SENATORS' FINE PLAYING

Mr. Wagner Well Pleased With His Team's Fast Work.

HAVE STRUCK THEIR GAIT

The Whole Aggregation Giving the Twirlers Good Support—The Second Game Between Washington and Pittsburgh Today—McJannet Will Probably Oppose Hawley.

The work of the Washington team the last four days of the past week fully demonstrates that the club knows how to play the game in the manner it should be played—a fact the loyal rooters have believed from the start.

Mr. Wagner is especially well pleased with the fast playing of his aggregation, and while he is not throwing any bouquets at himself, the look of satisfaction that rests on his countenance these days is sufficient evidence that he is on pretty good terms with himself as a manager.

The winning of the first game after the change in the management of the club was not considered by the faint-hearted to be a great feat—in fact, it was no more than was expected—but when victory followed victory until four straight were recorded, it had to be acknowledged that the new elixir injected into the Senators was the "proper stuff."

With the improved playing of the team as a whole should come a reversal of form among the pitchers. The support of the box artists is right up to the standard, and cannot fail to spur them on to their best efforts.

The victory over Donovan's Piratical crew from Smoketown on Saturday was doubly gratifying, as "Burgie" Hall, killed pitched for Pittsburgh. The ex-Senator has gone down to defeat before the local team high times he has essayed to twirl against them, and he may ask another chance to go in the box for the Pirates before the present series closes, as Frank is a very hard loser, especially in a town where he is as well known as he is in this city.

GAMES TODAY.

Pittsburgh at Washington.
Louisville at Baltimore.
Cincinnati at Boston.
Chicago at Brooklyn.
St. Louis at New York.
Cleveland at Philadelphia.

DIAMOND DUST.

Pittsburgh will have to win five games in Washington and Baltimore to make good the Leader's prediction of six victories on the trip—Pittsburgh Leader. The chances are that the Pirates will go away from Washington with three defeats.

Manager Lawson's prediction that clean and sharp fielding and good pitching would make up largely for weak hitting has not been fulfilled. The pitching and the fielding have been there all right in a majority of the games, but the other teams have won the games by small scores simply because the Pittsburgh players couldn't hit the ball when it was meant to.

Steve Brodie got a fatherly letter from President Young the other day, in which he told Walter he should be more careful when addressing the umpires, as his language was not the best. "Steve" did not like the letter, and sent it back to Uncle Nick with a letter, in which he stated that his correspondence had become so voluminous that he did not have time to read all his mail, and that hereafter, if he wished to address him on any subject that he would have to do so through the public press.

Wilbert Robinson is Walter Brodie's beau ideal of a backstop. "Robbie," declared the old veteran, is the brainiest catcher in the League today, and is better posted on the weaknesses of batters than any other backstop in the country. Robinson has done more than his share toward making successful pitchers of the Baltimore twirlers and the way they have been hit since he went to the bench is a good illustration of what he is out of the battery combination his counsel is missed.

Pitcher Doherty has been suspended for two months by President Freeman. The cause is insubordination, breach of discipline and interference with other members of the team. For some reason, which may be easily guessed, he has shown a disposition to vent a good deal of spite upon Seymour while in practice. Saturday, on a trivial pretext, it is said he threatened to assault the young pitcher. Later he has been quarreling with Davis and every member of the nine who he thought failed to support him when he pitched. Joyce could not control or curb him.

However, Washington is dispensing pennant ball at present, and, as Hugh Nicol, manager of the St. Louis club, said last night: "They are fit to give Baltimore and Boston a warm argument."

The releases of Schmelz and Cartwright, and the addition of the peppery Tucker, has infused new life into the erstwhile solemn Senators, and they are playing so lively that even their best friends are surprised. As to the pitchers, they have put up their handkerchiefs and gone into retirement—else to the bleachers, where they are rooting their lungs loose from their chests—Washington Special in Pittsburgh Leader.

The Pittsburgh Dispatch says: The matter of great importance to Pittsburgh patrons of the game has been the continued bad showing of the local team. To say the least, the team has, since it left home, been in a very bad condition; but as to whom to hold responsible for this condition of things, is another matter. One can hardly lay the blame on the management, for the great defect has been the usual lack of hitting. It is hardly fair to argue that a manager can make a man hit the ball when he is not able.

Some of the best players on the team have "fallen" to pieces, and in many respects have shown themselves to be quitters of the rankiest kind. A quitter is the worst kind of a ball player, and gets less respect from the public than the worst player on the diamond who is a game man. Doubtless has proven himself to be a quitter of the rankiest kind.

TWO BOUTS IN BALTIMORE.

Jim Janey, of This City, in the Preliminary Event.

Baltimore, June 14.—Interest in the Burley-Ryan contest, which takes place before the Eureka Athletic Club next Thursday night, June 17, is increasing daily, as it will be the greatest battle between two big men seen in Baltimore for many years. Both men are working at their training quarters and are conditioning themselves for a long go.

Ryan, who is a newcomer in pugilistic circles, is an aspirant for championship honors in his class, and cannot see where he will have much trouble mastering the Californian.

The preliminary bout will be between Jim Janey, of Washington, and Pepper Griffin, of Cincinnati. Janey gives every promise of being heard from in the near future, and if successful in his bout Thursday night will go after Walcott or Tommy Ryan.

The two contests will mark the opening up for the summer of the Eureka Athletic Club, which promises to present some interesting contests during the heated term.

LOWERED PARK'S RECORD.

Henry Smith, of Baltimore, Does Some Fast Wheeling.

Harry Park's record of two hours and thirty minutes between Washington and Baltimore, which so many have tried to lower and failed, has at last been broken. The successful rider was Henry Smith, of the Monumental City, who has succeeded in lowering a number of records recently.

Yesterday Smith rode from the foot of the Capitol steps, east front, to Gwynn's Falls Bridge, the edge of Baltimore city, in 2 hours, 3 minutes and 15.1-2 seconds. The distance is about forty miles.

Mr. Isaac Horner, proprietor of the Burton House, Burton, W. Va., and one of the most widely known men in the State, was cured of rheumatism after three years of suffering. He says: "I have not sufficient command of language to convey any idea of what I suffered. My physicians told me that nothing could be done for me, and my friends were fully convinced that nothing but death would relieve me of my suffering. In June, 1894, Mr. Evans, then salesman for the Wheeling Drug Co., recommended Chamberlain's Pain Balm. At this time my foot and limb were swollen to more than double their natural size, and it seemed to me my leg would burst, but soon after I began using the Pain Balm, the swelling began to decrease, the pain to leave, and now I consider that I am entirely cured. For sale by Henry Evans, Wholesale and Retail Druggist, 938 F street northwest, and Connecticut avenue and 8 street northwest."

PUT A SNAKE IN HER BED.

A Farmer Charged With Malicious Conduct Toward His Wife.

New Castle, Pa., June 14.—Putting a live snake in his wife's bed was one of the charges on which R. S. Cunningham, a Slippery Rock farmer, was yesterday arrested and entered bail. On another occasion, she says, he put a live toad in the bed, and later on some snaky stuff in her coffee. She is afraid he will kill her.

Cunningham about a year ago advertised in a Pittsburgh newspaper for a housekeeper. The advertisement stated that she was wanted more as a companion than anything else. A pretty widow of Pittsburgh answered the advertisement, and came to live at the Cunningham home.

Mrs. Cunningham did not like this arrangement, and on account of the attention bestowed upon the widow by her husband, family trouble followed. Cunningham wanted his wife to leave, it is said, but she refused. Finally matters resulted in the pretty widow going back to Pittsburgh.

Cunningham subsequently sued for divorce, on the ground of cruel and barbarous treatment, but couldn't prove his charge, and the case was dismissed.

"Bank Busted."

That's a remark heard quite often. If you have not been a depositor of commodities in one of these infamously concerns, you don't know the tortuous feeling it gives you to see the savings of hard work and years swept away, and nothing to show for it.
