at 7½ cents, realizing a total of \$1,525. The hogs were shipped from Missoula to Garrison by railroad, and the remainder of the distance were driven, the latter making a saving of between thirty and forty dollars.
